<p>After downloading and evaluating, please provide a fair rating. Fair means that you have read the product description carefully and know what the seller was offering (and therefore what they were not). If you had trouble downloading or opening, don't leave a bad rating, contact us for assistance first. And if there was a simple error in the product, for example, a typo or two or something of this nature, please Ask the Seller to fix it for you before leaving a bad rating!</p>
