PUBLIC HEARING: 2021-2022 BUDGET

**NOVI COMMUNITY SCHOOL DISTRICT
NOTICE OF A PUBLIC HEARING
ON PROPOSED 2021-2022 BUDGET**

PLEASE TAKE NOTICE that on June 10, 2021, at 7:30 o'clock p.m., at the Educational Services Building, in Novi, Michigan, the Board of Education of the Novi Community School District will hold a public hearing to consider the District's proposed 2020-2021 budget.

The Board may not adopt its proposed 2021-2022 budget until after a public hearing. A copy of the proposed 2021-2022 budget, including the proposed property tax millage rate, is available for public inspection during normal business hours at the Educational Services Building, in Novi, Michigan.

The property tax millage rate proposed to be levied to support the proposed budget will be a subject of this hearing.

This notice is given by order of the Board of Education.

Willy Mena, Board Secretary

The State requires that all school districts adopt a budget for the upcoming fiscal year by June 30 of each year. The process of adoption includes a notice for a budget public hearing, which must appear in the local newspaper at least six (6) days prior to the hearing, and that the budget document, including the proposed property tax millage rate, must be available for public inspection. The public hearing on the budget and the property tax millage rate proposed to be levied to support the proposed budget must then take place, and then the Board adopts the

budget.

This year, the public hearing is scheduled for Thursday, June 10, 2021, at 7:30 p.m. at the regular meeting of the Board of Education. Notice of the public hearing appeared in the local newspaper on Thursday, June 13, 2021 and the budget document was made available for public inspection at the Educational Services Building beginning Thursday, June 3, 2021.

Following board adoption of the budget, the Business Office will post the budget on the District's website.

REPORTS TO THE BOARD

First Robotics Frog Force Report

Ms. Janet Bloom, of First Robotics Frog Force, summarized the wonderful experience that the team has had this school year and recognize all of the sponsors who supported them through their competitions.

2019 Bond Program Spring Update and Presentation

In 2019, the Novi community approved a series of bond issues totaling \$185,000,000, which will provide for: security and technology; an addition to Novi Meadows; an advanced technology/stem/robotics space; a multipurpose facility; improvements to current facilities, athletic sites and parking lots; media center and special education space remodeling; furniture; and buses.

The Master Planning Committee met on Friday, June 4, 2021, in the afternoon to go over and discuss key activities and progress update of the design team and the construction team. Tonight, Mr. Greg Van Kirk and Mr. Kevin Donnelly of Plante Moran CRESA, the District's Owner's Representative, will present an update and overview of the activities and progress so far and next steps.

COMMENTS FROM THE AUDIENCE RELATED TO AGENDA ITEMS

Extended COVID-19 Reconfirmation

In September 30, 2020, the state legislature amended Public Act 165, section 98a of the State School Aid Act. This amendment requires all school boards to reconfirm their district's Extended COVID Learning Plan. That plan is to be submitted to the state and posted on the district's website.

The next submission is due June 15, 2021 and comes tonight for Board reconfirmation and approval.

It was moved by Mr. Smith and supported by Mrs. Murphy that the Novi Community School District Board of Education reconfirm and approve remaining in our current format for all students, grades K-12, providing in-person five-day per week instruction for the in-person students and virtual instruction for those who selected the virtual modality.

Plow Truck Purchase

The maintenance vehicle fleet has greatly improved through replacement of vehicles over the past several years. As part of our original replacement plan, we need to replace a 2009 plow truck that we rely on heavily. The vehicle has been driven 42,748 miles mostly for plowing as well as 10,000+

miles in reverse. This truck requires many repairs and is no longer reliable. This purchase has been budgeted for in the 2021-2022 budget.

A 2022 F-350 plow truck with a snowplow and all necessary plow flasher lighting is needed. The best price for the F-350 truck and outfitting is available through the Macomb County cooperative bid (#21-18 T.11) using Signature Ford as the dealer. The cost of this vehicle is **\$32,429**.

NBC Truck Equipment will provide and install a 9' 6" Western MVP3 snowplow and controls, roof mounted strobe light and tail light strobes for \$8,563. A hydraulic lift gate is to be added to this vehicle for the cost of \$3,360. They will also need approximately 2 weeks to outfit this vehicle. The state bid pricing for outfitting this vehicle with the plow, light package, and lift gate is **\$11,923**.

The truck would be ready approximately 12 weeks from the time of approval. Total expenditure for the vehicle and snowplow package is **\$44,352**. This purchase is necessary to keep the maintenance vehicle fleet operational and in good working order.

It was moved by Mrs. Hood and supported by Mr. Mena that the Novi Community School District Board of Education approve the purchase of a new 2022 F-350 plow truck with a snowplow and all necessary plow flasher lighting is needed in the amount of \$44,352, as presented.

2021-2022 Preliminary Budget

The State requires that all school districts adopt a budget for the upcoming fiscal year by June 30 of each year. The proposed budget document for the 2021-2022 fiscal year has been prepared based on projections and estimates, including student enrollment, which will be known at a later date. The proposed budget document is presented to the Board tonight for review.

The budget adoption process for an upcoming fiscal year must include a public budget hearing; a notice of such public hearing, which must appear in the local newspaper at least six (6) days prior to the hearing; a budget document, made available for public inspection including the proposed property tax millage rate; and Board adoption of the budget in the form of a 2021-2022 General Appropriations Act resolution.

Once the public budget hearing has taken place, the Board adopts the budget. This year, the public hearing will be held Thursday, June 10, 2021, at 7:30 p.m. at the regular meeting of the Board of Education. The notice will appear in the local newspaper on Thursday, June 2, 2021, and the budget document will be available for public inspection at the Educational Services Building beginning Friday, June 6, 2021.

It was moved by Mrs. Hood and supported by Mr. Cook that the Novi Community School District Board of Education adopt the General Appropriations Resolution for the fiscal year 2021- 2022 as presented.

Policy Updates and Revisions

The Governance and Policy Committee met on May 25, 2021. They reviewed and discussed the following policies and are bringing them before the Board for information and discussion with these recommended updates and revisions.

Policy 3002 – Parental Involvement

The Board strongly encourages and supports the involvement of parents in their children's education. The Superintendent will develop and implement regulations, in consultation with parents, which will include:

- The manner in which the School District will cooperate with parents of students to develop students' intellectual and vocational skills in a safe and positive environment;
- The manner in which the School District will permit parents to review the School District's curriculum, textbooks and teaching materials;
- The manner in which the School District will permit parents to observe instructional activities, other than testing and assessments, in which their students are enrolled and present; and
- The manner in which the School District will permit the disclosure or use of student information for purposes of sales or marketing.

Committee Recommendation is to make the sections below a sub policy of 3002.

Policy 3002.1 – Parental Involvement in Title I Programs

Parental involvement is also considered a key component of federal Title I programs. In order to help build a partnership between home and school for purposes of Title I, the School District:

- Informs parents of the program, the reasons for their children's participation and the specific instructional objectives;
- Trains parents to work with their children to attain instructional objectives;
- Trains teachers and other staff involved in Title I programs to work effectively with the parents of participating students;
- Consults with parents on a regular basis;
- Provides opportunities for parents to be involved in the design, operation and evaluation of the program; and

- Provides opportunities for the full participation of parents who lack literacy skills or whose native language is not English.

The Superintendent will develop and implement regulations that are compliant with Title I. The regulations are to support the above principles and actions and also assure that services provided with state and local funds in Title I schools are comparable to those provided in non-Title I schools in the School District.

It was moved by Mr. Cook and supported by Mrs. Roney that the Novi Community School District Board of Education approve the policy updates and revisions as presented.

No action is needed on this item, just a general consensus.

Village Oaks Sitework

On June 4, 2021, a Contract Award Recommendation letter was received from Plante Moran Cresa for the sitework and hardscape work that is to be done at Village Oaks Elementary School.

The project team obtained bulletin pricing from the Cortis Brothers, Inc. and are recommending them for this work for several reasons:

- Consistency with work, one earthwork and utility contractor on site vs. two.
- Mitigates coordination issues and consistency with quality control and warranties.
- Ability to meet schedule and execute scope Summer / Fall 2021

The pricing includes all site demolition, drainage systems, earthwork, site concrete, retaining walls, playground asphalt, misc. equipment, fencing and railings, turf base, and turf surfacing for the playgrounds.

This work is part of the overall bond scope, is over budget for Village Oaks, but falls within the overall budgets established for playgrounds contained within the 2019 Bond Program. The bond team recommends the District administration approve a change order with the contractors noted above.

AWARD RECOMMENDATION AMOUNT: \$674,500.00

It was moved by Mrs. Murphy and supported by Mrs. Roney that the Novi Community School District Board of Education award the contract to the Cortis Brother, Inc in the total amount of \$674,500.00.

COMMENTS FROM THE AUDIENCE

There were 3 comments from the audience regarding the personnel report.

SUPERINTENDENT'S REPORT

Dr. Steve Matthews, Superintendent of Schools, reported that at a recent DEI Committee meeting, a parent suggested that holiday concerts no longer sing religious holiday favorites. He stated that he checked with one of the music teachers and discovered that we do still sing traditional holiday favorites like Joy to the World, Do You Hear What I Hear, Dreidel Dreidel, Silent Night, and the First Noel. Dr. Matthews said the teachers wanted to reinforce their awareness of the diversity in our community and take care to ensure all of our families feel welcome.

Dr. Matthews mentioned that this is the night before the last day of school and he wanted to express his gratitude to our staff and the community. He reported that it has been a challenging year, but our staff rallied to create wonderful opportunities for our students.

Dr. Matthew stated that some districts talk about a lost year, but here in Novi we found new ways to educate and engage our students, so that they could continue to move forward. He said that our district has provided a high quality educational experience for our students and they are prepared for the next school year.

Dr. Matthews asked, will there be holes? Perhaps, but our teachers will discover any in September and will then find ways to support our students. He mentioned that our students and teachers worked hard to learn and grow. Dr. Matthews reported that it has been a challenging year and that he was thankful for our staff and our families because together we did wonderful things. He stated that he was very, very grateful.

ADMINISTRATIVE REPORTS

Mr. Greg McIntyre, Assistant Superintendent of Business and Operations, reported that he wanted

to express his gratitude to the Board for their action on the budgets. He also wanted to thank Deanna Wheeler and the rest of his accounting staff. Mr. McIntyre thanked his cabinet teammates for their sweat equity and input into the budget. He stated that he enjoys working with them.

