

# Let's Make Origami!

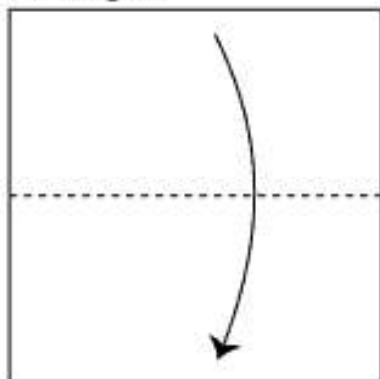

## Balloon

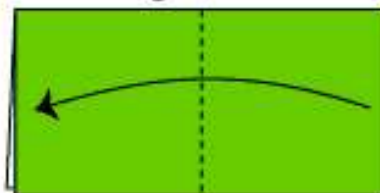

Level: Medium

HELP

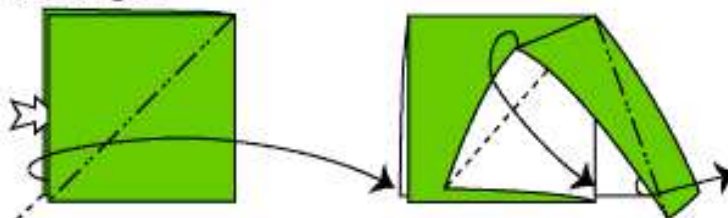

- 1** Fold the paper in half downwards to make a rectangle.

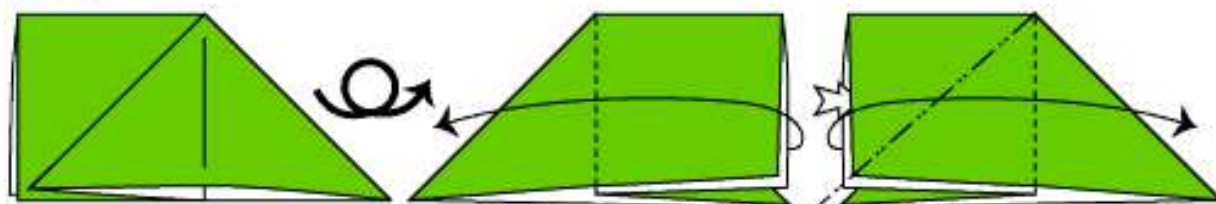

- 2** Fold in half again.

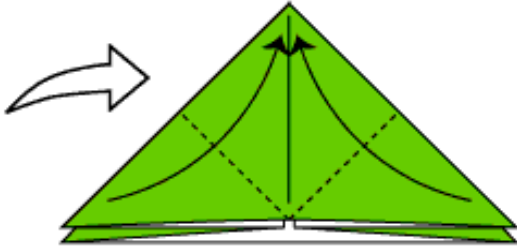

- 3** Open the front half of the paper, swinging the flap out and folding it down to create a triangle.

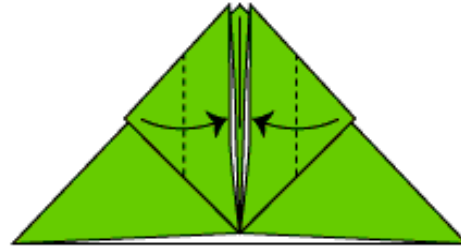

- 4** Flip over and repeat step **3** for the other side.

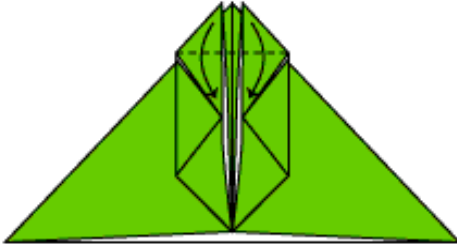

**5** Fold the corners up to meet at the tip.

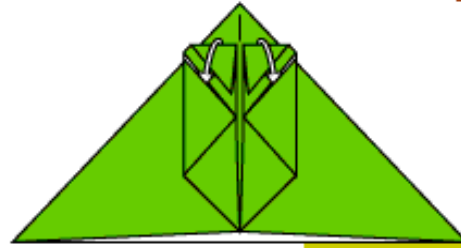

**6** Fold the corners in to meet at the center.

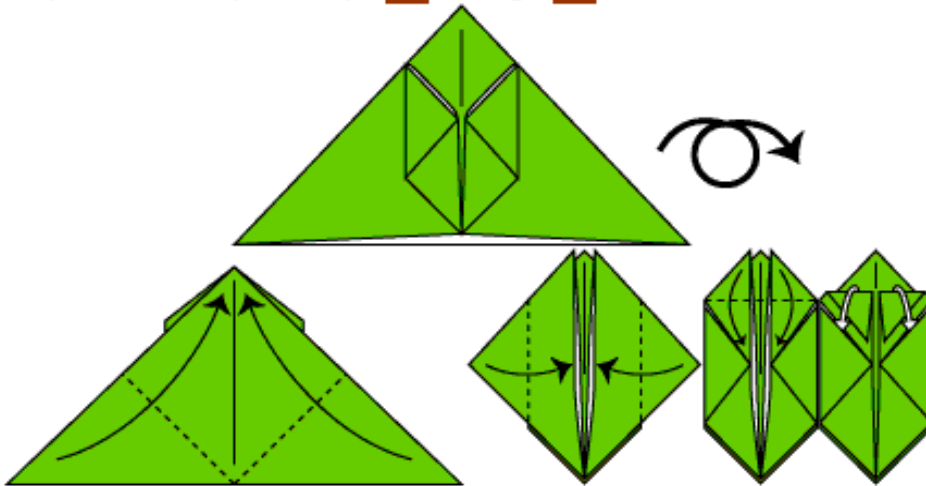

**7** Now fold the top corners down to form small flaps.

**8** Insert these flaps into the pockets you created in step **6**.

**9** Flip over and repeat steps **5** through **8** for the other side.

**10** Gently blow air into the small hole at the bottom of the figure.

**11** Once it inflates, you should have your paper balloon!
