

Attention Rising Middle Schoolers

All Rock Hill middle schools offer a Battle of the Books competition for rising 6th through 8th grade students. Teams will be created once school begins, and the final competition will take place after school in January. You can get started reading right away; just take a look at the list below. Your elementary media specialist has a special bookmark for you so you can keep up with the books you've read. All of these books are South Carolina Junior Book Award titles for 2019-2020, so reading them will also allow you to participate in Junior Book Award voting in February!

Happy Reading!