Dr. Gary Kinzer, Assistant Superintendent of Human Resources, reported that last week he shared some gratitude for staff and teachers in the district. He stated that he would like to spend a moment to share similar gratitude for the leadership in our district. Dr. Kinzer said, first our principals and directors for the job they have done supporting the staff in their building and supporting our students has been exemplary. He mentioned that they are the major reason for the success that we have had.

Dr. Kinzer reported that from our budget reports, the last two (2) weeks, the work that Mr. McIntyre has done has been exceptional and that he appreciates working with him every day. He stated that Dr. Webber, the instruction that has happened in this district this year has been miraculous starting all the way back to last spring. Dr. Kinzer said that Dr. Webber has led that alongside of CALs, principals, and other teacher leaders and it has been amazing.

Dr. Kinzer reported that, Dr. Matthews, challenging times require deliberate yet decisive leadership and that is exactly what we have had since March 13, 2020. He stated that he has friends in many other districts throughout the state who have struggled because they have not had the same leadership that has been present here. Dr. Kinzer said that he is really grateful for Dr. Matthews' leadership for the last year and a half. He also expressed his gratitude to the Board for their work that they have done during these difficult times, which helped us have a successful year.

Dr. RJ Webber, Assistant Superintendent for Academic Services, reported that one of the true joys of living in this community is the fact that he runs into parents and it can be a joy. He stated that in the past week and a half, the world has opened up and parents are coming up to him and saying how did you guys do it. Dr. Webber said that parents of 4th grade twins, who went fully virtual could not believe what was put together from pivoting our entire business model, overnight from March 12th, by the March 13th meeting, then kicking off to our operations teams and making sure people had things.

Dr. Webber mentioned that the core piece was a parent, who has been a bit critical of our work, was telling him that we were 15 to 20 notches above anyone else. He reported that he really wished, in that moment, that everyone could have been with him in that spot; our teachers and our principals because there is nothing sweeter to hear than that in which you put your life into to make a difference. Dr. Webber stated that with everything opening up outside, you see more people and he had heard from seven (7) different parents in the past week and they were thankful that we had hybrid from the beginning.

Dr. Webber said the only question he has is, what do we do this summer? He mentioned that his advice is to play, play, play, and play; put your tablet and computer aside and get outside, build forts, do whatever makes you laugh, goof off, stay up late, and eat junk food.

Dr. Webber reported that we have emerged from this bruised and battered and some of us, unfortunately, lost people along the way, but as a community school district, we did our best to offer our kids what they deserved and their parents should be proud. He expressed his gratitude to everyone.

BOARD COMMUNICATION

Mrs. Hood, Board Treasurer, reported that several weeks ago, she was in Commerce and her golf instructor, who lives in West Bloomfield, mentioned that he had seen in Newsweek Magazine that Novi Schools was the number one district in the state. She stated that she looked it up and the brief write-up that they did was interesting. Mrs. Hood said that they took the data from Niche. She mentioned that in Niche, Novi has been rated number one in the state for two years running.

Mrs. Hood reported that the Niche data, to calculate the best school district in every state, relies on the statistics from the Department of Education, SAT scores, College readiness, teacher quality, and the graduation rate. She stated that people use this information when they are deciding where they are going to live, real estate driven.

Mrs. Hood said, but here is the difference, Newsweek said various districts prioritize funding for different programs. She mentioned that some have more of a knack for hiring, retaining, and nurturing teachers. Mrs. Hood reported that for some districts it is a number game without any thought regarding the learning environment. She stated that still other districts encourage kids to explore passions and make friends, but are lagging academically. Mrs. Hood said that a top school district is not just one or the other of those things, but rather a combination of the two, a very nice encapsulation.

She mentioned that in the business world, Peter Drucker (an Austrian-American management consultant), said a long time ago that culture eats strategy for breakfast. Mrs. Hood stated that she believes culture eats everything for breakfast and if you do not have your culture right, then you really cannot get there, so this is a nice reflection on the long conversation that we have had, not just at this table, but in our schools and in our offices for the last year of two; getting us through not only the trauma of COVID, but setting us up to move forward.

Mrs. Hood expressed her gratitude to the administrators, teachers, principals, and everyone who runs the NCSD.

Mrs. Roney, Board Trustee, reported that this past Saturday was the commencement and we had perfect weather, a little warm, but it was the best cap throwing she had ever seen. She stated that when the kids went to find their caps they were hugging all of their classmates that they had not really seen in a while. Mrs. Roney said that it was very heartwarming. She mentioned that you feel very good about how well everybody is doing, our teachers, students, administration, and even the Board and how we brought these kids through this challenging year and a half. Mrs. Roney reported that it felt good to be a part of this.

She mentioned that on Monday was the graduation for the athletes and then tonight was Career Prep, so it was an awesome week.

Mr. Mena, Board Secretary, reported that after graduation he spoke with some parents. He stated that one parent just moved into the district and he met Mr. Johnson and his kids on the track team. Mr. Mena said that the dad played collegiate football out of state and they decided to move to Michigan. He mentioned that they had pretty much narrowed it down between us and that district to the south and the big difference was the tour they were given. Mr. Mena took this opportunity to give a shout out to Dr. Melissa Jordan because she clearly did whatever it took to sell our district.

Mr. Mena stated that he did not realize this was the last meeting of the fiscal year. He stated that this is the last month for Mr. Brian Gordon, our athletic director, before he moves into retirement. Mr. Mena said that he is very proud of our athletic department and all that they have done over the years under Mr. Gordon's leadership. He mentioned he won a lot of awards and went into the Baseball Coaches Hall of Fame and won some prestigious awards from the MHSAA.

Mr. Mena stated that personally, as a person, he has always been great. He reported that we had a lot of success under his leadership and he will certainly be missed. Mr. Mena said that he looks forward to meeting our new AD.

Mr. Smith, Board Vice-President, expressed his gratitude to the NEF and reminded everyone that the fall teacher grant program will be coming up and they always encourage the teachers to think about things over time. He reported that he was reminded of a couple of grants that the NEF had awarded in the past when he visited Village Oaks.

Mr. Smith stated that they approved a grant request and bought some books for the classroom. He mentioned that thinking back, it was interesting and he did not remember hearing much feedback because some had to do with alternative family styles and the NEF was happy to support some of the work in that LGBTQ arena. Mr. Smith said that the NEF provided some books on the Flint Water Crisis for the ninth grade ELA and one seemed to garner quite a bit more attention.

Mr. Smith mentioned that everybody likes it when the NEF provides money for therapy dogs and hammocks for the kids at Parkview. He expressed his gratitude to the NEF for a broad range of support to provide, not just materials that will help one group of kids, but materials that will help all kids. Mr. Smith reported that a friend of his taught him to think of both and that we provide not just learning materials, but also cultural things and different philosophies that warrant attention.

He stated that we talk a lot in this room about our teachers, the staff, and different organizations. Mr. Smith said that he had the opportunity today, to spend time with some of our city employees and there is a group within the City of Novi where the employees get together and do different events and projects. He mentioned that it is team building and whatnot.

Mr. Smith reported that today he met with people from the forestry department, the treasury department, and HR. He stated that there were several members of our fire department and a contingent from the full-time firefighters' union. Mr. Smith said they all got together in Ella Mae Power Park, at 4:30 this afternoon and it was really hot, to play kickball and spend some time

bonding in that group. He mentioned that they voluntarily kicked in money to play and the two dozen or so people raised roughly \$1,500 and donated it to Novi Youth Assistance.

Mr. Smith reported that we really are blessed to live here and it is not just the city employees, but the giving back to the Novi Youth Assistance Program. He complimented the city workers and stated that we (NCSD) should take on the city next year.

Mrs. Murphy, Board Trustee, reported that this has been a crazy year for everyone, but this group of people, not just here but extended beyond our community, is really inspiring what has occurred. She stated that although there were bad things that came out of this, there were some new things that are coming out of it as well, like the virtual academy and some of the different ways that we manage teaching, even remotely, for students.

Mrs. Murphy said that she always likes to see the silver lining and she feels there is a silver lining not just with the resilience that our kids have been forced to learn, but that which we have learned as well. She mentioned that they are going to bounce back much more quickly than a lot of people. Mrs. Murphy reported that she works with a lot of mostly older people in a clinical setting and there are struggles; people under the weight.

She stated that to Dr. Webber's point, the kids are going to teach us and we have to open ourselves to them. Mrs. Murphy expressed her gratitude to the team and said that she was glad we have Dr. Matthews on board for as long as he will stay. She said that he certainly has directed us well this year.

Mrs. Murphy mentioned Mr. Gordon is leaving and we lost a lot of really good teachers, but Dr. Kinzer has managed to bring some great teachers on and that is exciting as well.

Dr. Ruskin, Board President, reported that at the end she likes smashing the gavel, but she has seen some things on Twitter that bring the end of the year forward and it is bittersweet. She stated as Dr. Webber pointed out, there have been people in the community who have challenged us throughout the year, which she is very grateful. Dr. Ruskin said you get to a point in the pain and in the heartache that you look back and just understand what you have learned.

She mentioned that a parent came up to her yesterday, someone who challenged the decisions that were made, and she said thank you. Dr. Ruskin reported that it was a very heartwarming and we should not forget the lessons that we have learned and what we have been through. She stated that there is a lot of great things that came out of it, so be ready for this summer to relax and read and start a new fresh year for our kiddos.

ADJOURNMENT

It was moved by Mrs. Murphy and supported by Mr. Smith that the Novi Board of Education Regular Board meeting be adjourned

ASSISTANT SUPERINTENDENT FOR ACADEMIC SERVICES

TOPIC: NHS Orchestra Camp, August 27-29, 2021 – Camp Copneconic

Mr. Jim Van Eizenga, Novi High School Orchestra Teacher, is requesting approval for the Novi High School Orchestra to travel to Camp Copneconic, in Fenton, Michigan, for their annual camp. Last year, the students were unable to attend due to COVID restrictions. The previous year the students traveled to Michigan the Howell Nature Center. The Camp Copneconic location would allow for structured team building activities and was taken into consideration based on student and parent feedback to have an offsite location. Mr. Van Eizenga and six (6) parent chaperones will lead approximately 130 students on this trip.

Parents will drop off their students at the location and pick them up. Student cost is \$150.00 to cover the food and lodging.

