choice board

Choose a reading, writing, and math activity to do. Don't worry about crossing it off after you have finished. You can do these activities multiple times!

Reading	Writing	Math
Create a fort and invite a friend or family member to join you while you read aloud to them.	Write a letter to a community helper thanking them for their service/job that they do.	Create your own addition or subtraction flashcards (at least 20) and practice them!
Read a story. Make a video of yourself retelling the story in under 2 minutes. Send it to a relative or your teacher.	Create a brand new food. You must name it and list all of the ingredients that are in it.	Plan a meal for your family. List all of the items, guess how much each costs, and then come up with a total for how much the meal costs.
Read the story, "First Airplane Trip" and answer the comprehension questions following the story.	Take your spelling words for the week, write them in shaving cream, do rainbow writing, or do ghost spelling (white crayon/marker on top)	Play a card or dice game with a family member. (Pig, Stuck in the mud, garbage, go fish, etc.....) Directions
Design a Map. Pick a scene from a book you read. Design a map that shows the space and includes all of the setting items.	Create a 2 or 4 line poem. Try to make the 1st/2nd lines rhyme and the 3rd/4th lines rhyme with each other. Example	Take a survey with people in your house asking them their favorite color or sport. Create a graph with the results. Example

Create a snow fort or structure outside with family members, daycare friends, or neighborhood buddies. Take a picture of the structure and send it to your teacher. Your teacher will share them during morning meeting tomorrow.
