

Remote Learning Schedule 2020-2021

*This is for Remote Academy Students and Plan C Students

Please note that each 60 minute core content block and 70 minute Elective Block will include 30-40 minutes of synchronous learning and 20-30 minutes of asynchronous learning. Teachers will be actively engaged with students for the entire 60-70 minute block in whole group and small group instruction.

***Students will be expected to be in every block daily starting at 9:00 am - 4:00 pm. Attendance will be taken in every block, including their official attendance in Power School during Thunder Time at 9:00 am.**

What is synchronous and asynchronous learning?

Synchronous Learning - Synchronous learning is any type of learning that takes place in real-time, where students are engaging and interacting in learning simultaneously with the teacher. This means that the student, classmates, and instructor interact in a specific virtual place, or in person, through a specific online medium, at a specific time. It's **not** exactly anywhere, anyhow, anytime. Methods of synchronous online learning include video conferencing, teleconferencing, live chatting, and live-streaming instruction.

****Synchronous learning will be approximately 30 minutes daily***

Asynchronous Learning - Asynchronous learning happens during a portion of their instructional block. While the student's course of study, instructor or degree program will provide materials for reading, instruction for viewing, assignments for completing, and exams for evaluation, the student has the ability to access and satisfy these requirements within a flexible time frame. Methods of asynchronous online learning include self-guided lesson modules, streaming video content, virtual libraries, posted lecture notes, and exchanges across discussion boards or social media platforms.

****Asynchronous Learning will be approximately 30 minutes daily***