RECOMMENDATION:

That the Novi Community Schools Board of Education approve the Novi High School Orchestra Camp to the Camp Copneconic, in Fenton, Michigan, August 27-29, 2021.

Field Trip: Orchestra Camp

Dates of Trip: August 27 -August 29, 2021

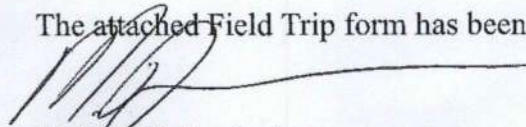

Groups: NHS Orchestras: Concert, Symphony, and Philharmonic Orchestras

Sponsor: Jim Van Eizenga

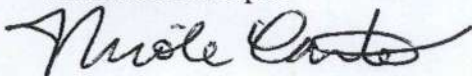

Summary:

In the past Orchestra camp has been held at Novi High School and in 2019 Mr. VanEizenga took his students to Howell for their first camp retreat. This year, it is being proposed that Orchestra camp be held at Camp Copneconic in Fenton, MI. This location would allow for structured team building activities that are available onsite, as well as the director has taken into consideration student and parent feedback that an offsite location would provide them time to bond as a unit before the school year begins especially after this year. Parents will drop off their students at the location and pick them up. Approximately 130 students and 6 chaperones will attend the event. The cost per student is \$150 which includes food and lodging at the negotiated rate. Please consider this trip for our Novi High School Orchestras.

Field Trip: Band and Orchestra Trip to New York, NY

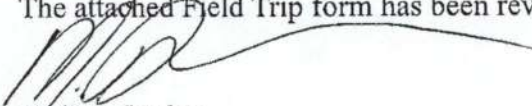

Dates of Trip: April 7, 2022 - April 11, 2022

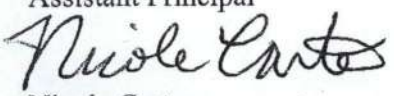

Groups: NHS Instrumental Music Program: three concert bands, the jazz ensemble, and four orchestras

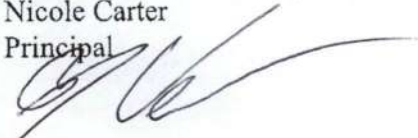

Sponsor: Jim Van Eizenga and Matthew Diroff

Summary: This trip centers on performances in the Performing Arts Consultant's Big Apple Classic with adjudication at the College of Staten Island and comments from national adjudicators. Travel to New York will be by motor coach and students would stay at The Sheraton New York Times Square Hotel. There will be privately hired security guards on duty at the hotel from 11 PM - 6 AM each night of the trip. During the visit, students will be afforded the opportunity to visit Times Square, tour the National September 11th Memorial, visit Central Park, Rockefeller Center, etc. The itinerary involves a broad range of opportunities for students to perform, appreciate music, and visit New York. The cost for the trip is tentatively set to be around \$1,399.00 per person based on quad occupancy. This price is all inclusive, including food, lodging, transportation, excursions and tickets to shows and events. Students would miss three days of school to attend this trip. Mr. Van Eizenga has led students on this trip to New York City in 2018 and 2020. With approximately 200 students attending, Mr. Van Eizenga plans to secure 20 chaperones to supervise the trip. All chaperones will receive background checks prior to the trip. He is following the alternating year travel plan and will have a series of fundraisers to help students to pay for the trip.

Dr. Jordan:

Please review the following Novi High School Band and Orchestra **New York City, NY** trip proposal and submit it to Dr. Matthews and the Board of Education for their approval. The Novi Instrumental Music Program consists of the Marching Band, Wind Ensemble, Symphony Band, Concert Band, Jazz Ensemble, Wildcat Orchestra, Concert Orchestra, Symphony Orchestra, Philharmonic Orchestra sponsored by the Novi High School Band Boosters as well as the Novi High School Orchestra boosters. A considerable amount of planning has gone into this proposal to ensure the students the best possible experience. This trip will include one festival performance by each of our concert ensembles – **Concert Band, Symphony Band, Wind Ensemble, and combined orchestras**. Since the marching band has numerous performance opportunities during the fall months, the marching band will not be a featured ensemble on this trip.

The students in the Novi High School instrumental music program are some of the most dedicated, hard-working kids we've ever known. Their commitment to excellence is demonstrated by the recognition they receive through consistent first division ratings at festivals, high placements at competitions and outstanding performances given throughout our community and at Novi High School. The Band Boosters organization and Orchestra Boosters organization fully supports this trip and is helping students to raise funds through many fund-raising programs. The Boosters are dedicated to providing every interested band and orchestra student the opportunity to participate in this trip.

The trip would begin at 6:00 a.m. Thursday, April 7, 2022, with its conclusion at 10:00 a.m. on Monday, April 11, 2022. The tentative cost of the trip is \$1,399.00 per person, based on quad occupancy. The cost may change slightly as we add events to the itinerary, i.e. the change in the number of students/parents traveling. Approximately 200 students and 20 chaperones are planning to attend if the trip is approved. The tour company, Bob Rogers Travel, has handled all successful Novi band and orchestra trips in the past and is highly respected as one of Michigan's leaders in school tour programs.

We hope that the Board of Education will support our request to participate in this exciting and educational event. The Band Boosters, Orchestra Boosters, and we believe that these activities will contribute significantly to the educational growth and self-esteem of the students participating.

Thank you for your consideration and support.

Sincerely,

Matthew Diroff

TOPIC: NHS Varsity Girls' Basketball Camp, July 14-16, 2021 – Grand Valley

Mr. Don Watchowski, Novi High School Athletic Director, is requesting approval for the Novi High School Varsity Girls' Basketball team to travel to Grand Valley State University, in Grand Rapids, Michigan, for their annual camp. Last year, the students were unable to attend due to COVID restrictions.

This Camp would allow for structured team building activities and allow for the team to participate in girls basketball games, practices, and events. Don Watchowski, Kelsey Masserant, Jade Anoltec, and Chris Housey, will accompany the team to this event.

The cost to each team member is \$190 to cover lodging, meals, and full basketball activities. There will be approximately 6 to 10 girls attending.

As in years past, parents will provide transportation to and from the camp.

RECOMMENDATION:

That the Novi Community Schools Board of Education approve the Novi High Varsity Girls' Basketball Camp to Grand Valley State University, in Grand Rapids, Michigan, July 14-16, 2021.

SUPERINTENDENT OF SCHOOLS

TOPIC: Administrative Restructuring

As we prepare for the 2021-2022 school year, the Superintendent is recommending two administrative moves that will support the goals and work of the district.

Angie Southworth, the current Dean of Students at Novi Middle School, would move to the Novi High School in the same position as Dean of Students. In this position, Ms. Southworth will support students and the administrative team. Primary responsibilities would include:

- 9th grade transition
- Student discipline
- Restorative practices
- Enhancing student culture

This move provides the high school with appropriate support to meet the needs of the students and teachers and will allow the administrative staff to function at a high level.

Ms. Southworth has been employed by the district since 2004. She began as a building sub and volleyball coach. Ms. Southworth moved to Meadows for one year to teach World Languages. She then moved to the middle school as a foreign language teacher and served in that capacity for twelve years. For the past two years, she has served as the Dean of Students at Novi Middle School.

Stacey Job currently serves at the Early Childhood Education Center and is responsible for our C.A.R.E. program, state licensing for our programs, and supervising summer camp programming. In these responsibilities, she hires, trains, and evaluates staff. These are clearly administrative responsibilities. This recommendation recognizes the work that Ms. Job does and places her appropriately within the administrative structure of the district.

Ms. Job assumed her current role when we restructured Community Education. Since that time, Ms. Job has taken on additional responsibilities as the program has grown and she has demonstrated an ability to work at a high level.

These recommendations support the work of the district and place people in positions where they will continue to ensure that we function at a high level. These staff members have demonstrated the capacity to enhance our district and will continue to do so in the positions to which that are recommended.

RECOMMENDATION:

That the Novi Community School District Board of Education approve Mrs. Stacey Job as C.A.R.E Supervisor and Angie Southworth as Dean of Students at Novi High School.

TOPIC: 2021 Board of Education Meeting Date Revision

The 2021 Board of Education Meeting schedule was presented and approved at the Organizational meeting held at the January 7, 2021 Board meeting. At the request of a Board member, the 2021 Board of Education Meeting calendar will be discussed.

The current August board meetings are set for August 5, 12, and 26 at 7:00 PM. Due to the first varsity home football game also falling on August 26, at 7:00 PM, it is suggested that this meeting be moved to August 25, at 5:30 PM. This meeting will focus on personnel recommendations and bond bid approvals.

If approved, this change will be posted on the website and in the Building on July 9, 2020

RECOMMENDATION:

That the Novi Community School District Board of Education move the August 26, 2021 Board meeting, at 7:00 PM, to August 25, 2021, at 5:30 PM.

SUPERINTENDENT OF SCHOOLS

TOPIC: Administrative Contract Renewal

The administrative contracts of the following administrators expire on June 30, 2022. Based on their evaluations and their job performance, it is recommended that the Superintendent be authorized to increase compensation for the following administrators by 2% and extend the following administrative contracts through June 30, 2023.

- Assistant Superintendent of Academics
 - Dr. RJ Webber
- Assistant Superintendent of Human Resources
 - Dr. Gary Kinzer
- Assistant Superintendent of Business and Operations
 - Gregory McIntyre
- High School Principal
 - Nicole Carter
- High School Assistant Principals (3)
 - Andy Comb
 - Dr. Melissa Jordan
 - Ron Kane
- Middle School Principal
 - Robert Baker
- Middle School Assistant Principal
 - Katy Dinkelmann
- Meadows Principals (2)
 - John Brickey
 - Lisa Fenchel
- Elementary Principals (4)
 - David Ascher
 - Dr. Julie Bedford
 - Dr. Alex Ofili
 - Laura Carino
- Director of Finance
 - Deanna Wheeler
- Director of Maintenance
 - Mike Dragoo
- Director of Student Services
 - Shailee Patel
- Director of Student Growth and Accountability
 - Jeff Dinkelmann

- Director of Student Support Services
 - Darby Hoppenstedt
- Director of Transportation
 - Cynthia Valentine
- Director of Early Childhood Education and Community Programs
 - Ann Hansen
- Director of Adult and Alternative Education
 - Linda Cianferra
- Marketing and Public Relations Specialist
 - George Sipple

In addition, these administrators, who have been approved by the Board, will have two year contracts from July 1, 2021 – June 30, 2023. Because of their status – new hires/positions - the 2% increase does not apply.

