

# ***ART ELEMENTS***

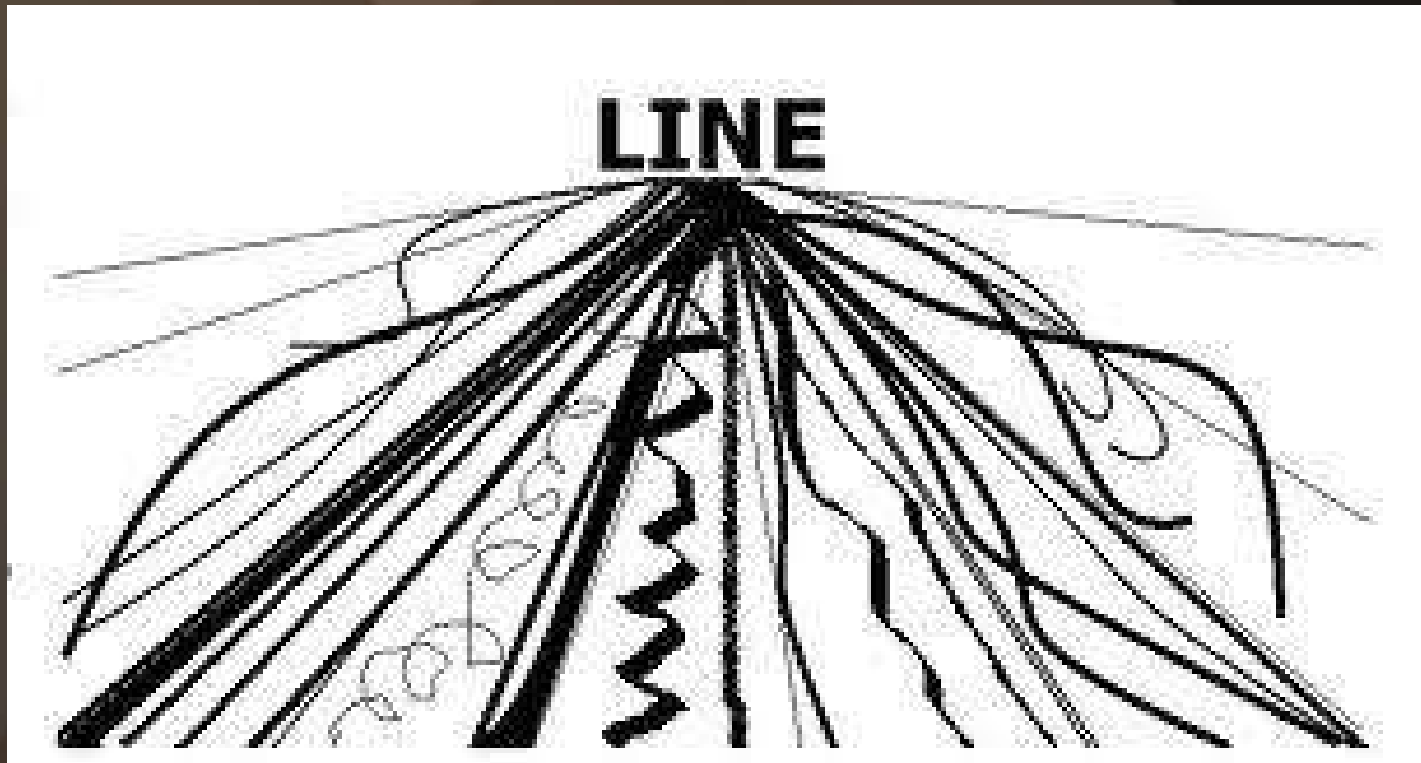

- Line
- Shape
- Space
- Form
- Value
- Texture
- Color

# ***WHAT ARE ART ELEMENTS??***

- Art Elements make up nearly everything found in a piece of Art.
- A piece of Artwork can have 1, 2 or even ALL 7 of the Art Elements.
- Art Elements are the basic fundamentals of ART.

# ***LINE***

- A dot that went for a walk.
- LINE can be shown in a variety of ways.

