They've transitioned two students from the elementary to the middle school. During PIR we'll conduct MANDT training for all employees. The SAM conference offered Rural Teacher Mentorships so they signed Jessie and Susie up for a rural mentor. It's a two-year program if they're selected with a small stipend.

DRAFT

**High School Principal/Athletic Director:** Graduation will be moved back to Sunday, May 19<sup>th</sup>, 2024.

**Business Manager:** Belinda, Summer conference was excellent. We had 52 new Business Managers with ¾'s of them being on the job 3 days – a couple of months. I was sworn in as the President of MASBO at the end of the conference. I received my June reports from the county so I'm working on entering them into the TFS. The county hasn't released the Taxable Values yet. Once they're released then we can work on the budgets. MCEL will be in Billings October 18-20, 2023. I have rooms reserved at the DoubleTree by Hilton Billings. Please let me know your intent so I can register and or cancel rooms.

**Superintendent/Transportation/Facilities:** Dave, the buildings look the best they have been in the last 5 years. Everything is up and working. We're not in the running for an electric bus. Dave feels with all the other district being awarded someone may be looking to sale some of their fleet. The hope is to find something with low miles and is wheelchair equipped at a reduced rate. No ag teacher, they took a job in Laurel. All other positions filled.

### Topic:

Public Comment Board Policy 1441 and 1420F

### Discussion:

#### Audience Participation

The Board recognizes the value of public comment on educational issues and the importance of involving members of the public in its meetings. The Board also recognizes the statutory and constitutional rights of the public to participate in governmental operations. To allow fair and orderly expression of public comments, the Board will permit public participation through oral or written comments during the “public comment” section of the Board agenda and prior to a final decision on a matter of significant interest to the public. ### Recommendations:

#### Notice Regarding Public Comment

Montana law requires school districts and other public agencies to include on the agenda for public meetings an item allowing public comment on any public matter not otherwise specifically listed on the agenda that is within the jurisdiction of the agency. The public comment portion of the agenda is not the time designated to hear items that are specifically listed/identified on the agenda. For those individuals who desire to address the Board during the public comment portion of the meeting, if you haven’t already done so, please sign your name to the sheet and indicate the general topic on which you will be commenting. The Board Chairperson will call individuals to speak in the order listed on the sheet provided. Please state your name prior to beginning your comment. There will be an opportunity for citizens who have not signed in to comment at the conclusion of the comment period. The Board would like to remind everyone in attendance to avoid violations of individual rights of privacy when providing comment. The Board is not authorized to hear comments on contested cases or other adjudicative proceedings. By law, the District cannot take any action on any matter discussed during the public comment portion of the meeting as those matters are not specifically noticed on the agenda. The Board may take a matter raised during the public comment period under consideration for inclusion on a future agenda. In accordance with Montana law, citizens have the right to comment on an item that is specifically listed on the agenda. Citizens will be permitted to do so when the item comes up for discussion and action. The board chair will indicate when the public has the opportunity to comment prior to board action on a particular agenda item.

Personnel Hiring 2023-2024 School Year

Coaching

### **Background:**

Hiring Process and Criteria

The Superintendent is responsible for recruiting personnel, in compliance with Board policy, and for making hiring recommendations to the Board. The principal will initially screen applicants for educational support positions. The District will hire highly qualified personnel consistent with budget and staffing requirements and will comply with Board policy and state law on equal employment opportunities and veterans' preference. All applicants must complete a District application form to be considered for employment. Every applicant must provide the District with written authorization for a criminal background investigation. The Superintendent will keep any conviction record confidential as required by law and District policy. Every newly hired employee must complete an Immigration and Naturalization Service form, as required by federal law.

Every newly hired employee must provide the school district documentation of the results of a tuberculin skin test done within the year prior to initial employment, along with the name of the tester and the date and type of test administered, unless the person provides written medical documentation that he/she is a known tuberculin reactor.

The District requires its' contracted certified staff to hold valid Montana teacher or specialist certificates endorsed for the roles and responsibilities for which they are employed. Failure to meet this requirement shall be just cause for termination of employment. No salary warrants may be issued to a staff member, unless a valid certificate for the role to which the teacher has been assigned has been registered with the county superintendent within sixty (60) calendar days after a term of service begins. Every teacher and administrator under contract must bring their current, valid certificate to the personnel office at the time of initial employment, as well as at the time of each renewal of certification.

The personnel office will register all certificates, noting class and endorsement of certificates, and will update permanent records as necessary. The personnel office also will retain a copy of each valid certificate of a contracted certified employee in that employee's personnel file.
