

SOUTHAMPTON COUNTY PUBLIC SCHOOLS

Update on Third Nine Weeks Return to In-person Learning & Continuing Virtual Learning

March 22, 2021 School Board Meeting

Dr. Gwendolyn Shannon,
Division Superintendent

MISSION

The mission of the Southampton County Public Schools is through the combined efforts of staff, students, families, and the community we will ensure a quality education in a safe environment that will prepare students to be successful leaders and productive citizens in an ever-changing society.

VISION

The vision of Southampton County Public Schools is that all students will be successful, productive, lifelong learners in an ever-changing world.

MAINTAINING EXCELLENCE

3

DIVISION GOALS

- **Continuity of Health and Safety.**
- **Continuity of Nutrition.**
- **Continuity of Learning.**
- **Continuity of Resources.**

GOAL 1: Expand Learning Opportunities and Increase Student Achievement

GOAL 2: Expand Our Safe and Healthy School Culture and Climate

GOAL 3: Expand Professional Training and Improved Employee Retention

GOAL 4: Expand Community and Parental Partnerships

GOAL 5: Expand Capital Improvement Efforts and Acquire More Fiscal Resources

GOAL 6: Expand Opportunities to Make School More Equitable for All Students

BACK TO SCHOOL PHASES

Phase I

Virtual

Phase II

Hybrid
In-person two (2) days
synchronous/asynchronous
three (3) days per week

Special Education: Sped
Pre-K & Life Skills (all
grades) four (4) days per
week, ELL (two (2) days per
week) Nursing Students
(possibly four (4) days per
week
or
Parent's Choice
All Virtual two (2) days
synchronous; three (3) days
asynchronous

Phase III

Hybrid
In-person four (4)
days/asynchronous
one (1) day per week

Special Education:
Pre-K & Life Skills (all
grades)
four (4) days per
week, ELL (two (2)
days per week)
Nursing Students
(possibly four (4) days
per week)

Phase IV

**Everyone in-person five
(5) days a week.**

**If metrics, CDC, and
VDH Guidelines dictate.**

**Phases are flexible and we may
move back and forth between
phases based on metrics.*

CURRENT STUDENT PARTICIPATION BY MODE				
School	Number of In-person Students	Number of Virtual Students	Total Number of Students	Number of Students Using Division Transportation
Capron Elementary School	101	85	186	51
Meherrin Elementary School	137	107	244	63
Nottoway Elementary School	182	88	270	81
Riverdale Elementary School	264	270	513	161
Southampton Middle School	297	340	637	320
Southampton High School	262	511	773	

