MISSION STATEMENT

Our Mission is to empower each learner to succeed in our diverse and changing world. We are committed to creating an environment where...

1. each learner will be challenged to develop to his/her full potential.
2. academic skills and attitude are necessary for success.
3. learning is a life-long process that enriches our lives.
4. education is a partnership with family and community.
5. each person will show sensitivity and respect for self and others.
6. there are expectations of quality for ourselves and for others.
