- HUD – Lead Disclosure Rule

Congress passed the Residential Lead-Based Paint Hazard Reduction Act of 1992, also known as Title X, to protect families from exposure to lead from paint, dust, and soil. Section 1018 of this law directed HUD and EPA to require the disclosure of known information on lead-based paint and lead-based paint hazards before the sale or lease of most housing built before 1978.

If you did not receive the Disclosure of Information on Lead-Based Paint and/or Lead-Based Paint Hazards form when you bought or leased pre-1978 housing, contact 1-800-424-LEAD (5323).