KEY MITIGATION STRATEGIES

Mask Wearing

Frequent Handwashing

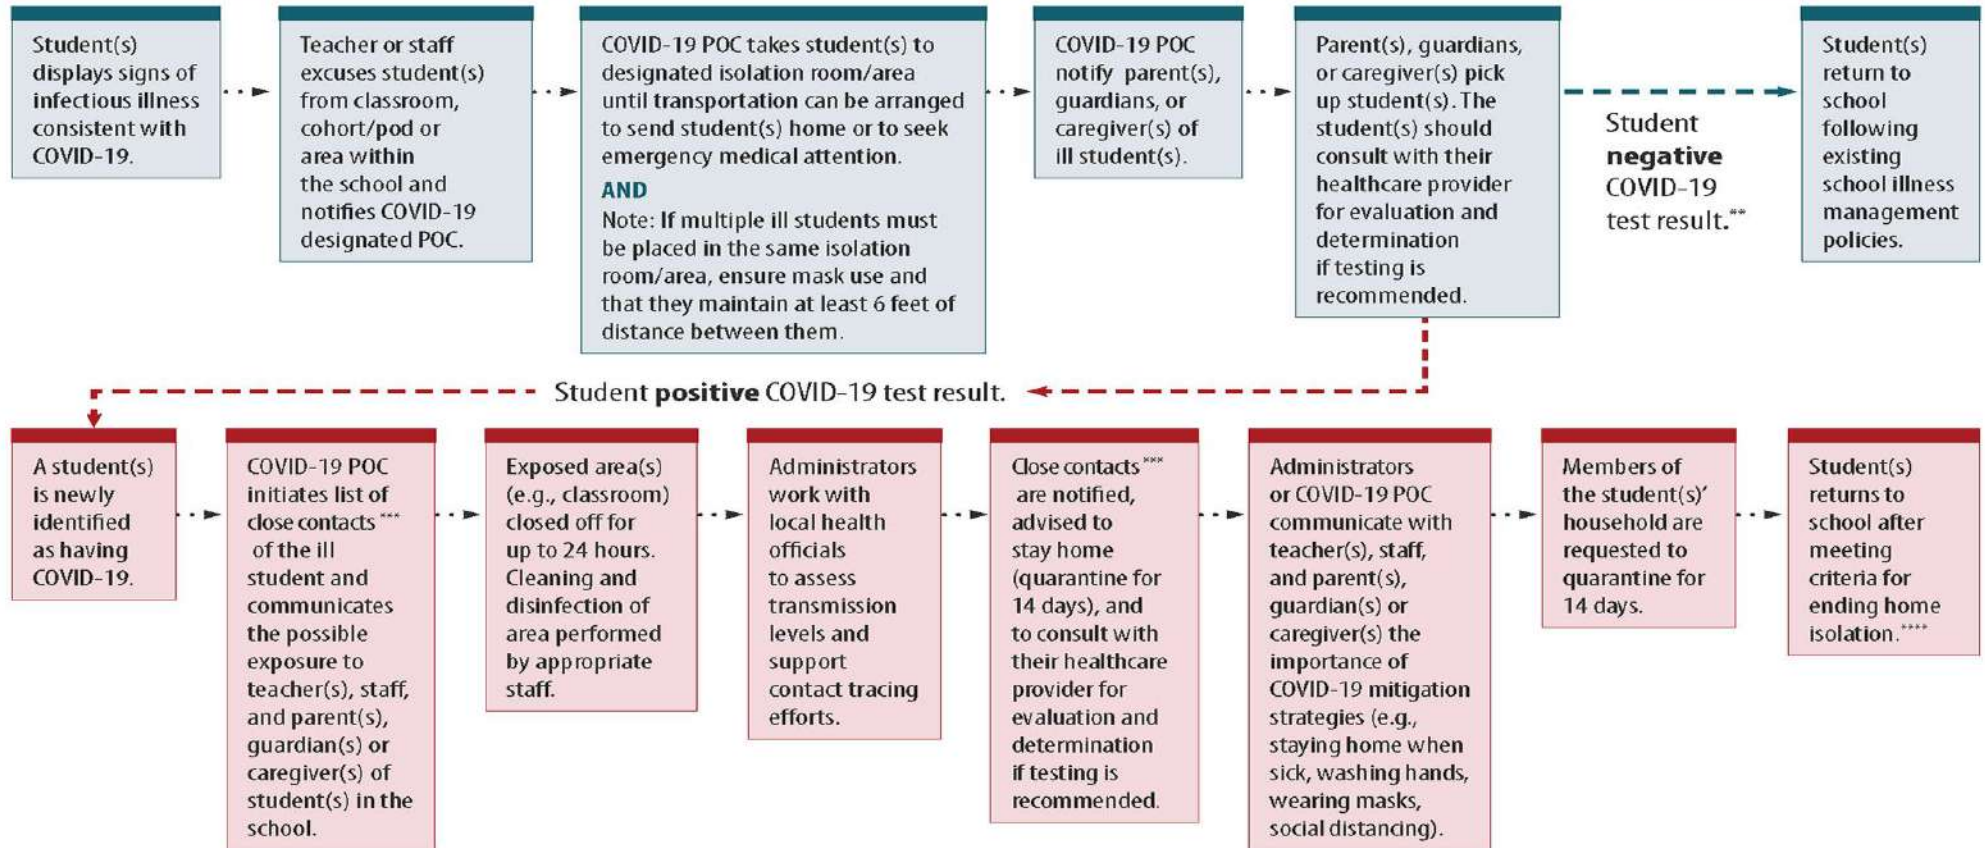

Social Distancing

IF A CHILD BECOMES SICK AT SCHOOL

WHAT TO DO IF A STUDENT BECOMES SICK AT SCHOOL OR REPORTS A NEW COVID-19 DIAGNOSIS*

Note: COVID-19 POC = the designated point of contact (a staff person that is responsible for responding to COVID-19 concerns, such a nurse)

* Scenario based on geographic area with community transmission of SARS-COV-2 the virus that causes COVID-19.

** With no known close contact

*** Close contact is defined as someone who was within 6 feet for a total of 15 minutes or more within 2 days prior to illness onset, regardless of whether the contact was wearing a mask.

**** Student can end home isolation after meeting all of the following three criteria: at least 10 days since symptoms appeared, at least 24 hours with no fever-reducing medication, and symptoms have improved.

DATA DASHBOARD

Each day, Southampton County Public Schools has released, on the division's website and the division Facebook and Twitter pages, a COVID-19 Daily Dashboard. Within this set of information, which is taken directly from the Virginia Department of Health, are the Core and Secondary indicators of community health and transmission. As of March 4, 2021, the VDH metrics have changed. Currently, the counts are calculated per 7 days vs 14 as previously used. Additionally, the metrics are only updated weekly, as compared to the previous daily reports.

SOUTHAMPTON'S STATISTICS

Week	Total Number of New Cases per 100,000 (Last 14 days)	Percentage of RT-PCR Positive Tests	Percent Change in New Cases per 100,000 (Last 7 days)
March 3, 2021	290.0 	4.6% 	7.8% 
February 8, 2021	625.5 	8.3% 	13.1% 
February 1, 2021	750.6 	10.3% 	16.4% 
January 11, 2021	2,195 	11.3% 	-13.5% 
October 19, 2020	619.8 	21.5% 	236% 
October 12, 2020	324.1 	10.9% 	-21.9% 
