

# CONCRETE LIONS

## BOOSTER CLUB SCHOLARSHIP

### 2024

The Concrete Lions Booster Club is offering two \$500 scholarships to qualified applicants. These scholarships are renewable for an additional year if the student stays in school (which includes vocational programs), completing and passing their coursework *(and they apply as soon as their spring term is complete and their transcripts available)*.

We invite all those students who have remained steadfast in their goals for HS academic achievement while also maintaining their physical fitness and readiness to participate in their school sports programs to apply for this scholarship. This scholarship stipulates that applicants must have lettered in at least one varsity sport, including cheerleading, as we believe that sports activities will result in the best attitude for success in life-long learning. We are looking for your commitment to this belief expressed in your letter of intent. We will also take leadership, scholarship, and citizenship into consideration. Applicants must have a minimum 2.0 GPA throughout their senior year.

The Application Packet must include the following and be postmarked by April 30, 2024.

Mail to:

Concrete Lions Booster Club, Attn: Chris Bisbee  
P.O. Box 511  
Concrete, WA, 98237

- Letter of intent describing how your participation in sports has influenced your life & inspired you to continue your education
- Two Letters of recommendation (given from those outside your immediate family)
- Current resume
- High School Transcript
- Letter of Acceptance from a college, university, or vocational institution
- Description of your goals & aspirations
- Description of your educational intentions (general coursework & months/years of study/apprenticeship)