- Elementary Principal (replacing Pam Quitiquit)
 - Adva Ringle
- Novi Virtual School Principal (new position)
 - Emily Pohlonski
- High School Dean of Students (new high school position, moving from middle school)
 - Angie Southworth
- Assistant Director of Maintenance/Operations (replacing Jacob McDermott)
 - Eric Hettel
- Director of Athletics (replacing Brian Gordon)
 - Don Watchowski
- Assistant Director of Early Childhood
 - Stacey Job

Completing the administrative team is the Interim Special Education Supervisor position which was previously approved by the Board as a one-year position filled by Amanda Squires. This position also does not receive a 2% increase.

RECOMMENDATION: That the Novi Community School District Board of Education authorize the contracts and salary increases as noted above.

ACTING ASSISTANT SUPERINTENDENT OF BUSINESS AND OPERATIONS

TOPIC: Novi High School Scoreboard Projects

The Novi High School has three (3) proposed scoreboard upgrades. The first upgrade is to the NHS Stadium scoreboard where the proposal is to add a sound system and delay-of-Game timers. Three (3) quotes were received and AJ signs & installation provided the lowest quote. The team is also recommending a district managed contingency.

Equipment and Installation Labor costs are as follows:

	Equipment	Installation Labor	Total
Project			
Novi High School Stadium Scoreboard, Sound System and Delay-of-Game Timers	\$84,880	\$12,500	\$98,880
District Managed Contingency			\$9,900

The second upgrade is to the NHS Performance Gym where the proposal is to add a Ribbon Board and Sound System. A quote from Daktronics listing the equipment and cooperative pricing was received along with three (3) quotes for installation labor. The team is also recommending a district managed contingency.

Equipment and Installation Labor costs are as follows:

	Equipment	Installation Labor	Total
Project			
Novi High School Performance Gym Scoreboard, Ribbon Board and Sound System	\$266,597	\$19,500	\$286,097
District Managed Contingency			\$28,600

The third upgrade is to the NHS Fieldhouse Scoreboard where the proposal is to add a sound system. A quote from Daktronics listing the equipment and cooperative pricing was received along with three (3) quotes for installation labor. The team is also recommending a district managed contingency.

Equipment and Installation Labor costs are as follows:

	Equipment	Installation Labor	Total
Project			
Novi High School Fieldhouse Scoreboard, Sound System	\$52,676	\$4,000	\$56,676
District Managed Contingency			\$5,700

Recommendation:

That the Novi Community School District Board of Education approve the three (3) Novi High School scoreboard upgrades as presented above.

Mr. Gregory McIntyre, Assistant Superintendent
Novi Community School District
25345 Taft Road
Novi, MI 48347

Project Name: Novi Community School District
Novi High School Stadium Scoreboard, Sound System, and Delay-of-Game Timers
Novi, Michigan

Dear Mr. McIntyre

A team consisting of district athletic, technology and administrative staff worked with Integrated Design Solutions, Foresite Design, Daktronics, Plante Moran and others to determine the needs for a project to provide and install a new scoreboard, sound system, and delay-of-game timers for the Novi High School Stadium

Members of the team determined that a Daktronics scoreboard and sound systems would best meet the needs of the district.

The team determined that the equipment could be purchased via the Omnia Partners Cooperative. Equipment available through the Cooperative has been previously bid and thereby satisfy bond bid requirements. A quote from Daktronics listing the specific equipment and cooperative pricing is attached.

Jason Snook from Daktronics solicited quotes for the installation labor. Three quotes for installation labor were received. AJ Signs & Installation provided the lowest quote. AJ Signs & Installation performed athletic scoreboard installation work for all existing Daktronics scoreboards in the district.

Installation labor quotes for the NHS stadium project were as follows:

- AJ Signs & Installation \$14,000
- Maxxlite LED Signs \$19,500
- National Sign Co. \$28,655

Equipment and Installation Labor costs are as follows:

Project	Equipment	Installation Labor	Total
Novi High School Stadium Scoreboard, Sound System and Delay-of-Game Timers	\$84,880	\$14,000	\$98,880

The installation labor includes \$1,500 for the removal of existing speakers at the stadium and both gyms. Speakers will be turned over to the district for disposition.

Daktronics will consult with district staff to assist in the removal of legacy equipment from the existing rack.

The quote for the project was updated to include the AllSport Pro controller system.

The team recommends approval of the equipment purchase from Omnia Partners Cooperative in the amount of \$84,880 and an award to AJ Signs & Installation in the amount of \$14,000 for installation.

The team also recommends a district-managed contingency of \$9,900. This contingency will account for yet undetermined costs associated with final hook-up, electrical connection, system fine-tuning, and post-installation site clean-up.

Thank you for your attention to this matter. If you need further assistance, please contact me.

Sincerely,

Integrated Design Solutions, LLC

Mr. Gregory McIntyre, Assistant Superintendent
Novi Community School District
25345 Taft Road
Novi, MI 48347

Project Name: Novi Community School District
Novi High School Performance Gym Scoreboard, Ribbon Board and Sound System
Novi, Michigan

Dear Mr. McIntyre

A team consisting of district athletic, technology and administrative staff worked with Integrated Design Solutions, Foresite Design, Daktronics, Plante Moran and others to determine the requirements, options, and recommendations for a project to provide and install a new video scoreboard system and sound system for the Novi High School Performance Gym.

Members of the team determined that a Daktronics video scoreboard and sound systems would best meet the needs of the district.

The team determined that the equipment could be purchased via the Omnia Partners Cooperative. Equipment available through the Cooperative has been previously bid and thereby satisfy bond bid requirements. A quote from Daktronics listing the specific equipment and cooperative pricing is attached.

Jason Snook from Daktronics solicited quotes for the installation labor. Three quotes for installation labor were received. AJ Signs & Installation provided the lowest quote. AJ Signs & Installation performed athletic scoreboard installation work for all existing Daktronics scoreboards in the district.

Installation labor quotes for the NHS stadium project were as follows:

- AJ Signs & Installation \$19,500
- Maxxlite LED Signs \$31,000
- National Sign Co. \$42,291

Equipment and Installation Labor costs are as follows:

Project	Equipment	Installation Labor	Total
Novi High School Performance Gym Scoreboard, Ribbon Board and Sound	\$266,597	\$19,500	\$286,097

The new equipment will be installed in the existing rack. Daktronics will consult with the district staff to assist in the removal of legacy equipment from the existing rack.

The team recommends approval of the equipment purchase from Omnia Partners Cooperative in the amount of \$266,597 and an award to AJ Signs & Installation in the amount of \$19,500 for installation.

Mr. Gregory McIntyre
June 30, 2021

The team also recommends a district-managed contingency of \$28,600. This contingency will account for yet undetermined costs associated with final hook-up, electrical connection, system fine-tuning, and post-installation site clean-up.

Thank you for your attention to this matter. If you need further assistance, please contact me.

Sincerely,

Integrated Design Solutions, LLC

Project Name: Novi Community School District
Novi High School Fieldhouse Scoreboard and Sound System
Novi, Michigan

Dear Mr. McIntyre

A team consisting of district athletic, technology and administrative staff worked with Integrated Design Solutions, Foresite Design Solutions, Daktronics, Plante Moran and others to determine the needs for a project to provide and install a new scoreboard and sound system for the Novi High School Fieldhouse (Aux Gym.)

Members of the team determined that a Daktronics scoreboard and sound systems would best meet the needs of the district.

The team determined that the equipment could be purchased via the Omnia Partners Cooperative. Equipment available through the Cooperative has been previously bid and thereby satisfy bond bid requirements. A quote from Daktronics listing the specific equipment and cooperative pricing is attached.

Jason Snook from Daktronics solicited quotes for the installation labor. Three quotes for installation labor were received. AJ Signs & Installation provided the lowest quote. AJ Signs & Installation performed athletic scoreboard installation work for all existing Daktronics scoreboards in the district.

Installation labor quotes for the NHS stadium project were as follows:

- AJ Signs & Installation \$4,000
- Maxxlite LED Signs \$8,000
- National Sign Co. \$9,563

Equipment and Installation Labor costs are as follows:

Project	Equipment	Installation Labor	Total
Novi High School Fieldhouse Scoreboard and Sound System	\$52,676	\$4,000	\$56,676

The new equipment will be installed in the existing rack. Daktronics will consult with the district staff to assist in the removal of legacy equipment from the existing rack.

The team recommends approval of the equipment purchase from Omni Partners Cooperative in the amount of \$52,676 and an award to AJ Signs & Installation in the amount of \$4,000 for installation.

The team also recommends a district-managed contingency of \$5,700. This contingency will account for yet undetermined costs associated with final hook-up, electrical connection, system fine-tuning, and post-installation site clean-up.

Thank you for your attention to this matter. If you need further assistance, please contact me.

**BOARD OF EDUCATION
NOVI COMMUNITY SCHOOL DISTRICT
NOVI, MICHIGAN
July 8, 2021**

ACTING ASSISTANT SUPERINTENDENT OF BUSINESS AND OPERATIONS

TOPIC: Novi High School Pool Timing Equipment

In collaboration with District Administration, Plante Moran Cresa (PMC) is proposing the replacement of the existing pool timing system. The system is in need of replacing, so PMC procured proposals for the replacement and is recommending the new Colorado Timing Generation 7 System and Colorado Time Video Board.

The District has the option to utilize the existing Daktronics video board, however it is noted that there is no guarantee that there will be proper communication with the Colorado timing system.

Option 1 – Colorado Timing System (Generation 7) and Colorado Time Video Board	\$102,645.00
Option 2 – Colorado Timing System (Generation 7) and Daktronics Video Board	\$140,685.00

Recommendation:

That the Novi Board of Education approve the replacement of the pool timing equipment with option 1, the Colorado Timing System (Generation 7) and the Colorado Time Video Board in the amount of \$102,645.00.

**APPROVED AND RECOMMENDED FOR
BOARD ACTION**

RE: Novi Community Schools 2019 Bond Program
Contract Award Recommendation for High School Pool Timing System Equipment

Dear Mr. McIntyre

This letter transmits an update from Plante Moran Cresa (PMC) as it relates to the assignment to assist and advise Novi Community School District (NCSD) in its selection and procurement of a new pool timing system / equipment at the high school. This update represents the mutual efforts of the NCSD administration and PMC.

