## Elizabeth City State University

As a constituent institution of [The University of North Carolina System](#), Elizabeth City State University offers baccalaureate, professional, and master's degrees for a diverse student body. Our mission is to promote economic, social, and environmental progress for the people of northeastern North Carolina, the state, and the nation.

We achieve our commitment to the highest quality education by maintaining a rigorous focus on academic excellence through liberal arts programs and using innovative and flexible technology-based instruction models to enhance our signature areas: integrating technology with education, improving human health and wellness, and advancing the natural and aviation sciences.

## Chowan University

Chowan University is a Christian educational institution founded in 1848 by Baptist families and named Chowan – which means “people of the south” – to honor the Native American Algonquin Chowanook tribe. For over 170 years, Chowan has enjoyed a long and distinguished tradition of faith and education in Northeastern NC.

We strongly encourage all students and their families to visit campus throughout the admissions process. You can schedule a campus visit [here](#). Many of our students are first-generation college students, which means their parents did not attend college or complete a college degree. Because of Chowan's commitment to individual attention in a Christian environment, these students thrive at Chowan University.
