

AP Physics 2
Summer Assignment 2021
(34 total points)

The summer assignment is due by the first day of class (Thursday 9/2 A Day, Friday 9/3 B Day). If it is turned in anytime after the first day of class, it is late and only half credit will be given. The assignment will not be accepted after the second day of class. It will count toward your 1st marking period grade, and points will be awarded for correct answers only.

1. Complete the following Review Assignments. All assignments will be posted in our summer Google Classroom.

- a. Kinematics Review (16 pts)
- b. Dynamics Review (11 pts)
- c. Work and Energy Review (7 pts)

2. Mark your multiple choice answers on the google forms I will provide on Google Classroom. For free response questions, show all work and circle your final answer (including units). Submit pictures of your work on Google Classroom.

3. Using 10 m/s^2 for gravitational acceleration is acceptable.