In collaboration with District Administration, PMC assisted with procuring proposals to replace the existing pool timing system with a new Colorado Timing Generation 7 System and a new pool video board. This work was coordinated with District Athletics and Councilman-Hunsacker executed the design.

The existing pool timing system needs replacement this fall / winter. This work could be considered emergency in nature. Considering this and the urgency of procuring equipment, PMC recommends making direct awards for this scope of work.

Pricing received from Colorado Time Systems for the new timing system and video board is \$102,645.00 and includes the new Generation 7 System, new video board, installation and training, and required supports and mounts for a new video board. Attached for reference is Colorado Time Systems proposal dated June 25, 2021. This award is for equipment only and the installation thereof, any pool modifications to accept the new system will be procured separately.

Per the District's direction, PMC procured alternate proposals to utilize a Daktronics video board in lieu of the specified Colorado Time video board. If the District elects to utilize a Daktronics board the cost to do so is \$77,040.00. The deduct from Colorado Time for their video board is \$39,000.00 Attached for reference is the video board proposal from Daktronics. This proposal was procured via consortium pricing.

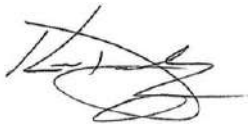

If the District elects to integrate a Colorado Timing System with a Daktronics video board, it should be noted that Colorado Time cannot guarantee proper communication with their timing system and a Daktronics video board.

Option #01 – Colorado Timing System (Generation 7) and Colorado Time Video Board \$102,645.00

Option #02 – Colorado Timing System (Generation 7) and Daktronics Video Board \$140,685.00

Sincerely,

Plante Moran Cresa

ACTING ASSISTANT SUPERINTENDENT OF BUSINESS AND OPERATIONS

TOPIC: Novi Meadows Soccer Scoreboard Project

A team consisting of district athletic, technology and administrative staff worked with Integrated Design Solutions, Foresite Design, Daktronics, Plante Moran and others to determine the needs for a project to provide and install a new video scoreboard and sound system for the Novi Meadows Soccer Stadium. A quote from Daktronics listing the equipment and cooperative pricing was received along with three (3) quotes for installation labor. The team is also recommending a district managed contingency.

Equipment and Installation Labor costs are as follows:

	Equipment	Installation Labor	Total
Project			
Novi Soccer Stadium Scoreboard, Video Scoreboard and Sound System	\$135,155	\$9,500	\$144,655
District Managed Contingency			\$14,500

Recommendation:

That the Novi Board of Education approve the equipment purchase from Omnia Partners Cooperative in the amount of \$135,155 and an award to AJ Signs & Installation in the amount of \$9,500 along with a district managed contingency of \$14,500 for a total project cost of \$144,655.

Dear Mr. McIntyre

A team consisting of district athletic, technology and administrative staff worked with Integrated Design Solutions, Foresite Design, Daktronics, Plante Moran and others to determine the needs for a project to provide and install a new video scoreboard and sound system for the Novi Meadows Soccer Stadium

Members of the team determined that a Daktronics scoreboard and sound systems would best meet the needs of the district.

The team determined that the equipment could be purchased via the Omnia Partners Cooperative. Equipment available through the Cooperative has been previously bid and thereby satisfy bond bid requirements. A quote from Daktronics listing the specific equipment and cooperative pricing is attached.

Jason Snook from Daktronics solicited quotes for the installation labor. Three quotes for installation labor were received. AJ Signs & Installation provided the lowest quote. AJ Signs & Installation performed athletic scoreboard installation work for all existing Daktronics scoreboards in the district.

Installation labor quotes for the NHS stadium project were as follows:

- AJ Signs & Installation \$9,500
- Maxxlite LED Signs \$13,000
- National Sign Co. \$21,801

Equipment and Installation Labor costs are as follows:

Project	Equipment	Installation Labor	Total
Novi Soccer Stadium Video Scoreboard and Sound System	\$135,155	\$9,500	\$144,655

This configuration uses the Allsport 5010 controller because the AllSport Pro is not currently capable of being configured for Soccer.

The team recommends approval of the equipment purchase from Omnia Partners Cooperative in the amount of \$135,155 and an award to AJ Signs & Installation in the amount of \$9,500 for installation.

The team also recommends a district-managed contingency of \$14,500. This will account for yet undetermined costs associated with final hook-up, electrical connection, system fine-tuning, and post-installation site clean-up.

Novi High School/Novi Meadows Athletic Updates FAQ

Stadium

- Will we be removing all of the existing speakers in the stadium?
 - o Yes. Work will be done by the electrical contractor.
- Will we be removing the 3 sound amps in the rack?
 - o Yes. District should take responsibility to remove the old amps (in consultation with Daktronics)
- Can the new "Sportsound Rack 100" be installed in the current rack?
 - o Yes, however Daktronics racks come pre-wired so it will involve additional work to re-wire the rack
 - o Daktronics will work with the district to make sure the work is done to the district's satisfaction.
- Why will the new analog board be connected "wireless" vs fiber?
 - o It will be done both ways. Wireless give the district more flexibility.
- Are we not running additional fiber from the pressbox for the new sound system? Why not also for the analog board?
 - § Daktronics will verify the available fiber strands to accommodate the complete system. If we need new fiber, Daktronics will provide the material and the installation will be coordinated with the electrical contractor.
- Why an Allsport 5010 vs the new Allsport Pro for the board (like in the performance gym)?
 - o Daktronics will provide the Allsport Pro for the Stadium as well as the performance gym.

Performance Gym

- What exactly is the fiber for, sound or video boards?
 - o The fiber is for both sound and video.
- Where will the sound cabinet go? Permanent install or portable rack?
 - o Daktronics can do it either way but it typically goes into the standard rack. Plan is to install the new equipment in the existing location/rack.

Soccer

- Why an Allsport 5010 vs the new Allsport Pro for the board (like in the performance gym)?
 - o Jason will confirm whether or not the Allsport Pro is capable of handling Soccer. The Allsport 5010 is capable of handling soccer. If the Allsport Pro is soccer capable, we will use the Allsport Pro. Daktronics will provide the cost delta.

June 14, 2021

To the Board of Education
Novi Community School District
25345 Taft Road
Novi, MI 48374

Dear Board Members:

We are in the process of planning for the audit of the financial statements of Novi Community School District (the "District") for the year ended June 30, 2021. An important aspect of planning for the audit is communication with those who have responsibility for overseeing the strategic direction of the District and obligations related to the accountability of the District. At the District these responsibilities and obligations are held by the Board of Education, collectively and individually; therefore, it is important for us to communicate with each of you in your role as a member of the Board of Education.

As part of this communication process, we will speak with Ms. Kathy Hood regarding our responsibilities under generally accepted auditing standards and the planned scope and timing of our audit. The purpose of this letter is to provide each of you with a summary of those discussions and to provide you with the opportunity to communicate with us on matters that may impact our audit.

Our Responsibility Under Generally Accepted Auditing Standards and Generally Accepted Government Auditing Standards

As stated in our engagement letter addressed to Dr. Steven Matthews and dated June 14, 2021, our responsibility, as described by professional standards, is to express an opinion about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles. Our audit of the financial statements does not relieve you or management of your responsibilities.

In accordance with Generally Accepted Government Auditing Standards (GAO Standards), we are required to communicate all noncompliance with provisions of laws, regulations, contracts or grants that have a material effect on the financial statements that comes to our attention. GAO standards also require that we report any instances of abuse identified during that audit that could be quantitatively or qualitatively material to the financial statements.

Overview of the Planned Scope and Timing of the Audit

Our audit fieldwork will include three phases. The planning and preliminary information-gathering phase occur during June 2021; the risk assessment phase in June and July 2021; and the rest of our audit procedures will be performed during August and September 2021.

This timing may be subject to developments related to the Coronavirus pandemic. The nature of continued government restrictions, the accessibility of your staff and availability data, particularly in a possible remote environment if required, could impact this planned timing. We will inform the Board of Education of any significant delays.

To plan an effective audit, we must identify significant risks of misstatement in the financial statements and design procedures to address those risks. Our communication with the Board of Education is an important element in our identification of potential risks of material misstatement.

A significant risk that we identified is that during 2021 the District received federal and state funding that was in response to the Coronavirus pandemic. Many of these funds are restricted and cannot be recognized as revenue until they have been used in accordance with the stipulations placed on these funds. The risk is that the District has reported revenue prior to having satisfied the requirements associated with these funds. We will audit the District's supporting documentation in order to verify that only funds meeting the criteria of having been earned, are reported as revenue. Any amounts received but not yet earned should be reported as unearned revenue (liability).

We will gain an understanding of accounting processes and key internal controls through a review of the accounting procedures questionnaires and control procedures questionnaires prepared by management. We will confirm through observation and inspection procedures that accounting procedures and controls included in the questionnaires have been implemented. We will not express an opinion on the effectiveness of internal control over financial reporting; however we will communicate to you significant deficiencies and material weaknesses identified in connection with our audit.

The concept of materiality is inherent in our work. We place greater emphasis on those items that have, on a relative basis, more importance to the financial statements and greater possibilities of material error than with those items of lesser importance or those in which the possibility of material error is remote. In determining the materiality threshold we considered the users of the financial statements. As we understand, the users of School District's financial statements are the Board of Education, management and federal and state awarding agencies; therefore, our consideration of qualitative and quantitative factors used to determine appropriate materiality thresholds is impacted accordingly.

Information from You Relevant to Our Audit

An important aspect of this communication process is the opportunity for us to obtain from you information that is relevant to our audit. Your views about any of the following are relevant to our audit:

- The District's objectives and strategies, and the related business risks that may result in material misstatements
- Matters you consider warrant particular attention during the audit, and any areas where you want to request additional procedures be undertaken
- Concerns about the District's internal control and its importance to the District, including how the Board of Education oversees the effectiveness of internal control and the detection or possibility of fraud
- Significant communications with regulators

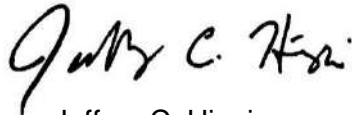

- The actions of the Board of Education in response to developments in accounting standards, regulations, laws, previous communications from us, and other related matters

If you have any information to communicate to us regarding the above or any other matters you believe are relevant to the audit, or if you would like to discuss the audit in more detail, please call Jeff at 734-302-6918 or Chris at 586-416-4920, as soon as possible.