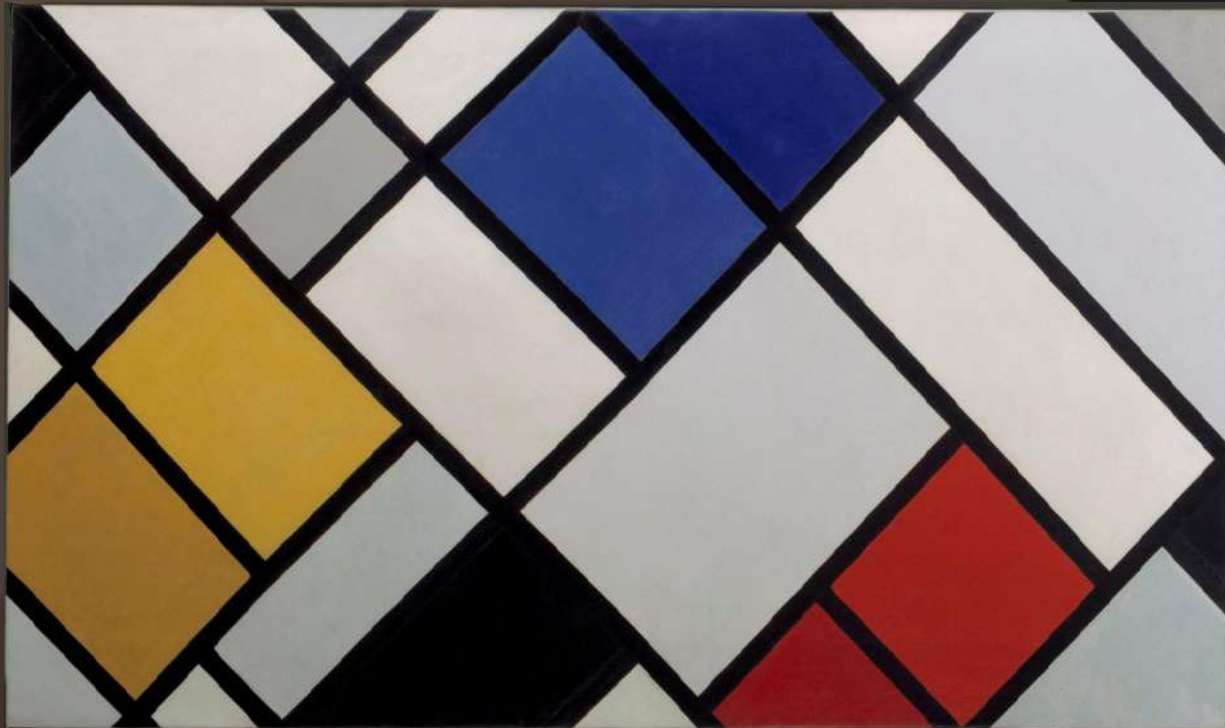

# ***LINE***

- Line can be found in almost every drawing and painting.
- CAN YOU IDENTIFY LINE IN THIS DRAWING???

# *LINE*

- HOW ABOUT THIS PAINTING...
- CAN YOU IDENTIFY LINE???

# LINE

- EVEN THIS PAINTING???

# ***SHAPE***

- An area enclosed by line.
- Nearly all artwork has some sort of SHAPE.
- Shapes come in all sizes and vary in each individual artwork.

# ***SHAPE***

- Shapes can also be found in the majority of artwork. Especially in 3-Dimensional Art.

# ***SHAPE***

- Can you find the shapes in this Painting?

# ***SHAPE***

- How about this drawing?