July 27, 2020	238.0	9.1%	10%

RT-PCR (Reverse transcriptase polymerase chain reaction)

*Percent Positivity 15.3% VDH

*Percent Change 145.4% VDH

New Mitigation Strategies

PHASED MITIGATION & LEARNING MODES

The phased mitigation recommendations are meant to assist school officials in making decisions, through regular monitoring of local indicators.

As school officials monitor indicators and thresholds, they should take local trends and other factors into account when making decisions about in-person learning.

For example, implementation of mitigation strategies should be intensified if indicators worsen.

****Intensifying mitigation may also involve imposing restrictions on sports and extracurricular activities.****

Mitigation strategies and transitions to full in-person instruction should only be relaxed or lifted after improvements are documented continuously for several weeks, such as decreasing to moderate from substantial levels.

Indicator	Low Transmission Blue	Moderate Transmission Yellow	Substantial Transmission Orange	High Transmission Red
Total new cases per 100,000 persons in the past 7 days ²	0-9	10-49	50-99	≥100
Percentage of NAATs that are positive during the past 7 days ³	<5.0%	5.0%-7.9%	8.0%-9.9%	≥10.0%

Core Indicators, Southampton, 2/27/2021

Total number of new cases per 100,000 persons within the last 7 days*

Percentage of NAAT (PCR) tests that are positive during the last 7 days**

These two indicators are the top two in identifying the level of community transmission. The CDC states that if there is a disparity between the two indicators that the worse of the two should be followed and respected.

We have seen a decline in both of our key indicators since January 23rd, however our number of cases over the past 7 days continues to indicate Southampton County as a High Transmission Community.