Thank you for your time and consideration in this important aspect of the audit process. You can expect to hear from us again after the completion of our audit when we will report to you the significant findings from the audit.

Very truly yours,

Plante & Moran, PLLC

Dear Mr. McIntyre:

Thank you for your selection of Plante & Moran, PLLC ("PM") to assist you. We are sending this letter and the accompanying Professional Services Agreement, which is hereby incorporated as part of this engagement letter, to confirm our understanding of the nature, limitations, and terms of the services we will provide to Novi Community School District ("District").

Scope of Services

We will audit District's basic financial statements and federal awards as of and for the year ended June 30, 2021. In addition, the other supplemental information as identified in the table of contents accompanying the financial statements, and the schedule of expenditures of federal awards, will be subjected to the auditing procedures applied in our audit of the financial statements.

In connection with our audit engagement, we will assist you in drafting your financial statements, supplementary information, and related notes including preparation of adjustments to present governmental activities on a full accrual basis and will also prepare the Data Collection Form (DCF). This assistance is considered a non-audit service and you agree to the contemporaneous provision of these audit and non-audit services.

If you determine that you need additional services, including accounting, consulting, or tax assistance, PM can be available to provide such additional services if and to the extent provided for in a separate, signed engagement agreement.

Timing of Services

Due to the effects of the Coronavirus pandemic, we may perform some or all of our procedures remotely. This work is expected to begin on August 9, 2021.

Fees and Payment Terms

Our fee for this engagement will be based on the value of the services provided, which is primarily a function of the time that PM staff expends at our current hourly rates. As quoted in our proposal, we estimate that our fee for this engagement will not exceed \$46,250 for the basic and federal programs audits, including assisting the District in drafting the financial statements, supplementary information, and related notes included in the preparation of adjustments to present governmental activities on a full accrual basis, and the Data Collection Form.

Due to significant changes to federal grant programs as a result of the Coronavirus pandemic, any fee estimates for auditing new or existing federal grants, where final changes, interpretations or regulations from federal grantor authorities or pass through agencies have not been issued or clarified, may require additional audit time above the quoted fee to be incurred. In the event this arises, we will discuss these additional fee estimates with you.

Our fee does not include additional services that may be required as a result of issues related to the Coronavirus pandemic, including accounting and disclosure matters, or those caused by delays in engagement timing or procedures. In the event any of these issues arise, we will discuss additional fee estimates with you.

Invoices for audit services will be rendered as services are provided and are due when received. In the event an invoice is not paid timely, a late charge in the amount of 1.25 percent per month will be added, beginning 30 days after the date of the invoice.

If you are in agreement with our understanding of this engagement, as set forth in this engagement letter and the accompanying Professional Services Agreement, please sign the enclosed copy of this letter and return it to us with the accompanying Professional Services Agreement.

Thank you for the opportunity to serve you.

Very truly yours,

Plante & Moran, PLLC

Jeffrey C. Higgins

Agreed and Accepted

We accept this engagement letter and the accompanying Professional Services Agreement (collectively "Agreement"), which set forth the entire agreement between Novi Community School District and Plante & Moran, PLLC with respect to the services specified in the Scope of Services section of this engagement letter.

Professional Services Agreement – Audit Services Addendum to Plante & Moran, PLLC Engagement Letter

This Professional Services Agreement is part of the engagement letter for audit services dated June 14, 2021 between Plante & Moran, PLLC (referred to herein as “PM”) and Novi Community School District (referred to herein as “District”).

1. **Financial Statements** – The financial statements of District being audited by PM are to be presented in accordance with accounting principles generally accepted in the United States of America (GAAP).
2. **Management Responsibilities** – District management is responsible for the preparation and fair presentation of these financial statements, the schedule of federal awards, and the data collection form in accordance with the applicable financial reporting framework, including compliance with the requirements of accounting principles generally accepted in the United States of America when required and the completeness and accuracy of the information presented and disclosed therein. Management is also responsible for the capability and integrity of District personnel responsible for District’s underlying accounting and financial records.

District personnel will provide PM, in a timely and orderly manner, with access to all information of which management is aware that is relevant to the preparation and fair presentation of the financial statements, the schedule of federal awards, and the data collection form, such as records, documentation, and other matters and additional information that the auditor may request from management for the purpose of the audit.

This includes providing assistance and information PM requests during the course of its audit, including retrieval of records and preparation of schedules, analyses of accounts, and confirmations. A written request for information to be provided will be submitted under separate cover and supplemented by additional written and oral requests as necessary during the course of PM’s audit. In addition, District will provide PM with all information in its possession that has a material impact on any material transaction and that information will be complete, truthful, and accurate. District will allow PM unrestricted access to personnel within District from whom PM determines it necessary to obtain audit evidence.

District represents and warrants that any and all information that it transmits to PM will be done so in full compliance with all applicable federal, state, local, and foreign privacy and data protection laws, as well as all other applicable regulations and directives, as may be amended from time to time (collectively, “Data Privacy Laws”). District shall not disclose personal data of data subjects (“Personal Data”) who are entitled to certain rights and protections afforded by Data Privacy Laws to PM without prior notification to PM. District shall make reasonable efforts to limit the disclosure of Personal Data to PM to the minimum necessary to accomplish the intended purpose of the disclosure to PM.

Management is responsible for making all management decisions and performing all management functions relating to the financial statements, full accrual (GASB 34) entries, supplementary financial information, related notes, schedule of federal awards, and the data collection form. Management accepts full responsibility for such decisions, even if PM provides advice as to the application of accounting principles or assists in drafting the financial statements, full accrual (GASB 34) entries, supplementary financial information, related notes, schedule of federal awards, or data collection form. Management is also ultimately responsible for the submission of the data collection form to the Federal Audit Clearinghouse. District has designated Mr. Greg McIntyre to oversee financial statement and federal awards reporting related services PM provides. Management will be required to acknowledge in the management representation letter that it has reviewed and approved the financial statements, full accrual (GASB 34) entries, supplementary financial information, and related notes prior to their issuance and have accepted responsibility for the adequacy of the financial statements.

Management is responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing PM about all known or suspected fraud affecting the District involving (a) management, (b) employees who have significant roles in internal control, and (c) others where the fraud could have a material effect on the financial statements. Management’s responsibilities include informing PM of its knowledge of any allegations of fraud or suspected fraud affecting the District received in communications from employees, former employees, regulators, or others. In addition, management is responsible for identifying and ensuring that the entity complies with applicable laws and regulations.

Management is responsible for providing PM with complete, accurate, and timely information that could bear on PM’s independence under applicable professional standards, including, but not limited to, information and representations regarding affiliates of District, business or personal relationships between District and PM, and business, personal and employment relationships between those in a financial reporting oversight role, including members of governance, and PM (collectively, Independence Information). District represents and warrants that (a) it has provided PM any and all Independence Information existing as of the date of this Agreement, (b) that such Independence Information is accurate and complete as of the date of this Agreement, (c) that it will notify PM of any changes to Independence Information that has been provided as of the date of this Agreement, and (d) that,

after the date of this Agreement, it will provide any new Independence Information to PM as soon as it becomes known to District.

3. **Objective of an Audit of Financial Statements** – The objective of PM's audit is the expression of an opinion on the District financial statements specified in the accompanying engagement letter. PM offers no guarantee, express or implied, that its opinion will be unmodified or that it will be able to form an opinion about these financial statements in the event that District's internal controls or accounting and financial records prove to be unreliable or otherwise not auditable. If PM's opinion is to be modified, PM will discuss the reasons with District management in advance of the issuance of its audit report. If, for any reason, PM is prevented from completing its audit or is unable to form an opinion on these financial statements, PM may terminate the engagement and decline to issue a report.
4. **Supplementary Information** – In any document that contains supplementary information to the basic financial statements that indicates that the auditor has reported on such supplementary information, management agrees to include the auditor's report on that supplementary information. In addition, management agrees to present the supplementary information with the audited financial statements or to make the audited financial statements readily available no later than the date of issuance by District of the supplementary information and the auditor's report thereon.
5. **Internal Controls** – District is responsible for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error, including controls established for the purpose of preventing or detecting errors in financial reporting, preventing fraud or misappropriation of assets, and identifying and complying with applicable laws and regulations, including those applicable to federal awards, and with the provisions of contracts and grant agreements. PM, in making its risk assessments, will consider internal control relevant to District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. PM's audit will not be designed to provide assurance on the design or operating effectiveness of District's internal controls or to identify all conditions that represent significant deficiencies in those internal controls. PM will communicate all significant deficiencies and material weaknesses in internal controls relevant to the audit of the financial statements, instances of fraud, or misappropriation of assets that come to PM's attention.
6. **Audit Procedures and Limitations** – PM's audit of the financial statements will be conducted in accordance with auditing standards generally accepted in the United States of America (GAAS) and *Government Auditing Standards*, issued by the Comptroller General of the United States, and will include examination, on a test basis, of evidence supporting the amounts and disclosures in the District financial statements specified in this engagement letter. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. An audit in accordance with GAAS involves judgment about the number of transactions to be tested and the overall approach to testing in each area. As a result, PM's audit can only be designed to provide reasonable rather than absolute assurance that these financial statements are free from material misstatement. In addition, an audit in accordance with GAAS is not designed to detect errors or fraud that are immaterial to the financial statements. Because of the inherent limitations of an audit, together with the inherent limitations of internal control, an unavoidable risk that some material misstatements may not be detected always exists, even in an audit properly planned and performed in accordance with GAAS. In recognition of these limitations, District acknowledges that PM's audit cannot guarantee that all instances of error or fraud will be identified.
7. **Government Auditing Standards** – Under *Government Auditing Standards*, PM will make some assessments of District's compliance with laws, regulations, and contract provisions. While those assessments will not be sufficient to identify all noncompliance with applicable laws, regulations, and contract provisions, PM will communicate all noncompliance conditions that come to PM's attention.

PM's audit of District's federal awards will be made in accordance with auditing standards generally accepted in the United States of America; the standards applicable for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (*Uniform Guidance*).

Management is responsible for corrective action on all audit findings, including preparation of a schedule of prior audit findings and corrective action plans, if necessary.

In accordance with *Government Auditing Standards*, a copy of PM's most recent peer review report is included as an attachment to this Agreement.

- 8. Auditor Communications** – PM is obligated to communicate certain matters related to the audit to those responsible for governance of District, including instances of error or fraud and significant deficiencies and material weaknesses in internal control that PM identifies during its audit. PM will communicate these matters to the members of District's governing board, and District acknowledges and agrees that communication in this manner is sufficient for District's purposes.