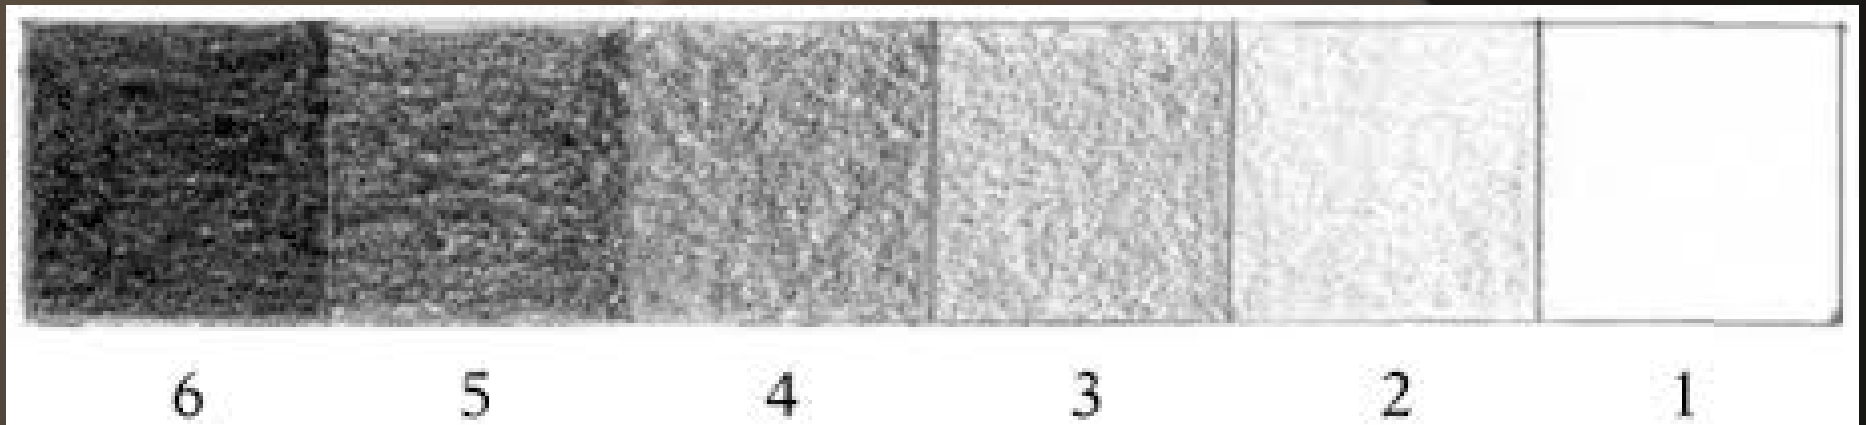

# VALUE

- The lightness or darkness of a surface.
- Value can often mean the *tint* or *tone* of a color.
- Value can be added to 2-dimensional objects to make them 3-dimensional.
- The amount of light that hits a surface, often times effects the VALUE.

# *Value Scale*

- A range of values that transition from dark to light.

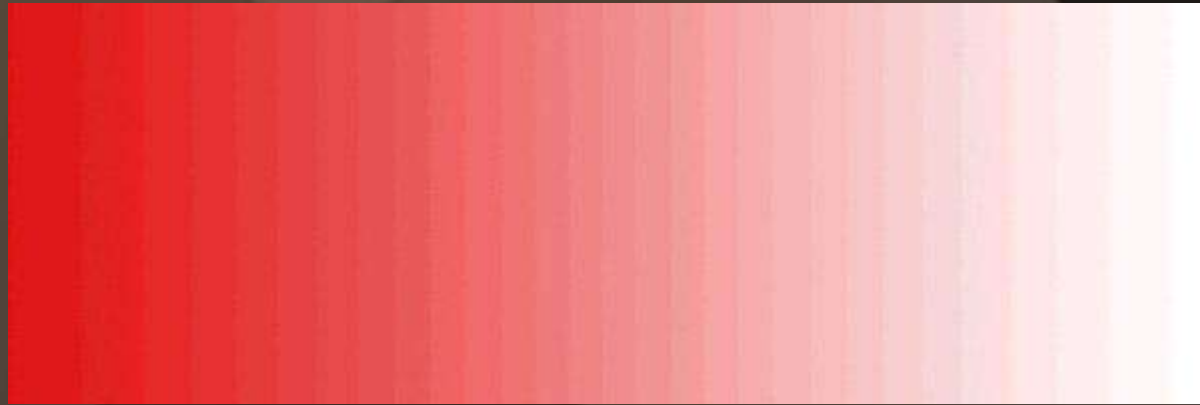

# *Gradation*

- Gradation scale- is a transition from dark to light.

# *Gradation*

- Gradation scale- is a transition from dark to light.

# ***VALUE***

HOW DOES THIS ARTIST USE VALUE????

# ***TINT vs SHADE***

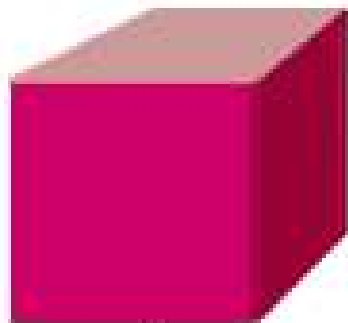

- Tints and shades are often added during a painting.
- Tints- are typically added to show light hitting a surface.
- Shades- are typically added to show shadows.

# ***FORM***

- 3-Dimensional OR occupying space.
- Often times has value and/or casts a shadow.

