

AP MUSIC THEORY
Summer Work 2022

Students are required to read through and take notes on the first seven chapters of *The Musician's Guide to Theory and Analysis*. Notes will be graded upon returning to school. We will quickly run through each chapter to confirm mastery before assessments. If you have any questions about the work over the summer, please feel free to email Mr. Williams at williams.brian@robbinsville.k12.nj.us.

****Please email Mr. Williams for a PDF version of the textbook chapters you need to read over the summer.