Communication to Group Auditor – In instances where PM has been engaged as a component auditor for the purposes of a Group Audit, the terms of the engagement may include communication of certain matters related to the audit to the Group Auditor. District permits such communication. PM will discuss matters being communicated with those responsible for governance of District.

Under *Government Auditing Standards* PM is obligated to communicate instances of fraud, noncompliance or abuse that is material to the financial statements to those responsible for governance of District. In certain situations, *Government Auditing Standards* require disclosure of instances of known or likely fraud, noncompliance, or abuse directly to applicable governmental agencies. If such acts are detected during PM's audit, PM will make required disclosures regarding these acts to applicable government agencies.

- 9. Accounting and Financial Records** – District agrees that it is responsible for providing PM with accounting and financial records that are closed, complete, accurate, and in conformity with the requirements of GAAP, for providing schedules and analyses of accounts that PM requests, and for making all District financial records and related information available to PM for purposes of PM's audit. Where PM has provided estimates of the timing of its work and completion of PM's engagement and issuance of PM's report, those estimates are dependent on District providing PM with all such accounting and financial records, schedules, and analyses on the date PM's work commences. PM will assess the condition of District's accounting and financial records, schedules, and analyses of accounts prior to commencing its work. In the event that such records, schedules, and analyses are not closed, complete, accurate, or in conformity with GAAP, PM may have to reschedule its work, including the dates on which PM expects to complete its on-site procedures and issue its audit report.

In any circumstance where PM's work is rescheduled due to District's failure to provide information as described in the preceding paragraph, PM offers no guarantee, express or implied, that PM will be able to meet any previously established deadlines related to the completion of the audit work or issuance of its audit report. Because rescheduling audit work imposes additional costs on PM, in any circumstance where PM has provided estimated fees, those estimated fees may be adjusted for the additional time PM incurs as a result of rescheduling its work. These fee adjustments will be determined in accordance with the Fee Adjustments provision of this Agreement.

- 10. Audit Adjustments** – PM will recommend adjustments to District's accounting records that PM believes are appropriate. District management is responsible for adjusting District accounting records and financial statements to correct material misstatements and for affirming to PM in writing that the effects of any unrecorded adjustments identified during PM's audit are immaterial, both individually and in the aggregate, to the District financial statements specified in this Agreement.
- 11. Management Representations** – District is responsible for the financial statements and federal awards being audited and the implicit and explicit representations and assertions regarding the recognition, measurement, presentation, and disclosure of information therein. During the course of the audit, PM will request information and explanations from District officers, management, and other personnel regarding accounting and financial matters, including information regarding internal controls, operations, future plans, and the nature and purpose of specific transactions. PM will also require that management make certain representations to PM in writing as a precondition to issuance of PM's report.

PM's audit procedures will be significantly affected by the representations and assertions PM receives from management and, accordingly, false representations could cause material error or fraud to go undetected by PM's procedures. Accordingly, District acknowledges and agrees that it will instruct each person providing information, explanations, or representations to an auditor to provide true and complete information, to the best of his or her knowledge and belief. It is also agreed that any deliberate misrepresentation by any director, officer, or member of management, or any other person acting under the direction thereof ("District Personnel"), intended to influence, coerce, manipulate, or mislead PM in the conduct of its audit of the financial statements will be considered a material breach of this Agreement. In addition, as a condition of its audit engagement, District agrees to indemnify and hold PM and its partners, affiliates, and employees harmless from any and all claims, including associated attorneys' fees and costs, based on PM's failure to detect material misstatements in District financial statements resulting in whole or in part from deliberate false or misleading representations, whether oral or written, made to PM by District Personnel. This indemnity will be inoperative only if, and to the extent that, a court having competent jurisdiction has determined that PM failed to conduct its audit in accordance with generally accepted auditing standards and such failure resulted in PM not determining such misrepresentation by District Personnel was false.

- 12. Use of Report** – PM's report on the financial statements must be associated only with the financial statements that were the subject of PM's audit engagement. District may make copies of the audit report, but only if the entire financial statements (including related footnotes and supplemental information, as appropriate) are reproduced and distributed with that report. District agrees not to reproduce or associate PM's audit report with any other financial statements, or portions thereof, that are not the subject of this engagement.

If PM's report on the financial statements being audited is to be published in any manner or if District intends to make reference to PM in a publication of any type, District agrees to submit proofs of the publication to PM for review prior to such publication and cooperate with PM in PM's performance of any additional audit procedures PM deems necessary in the circumstances, the nature and extent of which will be at PM's sole discretion. District acknowledges and agrees that additional fees for such work will be determined in accordance with the Fee Adjustments provision of this Agreement. With regard to the electronic dissemination of audited financial statements, including financial statements published electronically on District's Internet website, District understands that electronic sites are a means to distribute information and, therefore, PM is not required to read the information contained in these sites or to consider the consistency of other information in the electronic site with the original document.

- 13. Securities Offerings** – PM's audit does not contemplate, and does not include, any services in connection with any offering of securities, whether registered or exempt from registration. In the event District elects to incorporate or make reference to PM's report in connection with any offering of debt or equity securities and requests PM's consent to such incorporation or reference, District understands that additional procedures will need to be performed. In the event PM agrees in writing to perform such additional procedures, the nature and extent of which will be at PM's sole discretion, it is agreed and acknowledged that PM's performance of such additional procedures will be subject to all of the terms and conditions of this Agreement. Additional fees for such work will be determined based on the actual time that PM staff expend at current hourly rates, plus all reasonable and necessary travel and out-of-pocket costs incurred, and that payment for all such additional fees will be made in accordance with the payment terms provided in this Agreement.

If District incorporates or makes reference to PM's report in connection with any offering of debt or equity securities without obtaining consent from PM as described above, District agrees to include the following provision in the offering document:

Plante & Moran, PLLC, our independent auditor, has not performed or been engaged to perform any services in connection with the offering of securities. Nor has Plante & Moran, PLLC performed or been engaged to perform any procedures on the financial statements of District since the date of the Plante & Moran, PLLC report included herein. Plante & Moran, PLLC also has not performed any procedures relating to this offering document.

- 14. Tax Return Preparation** – This engagement does not include preparation of any tax returns or filings. If District requires tax services, including tax consulting or preparation of tax returns, those services will be detailed in a separate engagement letter.

- 15. Confidentiality, Ownership, and Retention of Workpapers** – During the course of this engagement, PM and PM staff may have access to proprietary information of District, including, but not limited to, information regarding general ledger balances, financial transactions, trade secrets, business methods, plans, or projects. PM acknowledges that such information, regardless of its form, is confidential and proprietary to District. PM will comply with all applicable ethical standards, laws, and regulations as to the retention, protection, use and distribution of such confidential District information. Except to the extent set forth herein, PM will not disclose such information to any third party without the prior written consent of District.

In the interest of facilitating PM's services to District, PM may communicate or exchange data by internet, e-mail, facsimile transmission, or other electronic method. While PM will use its best efforts to keep such communications and transmissions secure in accordance with PM's obligations under applicable laws and professional standards, District recognizes and accepts that PM has no control over the unauthorized interception of these communications or transmissions once they have been sent, and consents to PM's use of these electronic devices during this engagement.

Professional standards require that PM create and retain certain workpapers for engagements of this nature. All workpapers created in the course of this engagement are and shall remain the property of PM. PM will maintain the confidentiality of all such workpapers as long as they remain in PM's possession.

Both District and PM acknowledge, however, that PM may be required to make its workpapers available to regulatory authorities or by court order or subpoena in a legal, administrative, arbitration, or similar proceeding in which PM is not a party. Further, in compliance with Title 2 U.S. Code of Federal Regulations Part 200, *Uniform*

Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), PM's working papers will be made available to federal award program representatives at PM offices during normal business hours during the audit and for a period of three years after the issuance of the report. Disclosure of confidential information in accordance with requirements of regulatory authorities or pursuant to court order or subpoena shall not constitute a breach of the provisions of this Agreement. In the event that a request for any confidential information or workpapers covered by this Agreement is made by regulatory authorities or pursuant to a court order or subpoena, PM agrees to inform District in a timely manner of such request and to cooperate with District should it attempt, at District's cost, to limit such access. This provision will survive the termination of this Agreement. PM's efforts in complying with such requests will be deemed billable to District as a separate engagement. PM shall be entitled to compensation for its time and reasonable reimbursement of its expenses (including legal fees) in complying with the request.

Both District and PM acknowledge that upon completion of the audit PM is required to send an electronic copy of District's financial report, single audit report, corrective action plan (if applicable) and report to the board of education, directly to the State of Michigan Department of Education. District authorizes and directs PM to provide such information and disclosure of such information shall not constitute a breach of the provisions of this Agreement.

PM reserves the right to destroy, and it is understood that PM will destroy, workpapers created in the course of this engagement in accordance with PM's record retention and destruction policies, which are designed to meet all relevant regulatory requirements for retention of workpapers. PM has no obligation to maintain workpapers other than for its own purposes or to meet those regulatory requirements.

Upon District's written request, PM may, at its sole discretion, allow others to view any workpapers remaining in its possession if there is a specific business purpose for such a review. PM will evaluate each written request independently. District acknowledges and agrees that PM will have no obligation to provide such access or to provide copies of PM's workpapers, without regard to whether access had been granted with respect to any prior requests.

16. Consent to Disclosures to Service Providers – In some circumstances, PM may use third-party service providers to assist with its services, including affiliates of PM within or outside the United States. In those circumstances, PM will be solely responsible for the provision of any services by any such third-party service providers and for the protection of any information provided to such third-party service providers. PM will require any such third-party service provider to: (i) maintain the confidentiality of any information furnished; and (ii) not use any information for any purpose unrelated to assisting with PM's services for District. In order to enable these third party service providers to assist PM in this capacity, District, by its duly authorized signature on the accompanying engagement letter, consents to PM's disclosure of all or any portion of District's information, including tax return information, to such third party service providers, including affiliates of PM outside of the United States, if and to the extent such information is relevant to the services such third party service providers may provide and agrees that PM's disclosure of such information for such purposes shall not constitute a breach of the provisions of this Agreement. District's consent shall be continuing until the services provided for this Agreement are completed.