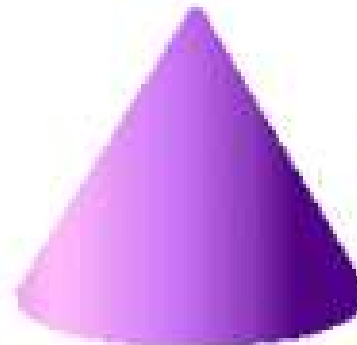

*sphere*

*cube*

*cylinder*

*cone*

*pyramid*

# *Form*

- Form can be found in the majority of Sculptures, ceramics, architecture or any other 3-dimensional artwork

# ***FORM***

- Form can also be found in 2-Dimensional artwork, such as drawings, painting, printmaking or photography.

# ***SPACE***

- The illusion of objects having depth on a 2-dimension surface.
- Space is often shown by:
  - Overlapping objects
  - Changing the size of objects
  - Having a foreground, middle ground and background

# SPACE

- How does this artist create the *illusion* of space within this painting.

# ***SPACE***

- Space can also be shown in other 2-dimensional artwork such as photography, printmaking, drawing or etching.

# ***SPACE***

- How does the artist show space within this painting?

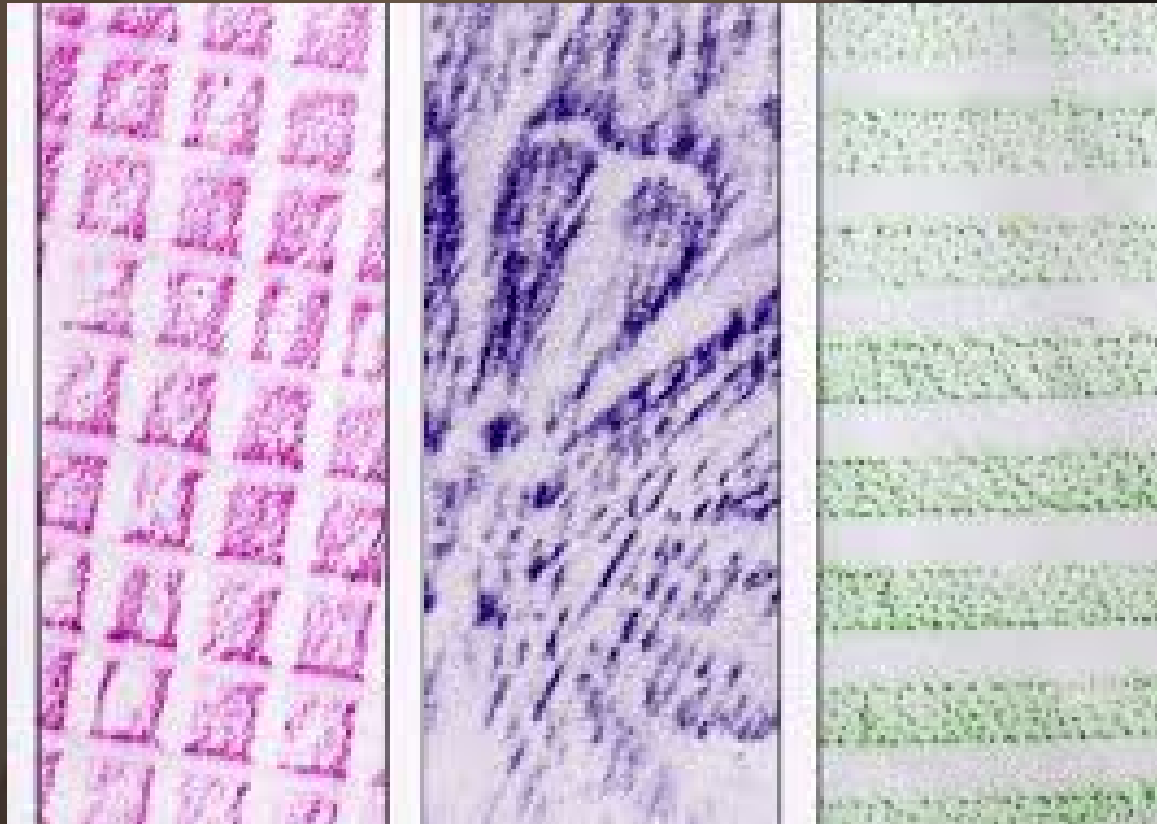

# ***TEXTURE***

- Texture is the implied feeling on a 2-dimensional surface.
- Texture recommends that an object has a certain feel
