Book Web Page

Select a book or story that you have read recently. After you have selected your book or story, make an audio file by following these steps:

1. Write a summary of the plot and make a list of the characters.
2. Read the summary aloud and record it using QuickTime.

Then, use Dreamweaver to create a Web page, The purpose of this Web page is to recommend your book or story to another reader. On your page, include:

- The book's title
- An appropriate graphic or visual element
- The list of characters in the book
- The sound recording of your summary
