VIRTUAL PRIMARY CARE

What is virtual primary care (VPC)?

Virtual primary care provides convenient and affordable access to urgent, routine/preventive, and chronic condition care through the SydneySM Health mobile app. Our virtual primary care providers can diagnose and treat many common health conditions, prescribe medications, and conduct wellness check-ins, at low or no cost.

How does it work?

Through the Sydney Health app, members have access to a full range of virtual primary care services through a dedicated care team. They can chat with a doctor or have a video visit at a time and place that works for them. Through virtual primary care, members can:

- Use the interactive Symptom Checker or visit with a doctor over chat or video for urgent care services, 24/7.
- Access virtual primary care services (routine/preventive and chronic condition care) from 9 a.m. to 9 p.m. ET Monday to Friday, and 9 a.m. to 5 p.m. Saturday and Sunday. If members message their virtual primary care team after those hours, they will receive a response at the team's earliest convenience.
- Schedule a wellness check-in to share their health history and discuss their health goals with a doctor on a virtual video visit. The doctor will create a personalized care plan and follow up with the member after their visit, all through the app.

Virtual primary care provides you with:

- Urgent, preventive and chronic care
- Personalized care plans
- Lower healthcare costs
- Easy prescription refills

WELLNESS

No matter which plan you choose, we encourage you and your dependents to have an annual wellness exam. Most in-network preventive exams and well-child exams (including immunizations) are covered at 100% by the medical plans. Preventive exams can detect if you are at risk for or already have a chronic disease such as heart disease, diabetes, hypertension and certain cancers. Talk to your health care provider to find out which screenings are recommended for you and when you need them.

A wellness credit on your health insurance will be provided for those covered employees and covered spouses that get a routine wellness exam. If you have employee only or employee child/children coverage, you will receive a \$20 per month credit by completing the exam and turning in the form. If you have employee/spouse coverage, you will receive a \$40 per month credit, however; you and your spouse must complete the annual exam, and both turn in the form. We encourage you to keep current with your annual wellness exam.

To be eligible for the wellness credit as of July 1, 2024, the exam must be completed between May 16, 2023, and May 15, 2024. This credit will be applied to your health insurance premiums for plan year July 1, 2024.

Please have your physician sign off on the Annual Wellness Exam confirmation form. The form states that all age-appropriate wellness tests have been completed for that calendar year. FCPS will not accept any other forms and the form cannot be altered in any way.

You are allotted one wellness exam per calendar year.

FLEXIBLE SPENDING ACCOUNTS (FSA)

HEALTH FSA, DEPENDENT CARE FSA

Flexible Spending Accounts (FSAs) allow you to pay for eligible health care and dependent care expenses with pre-tax dollars. The money you contribute to the FSAs is payroll-deducted pre-tax, saving you income and Social Security taxes.

Each year you participate in the FSAs, you must elect the amount you want to contribute to each account. Your contributions will be deducted from your paychecks in equal installments throughout the year and deposited into your account(s). **For the 2023-2024 Plan Year you may contribute up to \$3,050 to the Health Care FSA and \$5,000 (\$2,500 if you are married and file your taxes separately) to the Dependent Care FSA.**

Both accounts function independently. When you incur expenses, you can access the funds in your account to pay for eligible health care or dependent care expenses.

Accessing Your FSA Funds

Eligible expenses for the Health Care FSA include medical, dental, and vision expenses not covered under your health care plans, e.g., office visit copays, drug copays, expenses subject to your deductible, orthodontia, eyeglasses, etc.

Eligible expenses for the Dependent Care FSA are those that allow you and your spouse (if you are married) to work or attend school full time. These services generally include day care, most day camps, and caregivers for disabled dependents.

Rules to Keep in Mind

FSAs offer big tax advantages, but are subject to IRS regulations:

- The IRS has a “use it or lose it” rule: If you don’t use the full amount in your dependent care FSA by the end of the plan year, you will lose any remaining funds. You may rollover up to \$610 from your health care FSA into the next plan year.
- Once you enroll in the FSAs, you cannot change your contribution amount during the year unless you experience a qualified status change, such as marriage, or birth of a child.
- You cannot transfer funds from one FSA to another.

FSA Reminders

- “Use-it-or-lose-it” unused Dependent Care amounts will be forfeited, so estimate your contribution wisely
- Save your receipts - No matter how you access your FSA funds, be sure to keep your receipts to validate your reimbursements
- Eligible expenses must be incurred only during the plan year you are enrolled. The plan year is based on expenses incurred from July 1- June 30.
- Your entire Health Care FSA balance – even money you have not yet contributed – is available as of July 1 each year
- **You must re-enroll each year if you wish to continue funding the account**

HEALTH SAVINGS ACCOUNTS

Those employees who enroll in the KeyCare HSA 3000 qualified High Deductible Health Plan are eligible to open a Health Savings Account. The account will be opened through Flores. A Health Savings Account allows you to save money on a tax-free basis to use for your out-of-pocket health expenses.

ELIGIBILITY

You are eligible to open an HSA if:

- You are enrolled in a High Deductible Health Plan
- You are not Covered by your spouse's Health Plan, FSA or HRA
- You are not eligible to be claimed as a dependent for tax return purposes
- You have not received Department of Veterans Affairs Medical benefits in the past 90 days
- You are not enrolled in Medicare, Medicaid or Tricare

HSA DISTRIBUTION RULES

Distributions from your HSA are tax-free if they are taken for "qualified medical expenses". Your HSA can only be used for expenses that incurred on or after the date HSA was established.

HSA distributions can be taken for qualified medical expenses for the following people:

- The account holder (person covered by the HDHP)
- Spouse of that individual (even if not covered by the HDHP)
- Dependents of that individual (even if not covered by the HDHP)

For the 2023-2024 calendar year, an individual can contribute up to \$3,850 to a health savings account HSA or \$7,750 for a family Ages 55+ \$1,000 catch-up contribution.

QUALIFIED MEDICAL EXPENSES

The IRS defines expenses that are considered "qualified medical expenses" for HSA distributions. If you use HSA funds for expenses beyond what the IRS defines as qualified, you will be subject to income tax on the distribution and an additional 20 percent penalty.

Examples of qualified medical expenses include:

- Most medical care that is subject to your deductible (copays, coinsurance, doctor visits, inpatient or outpatient treatment, etc.)
- Prescription drugs
- Dental and vision care
- COBRA, qualified long-term care insurance, health insurance premiums paid while receiving unemployment benefits, health insurance after you turn 65 except for a Medicare supplemental policy

INELIGIBLE MEDICAL EXPENSES

Expenses that are not considered "qualified medical expenses" include:

- Insurance premiums (other than the exceptions listed above)
- Surgery purely for cosmetic reasons
- Expenses covered by another insurance plan

FCPS will contribute \$500 to the Health Savings Account for the 2023-24 school year. The amount will be prorated based on your date of hire. Funds are only available as they are deposited into your account.

Note: You must have a \$0 balance in the Medical FSA as of July 1, 2023, if you move to the HSA 3,000/20% plan and want to open and contribute to a Health Savings Account.