Combined Core Indicator, Southampton, 2/27/2021

Current CDC
Indicator for
community
transmission of
COVID-19:

While risk of exposure to SARS-CoV-2 in a school may be lower when indicators of community spread are lower, this risk is also dependent upon the implementation of school and community mitigation strategies.

When communities implement and strictly adhere to mitigation strategies, the level of community transmission is slowed. This will in turn enable schools that are open for in-person learning to stay open. The application and utility of these indicators are inextricably linked to both schools and communities following recommended mitigation strategies.

Recommended Implementation of Mitigation Strategies and K-12 School Learning Modes by Level of Community Transmission for Schools That Do Not Implement Expanded Screening Testing.			
Low Transmission Blue	Moderate Transmission Yellow	Substantial Transmission Orange	High Transmission Red
All schools: Universal and correct use of masks is required; physical distancing; handwashing and respiratory etiquette; cleaning and maintaining healthy facilities; contact tracing in combination with isolation and quarantine. Diagnostic Testing: symptomatic students, teachers, and staff and close contacts referred for diagnostic testing.			
K-12 schools open for full in-person instruction. Physical distancing of 6 feet or more to the greatest extent possible.		Elementary Schools in hybrid learning mode or reduced attendance. Physical distancing of 6 feet or more is required.	
		Middle and high schools in hybrid learning mode or reduced attendance. Physical distancing of 6 feet or more is required.	Middle and high schools in virtual only instruction unless they can strictly implement all mitigation strategies, and have few cases; schools that are already open for in-person instruction can remain open, but only if they strictly implement mitigation strategies and have few cases.
		Sports and extracurricular activities occur only if they can be held outdoors, with physical distancing of 6 feet or more required.	Sports and extracurricular activities are virtual only.
Sports and extracurricular activities occur; physical distancing of 6 feet or more to the greatest extent possible.	Sports and extracurricular activities occur with physical distancing of 6 feet or more required.	Sports and extracurricular activities occur only if they can be held outdoors, with physical distancing of 6 feet or more required.	Sports and extracurricular activities are virtual only.

New CDC Guidelines

UPDATES FROM THE CDC

Continued And Best Standing Guidance:

- **Universal and correct use of masks required**
 - We follow this by requiring all students and staff to wear masks each day, all day.
- **Physical Distancing**
 - This includes limiting population interactions.
 - Staggered start times
 - Alternating schedules (cohorts)
 - Physical barriers
 - Limiting visitors--including parents
- **Handwashing & Respiratory Etiquette**
 - Teaching and reinforcing handwashing expectations
 - Soap & water #1! Hand sanitizer alternative

- **Maintain Healthy Facilities**
 - **Continue to regularly disinfect high touch surfaces as much as possible.**
 - **Modifying classroom layouts--maximizing physical space.**
 - **Closing communal spaces.**
- **Contact Tracing in Combination with Isolation and Quarantine**
 - **Staying home when appropriate.**
 - **SCPS policy**
 - **This is an essential practice in preventing a mass spread.**

Additionally, within current CDC Guidelines:
If spacing, staggering, no-cross population interaction and regular cleaning can take place; cafeterias can be utilized for food consumption.

Summary

CDC has updated indicators and encourages schools to be dynamic in their decision making process. Being cognizant of and responsive to community indicators is an essential step to keeping schools open.

In respect to mitigation strategies, this is a layered approach. No one strategy can be relied upon to fully mitigate the impact of COVID-19. In schools, masking and physical distancing are to be given top priority. They have the biggest impact on reducing transmission, and can also be monitored for consistent and correct implementation.

Technology

OVERVIEW

- Phone support is still a major service offering, but thankfully minor issues for in-person students can often be addressed by the classroom teacher(s)
- Surprisingly, some students with weaker Internet service chose to remain virtual during Phase II
- Focus has expanded to in-person needs. For example, soon we'll have “charging stations” in each classroom.
- We have seen very rapid growth in our available technology, and the usage of that technology happens in EVERY phase; hybrid or virtual.