17. Fee Quotes – In any circumstance where PM has provided estimated fees, fixed fees, or not-to-exceed fees ("Fee Quotes"), these Fee Quotes are based on information provided by District regarding the nature and condition of its accounting, financial, and tax records; the nature and character of transactions reflected in those records; and the design and operating effectiveness of its internal controls. District acknowledges that the following circumstances may result in an increase in fees:

- Failure by District to prepare for the audit as evidenced by accounts and records that have not been subject to normal year-end closing and reconciliation procedures;
- Failure by District to complete the audit preparation work by the applicable due dates;
- Significant unanticipated or undisclosed transactions, audit issues, or other such unforeseeable circumstances, including those created by the Coronavirus pandemic and resulting market conditions;
- Delays by District causing scheduling changes or disruption of fieldwork; including challenges created by the Coronavirus pandemic resulting from the inaccessibility of District personnel or records;
- After audit or post fieldwork circumstances requiring revisions to work previously completed or delays in resolution of issues that extend the period of time necessary to complete the audit;
- Issues with the prior audit firm, prior year account balances, or report disclosures that impact the current year engagement;
- An excessive number of audit adjustments.

PM will advise District in the event these circumstances occur, however it is acknowledged that the exact impact on the Fee Quote may not be determinable until the conclusion of the engagement. Such fee adjustments will be determined in accordance with the Fee Adjustments provision of this Agreement.

- 18. Payment Terms** – PM's invoices for professional services are due upon receipt unless otherwise specified in the engagement letter. In the event any of PM's invoices are not paid in accordance with the terms of this Agreement, PM may elect, at PM's sole discretion, to suspend work until PM receives payment in full for all amounts due or terminate this engagement. In the event that work is suspended, for nonpayment or other reasons, and subsequently resumed, PM offers no guarantee, express or implied, that PM will be able to meet any previously established deadlines related to the completion of PM's audit work or issuance of PM's audit report upon resumption of PM's work. District agrees that in the event PM stops work or terminates this Agreement as a result of District's failure to pay fees on a timely basis for services rendered by PM as provided in this Agreement, or if PM terminates this Agreement for any other reason, PM shall not be liable for any damages that occur as a result of PM ceasing to render services.
- 19. Fee Adjustments** – Any fee adjustments for reasons described elsewhere in this Agreement will be determined based on the actual time expended by PM staff at PM's current hourly rates, plus all reasonable and necessary travel and out-of-pocket costs incurred and included as an adjustment to PM's invoices related to this engagement. District acknowledges and agrees that payment for all such fee adjustments will be made in accordance with the payment terms provided in this Agreement.
- 20. Conditions of PM Visit to District Facilities** – District agrees that PM's services will be provided remotely to the maximum extent possible. In order to facilitate the provision of services remotely, District agrees to provide documentation and other information reasonably required by PM for PM's performance of the engaged services electronically to the extent possible throughout the course of the engagement. In the event in-person visits to District's facility(ies) are determined by PM in its sole discretion to be necessary for the performance of the engaged services, District agrees, as a pre-condition to any such in-person visit, to provide to PM for PM's evaluation District's policies and procedures that District has implemented and will adhere to relating to workplace safety and the prevention of the transmission of disease at its facility(ies). In addition, District affirms that it is in compliance with applicable Centers for Disease Control and Prevention and OSHA guidance pertaining to the prevention of the transmission of disease (collectively, "Applicable Preventative Guidance") and agrees that it shall continue to comply with Applicable Preventative Guidance throughout any in-person visits by PM to District's facility(ies). District further affirms that it is in compliance and shall continue to comply with all other applicable laws, regulations, or executive orders relating to COVID-19 or the prevention of the spread thereof (collectively, "COVID-19 Laws") and agrees that it shall continue to comply with COVID-19 Laws throughout any in-person visits by PM to District's facility(ies). Notwithstanding the foregoing, PM reserves the right to suspend or refrain from any in-person visit by PM to District's facility(ies) or impose further conditions on any such in-person visit if and as PM deems necessary at its sole discretion. District agrees and acknowledges that any determination by PM to visit District's facility(ies) is not and shall not be construed to be or relied on by District as a determination by PM of District's compliance with Applicable Preventative Guidance or any COVID-19 Laws.
- 21. Release and Hold Harmless for Biological Agent Liability** – District acknowledges that there is an inherent risk of exposure to COVID-19 or other infectious diseases associated with any in-person interaction or in-person visit to property. Accordingly, District, for itself and its successors and assigns, hereby releases PM and each of PM's officers, directors, partners, members, managers, employees, affiliated, parent or subsidiary entities, and approved third party service providers (collectively, "PM Persons") from any and all claims or causes of action that the District has, or hereafter may or shall have, against any of them in connection with, related to, or arising out of COVID-19 or other infectious diseases or the transmission thereof associated with a visit by one or more of the PM Persons to any District facility(ies) or other in-person interaction with District personnel (collectively hereafter "Biological Agent Liability"). Moreover, District shall indemnify, defend and hold harmless the PM Persons from and against all claims, liabilities, losses and expenses suffered or incurred by any of them associated with any claim of Biological Agent Liability related to, arising out of or in connection with any visit by any PM Persons to a District facility(ies) or other in-person interaction with District personnel.
- 22. Exclusion of Certain Damages** – In no event shall either party be liable to the other, whether a claim be in tort, contract, or otherwise, for any indirect, consequential, punitive, exemplary, lost profits, or similar damages in claims relating to PM's services provided under this engagement.
- 23. Receipt of Legal Process** – In the event PM is required to respond to a subpoena, court order, or other legal process (in a matter involving District but not PM) for the production of documents and/or testimony relative to information PM obtained and/or prepared during the course of this engagement, District agrees to compensate PM for the affected PM staff's time at such staff's current hourly rates, and to reimburse PM for all of PM's out-of-pocket costs incurred associated with PM's response unless otherwise reimbursed by a third party.

- 24. Subsequent Discovery of Facts** – After the date of PM's report on the financial statements, PM has no obligation to make any further or continuing inquiry or perform any other auditing procedures with respect to the audited financial statements covered by PM's report, unless new information that may affect the report comes to PM's attention. If PM becomes aware of information that relates to these financial statements but was not known to PM at the date of its report, and that is of such a nature and from such a source that PM would have investigated it had it come to PM's attention during the course of the audit, PM will, as soon as practicable, undertake to determine whether the information is reliable and whether the facts existed at the date of PM's report. In this connection, PM will discuss the matter with District and request cooperation in whatever investigation and modification of the financial statements that may be necessary. Additional fees for such work will be determined based on the actual time that PM staff expend at PM's current hourly rates, plus all reasonable and necessary travel and out-of-pocket costs incurred, and District acknowledges and agrees that payment for all such additional fees will be made in accordance with the payment terms provided in this Agreement.
- 25. Termination of Engagement** – This Agreement may be terminated by either party upon written notice. Upon notification of termination, PM's services will cease and PM's engagement will be deemed to have been completed. District will be obligated to compensate PM for all time expended and to reimburse PM for all out-of-pocket expenditures through the date of termination of this engagement.
- 26. Entire Agreement** – This Agreement is contractual in nature and includes all of the relevant terms that will govern the engagement for which it has been prepared. The terms of this letter supersede any prior oral or written representations or commitments by or between the parties regarding the subject matter hereof. Any material changes or additions to the terms set forth in this letter will only become effective if evidenced by a written amendment to this Agreement, signed by all of the parties.
- 27. Severability** – If any provision of this Agreement (in whole or part) is held to be invalid or otherwise unenforceable, the other provisions shall remain in full force and effect.
- 28. Force Majeure** – Neither party shall be deemed to be in breach of this Agreement as a result of any delays or non-performance directly or indirectly resulting from circumstances or causes beyond its reasonable control, including, without limitation, fire or other casualty, acts of God, war, other violence, epidemic, pandemic or other public health emergency or government mandated shut down (each individually a "Force Majeure Event"). A Force Majeure Event shall not excuse any payment obligation relating to fees or costs incurred prior to any such Force Majeure Event.
- 29. Signatures** – Any electronic signature transmitted through DocuSign or manual signature on this engagement letter transmitted by facsimile or by electronic mail in portable document format may be considered an original signature.
- 30. Governing Law** – This Agreement shall be governed by and construed in accordance with the laws of the State of Michigan, and jurisdiction over any action to enforce this Agreement, or any dispute arising from or relating to this Agreement shall reside exclusively within the State of Michigan.

A Professional Accounting Corporation

Report on the Firm's System of Quality Control

To the Partners of
Plante & Moran, PLLC
and the National Peer Review Committee

We have reviewed the system of quality control for the accounting and auditing practice of Plante & Moran, PLLC (the firm) applicable to engagements not subject to PCAOB permanent inspection in effect for the year ended June 30, 2019. Our peer review was conducted in accordance with the Standards for Performing and Reporting on Peer Reviews established by the Peer Review Board of the American Institute of Certified Public Accountants (Standards).

A summary of the nature, objectives, scope, limitations of, and the procedures performed in a System Review as described in the Standards may be found at www.aicpa.org/prsummary. The summary also includes an explanation of how engagements identified as not performed or reported in conformity with applicable professional standards, if any, are evaluated by a peer reviewer to determine a peer review rating.

Firm's Responsibility

The firm is responsible for designing a system of quality control and complying with it to provide the firm with reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects. The firm is also responsible for evaluating actions to promptly remediate engagements deemed as not performed or reported in conformity with professional standards, when appropriate, and for remediating weaknesses in its system of quality control, if any.

Peer Reviewer's Responsibility

Our responsibility is to express an opinion on the design of the system of quality control and the firm's compliance therewith based on our review.

Required Selections and Considerations

Engagements selected for review included engagements performed under *Government Auditing Standards*, including compliance audits under the Single Audit Act; audits of employee benefit plans, audits performed under FDICIA, an audit of a broker-dealer, and examinations of service organizations (SOC 1 and SOC 2 engagements).

As part of our peer review, we considered reviews by regulatory entities as communicated to the firm, if applicable, in determining the nature and extent of our procedures.

Opinion

In our opinion, the system of quality control for the accounting and auditing practice of Plante & Moran, PLLC applicable to engagements not subject to PCAOB permanent inspection in effect for the year ended June 30, 2019, has been suitably designed and complied with to provide the firm with reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects. Firms can receive a rating of *pass*, *pass with deficiency(ies)* or *fail*. Plante & Moran, PLLC has received a peer review rating of *pass*.
