

# School Closure Lesson Plans

## Block 2B Biology – DeBoer

### Week One

#### Day 1

Text, pg. 26

Read Science Life: Identifying life activities.

- Made a collage showing basic life activities.
  - 1) Find five pictures of living things in magazines or newspapers. Identify at least one example of each basic life activity in the pictures ( pg. 27)
  - 2) Cut the photos and arrange them in a collage on a large sheet of paper. Number the photos 1-5.
  - 3) On a separate sheet of paper, list the basic life activities in each picture next to the number for that picture. Most pictures will show more than one basic life activity.

#### Day 2

Classification, pp. 34, 35 in text

- Using the five pictures from your collage, do the investigation for Chapter 2 – “Classifying Things” You will need to make two copies of Data Table 6, one for the pictures and one for the objects you see in your room. (Explore Further).