BACK . . . TO A *SUDDENLY* 1:1 SCHOOL

Many teachers who have been so busy with implementing virtual learning are just now realizing that students have returned equipped with a device at the ready, that the days of scheduling carts for the classroom and competing for computer lab time are no longer, and that the electronic instructional resources we needed emergently during virtual learning are now powerful classroom tools!

Students must get in the consistent habit of bringing their devices to school each day while making sure that those devices are charged and ready to go. Also, emphasis must be given regarding the extra care and attention needed by students for their now traveling devices.

STEPS TO SPECIALIZED INSTRUCTION

Referral

**Eligibility
Meetings**

**IEP
Meetings**

**Free
Appropriate
Public
Education
(FAPE)**

**Goals,
Accommodations
& Modifications**

UPDATE ON 3RD NINE WEEKS

- ★ Students with special needs are being provided specialized instruction as dictated by their individualized education plan (IEP).
- ★ Some students require out of district services
 - Plan Bee Academy
 - BREC Academy
 - SECEP
- ★ Students in Life Skills are diligently working to complete their alternate assessment (VAAP).

PLANS FOR THE 4TH NINE WEEKS

- ★ 4th Nine Weeks will continue in the same manner
- ★ VAAP collection of evidence will be completed and submitted for review by April 2, 2021

Gifted Education & English Language Learners

GIFTED EDUCATION

- Elementary gifted students continue to be served virtually. Students have a scheduled time outside of regular instructional time.
- Secondary gifted students continue to be served virtually and now in-person.
- Students recommended for gifted education will be brought into buildings to be tested if they are virtual.
- The Tidewater Governor's School will most likely be virtual this year.
 - Gifted students in grades 3-6 have been notified and applications are being mailed to families.
 - Based on our enrollment, we are eligible for 11 of the 60 slots.

ENGLISH LANGUAGE LEARNERS

- ELL students were served virtually the first and second nine weeks.
- We now have students virtual and in-person

School	Virtual	In-Person
Riverdale Elementary	6	2
Capron Elementary	2	1
Southampton Middle School	1	1
Southampton High School	3	0

- The statewide English Language Proficiency (ELP) assessments will be completed by April 19, 2021.

Human Resources

COVID CARES MITIGATION

EMPLOYEES HIRED FOR COVID CARES MITIGATION

Health Screeners	Facility Monitors	Certified Nursing Assistants	Additional Custodians	Social and Emotional Staff
Capron Elementary	Riverdale Elementary	Nottoway Elementary	Meherrin Elementary	School Psychologist
Nottoway Elementary	Southampton Middle	Meherrin Elementary	Southampton High	Psychologist/ Behavior Specialist
Meherrin Elementary				
Southampton High				

PLAN FOR 4TH NINE WEEKS AND BEYOND

- Continue Aggressive Recruitment & Interview Process
- Job Fairs
- Virginia Career Work Center
- Virginia Employment Commission
- Colleges and Universities (Job Fairs & Correspondence with Education Department Chairs)

Auxiliary Services

MEAL SERVICES

- Each Friday, nearly 1000 meal kit boxes are delivered throughout the county, continuing the feeding of students and families of Southampton County.
- Daily meal counts at the school level are down--expected with 25% of students on campus per day. We are exploring ways to increase the percentage of student participation in the school meal program. Food Services has been a profitable entity in the past, and we want to continue this positive track record.

PANDEMIC EBT

- Dates for funding: October and November Funds - March 17th, December and January Funds - March 20th, and February Funds - March 25th. Funds will be added to cards the 25th of each month after these initial funds are posted and will continue until further notice.
- Funding is approximately \$120 per month for virtual students and \$60 per month for hybrid students.
- Flyer and FAQ pamphlet have been posted to Facebook at Southampton County Public Schools Food and Nutrition Services page and sent to all principals.

