

BASC

Bakken Area Skills Center

Main Goal: Provide in-demand training opportunities that are responsive to the needs of our region's workforce through collaborative partnerships with secondary education, post-secondary education/training, and local employers.

Opportunity to use the space provided by the Center for individual trainings, education, and job recruitment and overall promotion of their business (Job Service occupancy in the facility). The BASC facility is a comprehensive employment center to meet the needs of growing communities and business in our region and to better develop our local resources to become the workforce of today and tomorrow.
