

Name: _____

Athlete Profile Project

Directions: You are going to create an athlete profile sheet to celebrate Women's History Month! Your profile needs to include the following:

- Athlete's Name and sport (and team if applicable)
- Image(s)
- Physical stats
 - Age, height, nationality, etc.
- Education Information
- Net Worth (if you can find it!)
- Career Highlights (at least 4)
- Endorsements, marketing collaborations, etc.
- Impact/Challenges/Legacy
 - What impact did they have on their sport and/or society?
 - What challenges have they faced in their careers (collegiate or professional)?
 - What is their lasting legacy?
 - How do they inspire other people?

Once again, you will create this in Canva!

Directions:

1. After you login, click "Templates" on the left hand side of the page
2. Click "Flyers"
3. From there, you can scroll through the templates and pick one! Or you can narrow it further by clicking the search bar at the top and type in keywords to help you narrow down the templates (try words like "resume" or "profile" or "athlete")
4. From there, you can edit the template to make it your own! Have fun with it!
5. When you upload an image of your athlete to the flyer, Canva has a background remover embedded in their program
 - a. Click on the image, and this menu should show up:

- b. Click "BG Remover" to remove the background. **If that doesn't work, you can use the bg remover website we used for the Oreo project.**
 - c. You can also use this bar to make other edits to your images.

Rubric

Athlete's Name and sport (and team if applicable)	____/2
Image(s)	____/2
Physical stats	____/2
◦ Age, height, nationality, etc.	
Education Information	____/3
Net Worth (if you can find it!)	____/2
Career Highlights (at least 4)	____/4
Endorsements, marketing collaborations, etc.	____/4
Impact/Challenges/Legacy	____/5
Organized, neat, eye-catching	____/6
Total Points	____/30