WHAT TO EXPECT FOR FOUR DAYS A WEEK

- School Cafeteria Managers are creating menus for April utilizing foods on hand and free USDA foods with minimal amounts purchased.
- Meal boxes will still be delivered on Fridays for all children that have signed up.
- Virtual children will receive a five (5) day meal box and children attending school four (4)days per week will receive a three (3) day meal box.
- Drivers will have a list of addresses that will be color coded differentiating the students who receive the five (5) day or three (3) day meal box.

TRANSPORTATION

- ★ Currently, 672 students are transported on buses in Southampton County Public Schools.
- ★ We continue to utilize 1 student per seat on each bus.
- ★ Adjustments to routes have been made in reflection of changes in ridership.
- ★ Additional bus drivers are on standby for any situation that may arise daily.
- ★ Driver attendance is doing very well, with limited absences to this point. Most absences were planned, with only a handful of call outs to this point.
- ★ Buses have been on time for the secondary schools each morning, which in turn helps them to be on time for the elementary schools.

MAINTENANCE / OPERATIONS

- Maintenance department have been running wide open. We all have been delivering materials--cleaning, PPE, teacher supplies, etc. to ensure that the schools and classrooms have what they need.
- Custodial openings -we have been interviewing in hopes that hires can be made to fill vacancies. Adjustments have been made to cover areas where we have been shorthanded.
- Six (6) water bottle filling stations have just arrived (Friday), and the first installation is set to begin tomorrow morning at Nottoway.

TEACHER SUPPLY SURVEY

- On Friday, February 26th, a supply survey was provided to the entire staff of the division. This was done to ensure that each individual has been outfitted with all supplies they felt they needed to feel comfortable in their classrooms and schools.
- Additionally, more PPE was offered to staff in order to alleviate any apprehensiveness they may have had.

TEACHER SUPPLY SURVEY

The most requested items were

- Gloves (44/60%)
- Air Purifiers (35/48%)
- Disinfectant wipes (36/49%)
- Disinfectant Spray (25/34%)
- Hand Sanitizer (22/30%)
- Teacher Desk Shields (14/19%)

Each school was visited and I talked with administration to be sure that the teachers had what they requested. I also double-checked that items requested in the survey were correct.

DISINFECTANT SPRAY

- Questions had been raised with the provided disinfectant spray “QT Plus” made by Hilliard.
- The concentrate of the cleaner is kept in custodial areas--staff and students do not handle the cleaner in its concentrated state.
- According to the safety data sheet, there are no classified health, physical, environment or OSHA hazards, and the product “does not meet the criteria for classification” for requiring a hazard statement label.
- It recommends “observe good industrial hygiene practices” which is general common sense practice.
- It does not require eye/face/skin/respiratory protection when used appropriately. For reference, Lysol aerosol spray recommends that proper hand, body, skin and respiratory protection is worn when utilizing the product.

Phase III

Sample Schedules

*All schedules are under review and subject to change. Final schedules will be released soon.

Southampton County Public Schools

Planning for Phase III

What is your preference for your child?

Key Components of Phase III

1. In-person learning four (4) days a week Monday-Thursday. We are using data from this survey to assist with developing schedules.
2. Contingent on the number of students participating in in-person learning, we may reduce social distancing from 6 feet to between 3 and 6 feet with masks.
3. All mitigation strategies will remain in place (mask wearing, frequent handwashing, social distancing, temperature checks, staying home when sick, and quarantining positive cases, contacts of positive cases, or suspected positive cases).
4. Continuous review of VDH & CDC data points.
5. Option to remain virtual or switch to virtual.

Please follow this link tinyurl.com/SCPS-4thQtr21 to complete a quick personal preference survey for your child(ren) for Phase III.

Having our students back on our campuses has been a welcomed, refreshing, and successful experience. Our staff, students and families have done a fantastic job following our mitigation practices, strategies and keeping everyone safe.
