## INTRODUCTION

### 0001 Name and Legal Status

The legal name of the School District is Birmingham Public Schools. The School District is a general powers school district within the meaning of the [Michigan Revised School Code \(RSC\), MCL 380.1, et seq.](#)

### 0002 The Board of Education

The School District is governed by the Board of Education (the Board). A principal function of the Board is to adopt Bylaws and Policies that are reasonable and necessary to guide present and future Board and School District decision making and operations. The adoption, amendment, or repeal of Bylaws or Policies requires the vote of a majority of the Board members elected and serving.

Bylaws and Policies supplement the wide body of federal and state statutory and regulatory law that applies to public school districts in the State of Michigan. Federal and state law supersede these Bylaws and Policies, to the extent of any inconsistency. The Board has determined that it is not reasonable or necessary to attempt to replicate federal or Michigan statutes or regulations in these Bylaws and Policies.

The Board is represented in all labor negotiation proceedings by a negotiating team, selected by the Superintendent. The Superintendent will advise the Board as to the composition of the negotiating team once selected and provide periodic updates to the Board (in closed session, as legally appropriate) throughout the duration of any such negotiations. All contractual agreements negotiated by the team are subject to ratification by the Board.

### 0003 The Superintendent of Schools

The Board will employ a Superintendent of Schools in conformity with the [RSC](#) and other applicable laws. The Superintendent will serve as the School District's chief administrator. As part of those responsibilities, the Superintendent is authorized by the Board to make employment decisions, including hiring and termination, with respect to all non-administrative and non-teaching staff. The Superintendent is responsible for the development and implementation of Administrative Regulations that give operational effect to the Board Policies. Regulations are to be consistent with these Bylaws and Policies and, except as otherwise agreed by the Board, will not be effective for a period of one month from the date they are provided to the Board. The Board may, but is not required to, formally approve Administrative Regulations. A reference to the Superintendent in these Bylaws and Policies (and in any Administrative Regulations that may be promulgated) means the Superintendent or his/her designee, unless otherwise expressly stated.

The Board is represented in all labor negotiation proceedings by a negotiating team. The Superintendent shall select the bargaining team for the School District. All agreements negotiated by the team are subject to ratification by the Board.

The Board has adopted these Bylaws to define the manner in which the Board meets, operates, and conducts its business. Bylaws are intended to provide for the Board's own internal governance, providing the basic framework for Board operations.

## 1001 Organization and Functioning of the Board

**Composition** The Board of Education is comprised of seven (7) members, elected or appointed in accordance with the [RSC](#) and the [Michigan Election Law](#).

**Term of Office** The term of office of each member is six (6) years.

**Oath of Office** Newly-elected, reelected, and appointed members of the Board will take the required oath of office before being seated.

**Vacancies** In the event of a vacancy on the Board, the Board may appoint an eligible person to fill the position consistent with [Michigan law](#).

**Duties and Responsibilities of Board Members** Board members are elected to serve the interests of the School District and the entire school community. These interests may not be subordinated to any partisan principle, group, or interest. Board members are expected to be and remain informed about issues that may come before the Board for decision. Regular attendance at Board meetings is necessary to fulfill the obligations of a Board member.

**Role of Individual Board Members** The Board acts as a whole, and only at properly convened Board meetings. An individual Board member lacks independent authority and may not act for or on behalf of the Board unless he/she has been specifically delegated authority by the Board to act in a particular instance.

**Code of Ethics** Each Board member will be asked to acknowledge and sign the following Code of Ethics:

As a member of the Board, I will promote the best interest of the School District as a whole and will adhere to the following ethical standards and principles:

1. I will represent all School District constituents honestly and equally and refuse to surrender my responsibilities to any partisan principal, group, or interest.
2. I will avoid any conflict of interest prohibited by law or appearance of such that could result from my position, and will not use my membership on the Board for personal gain, where contrary to the interests of the School District.
3. I will recognize that a Board member has no legal authority as an individual and that decisions can be made only by a majority vote at a public meeting of the Board.
4. I will take no private action that might compromise the Board or administration and will respect the confidentiality of privileged information.
5. I will abide by majority decisions of the Board, while retaining the right to seek changes in such decisions through ethical and constructive channels.
6. I will encourage and respect the free expression of opinion by my fellow Board members and will participate in Board discussions in an open, honest, and respectful manner, honoring differences of opinion or perspective.

7. I will prepare for, attend, and actively participate in School Board meetings.
8. I will become sufficiently informed about and prepared to act on the specific issues before the Board.
9. I will respectfully listen to those who communicate with the Board, seeking to understand their views, while recognizing my responsibility to represent the interests of the entire school community.
10. I will strive for a positive working relationship with the Superintendent, respecting the Superintendent's authority to advise the Board, implement Board policy, and administer the School District.
11. I will model continuous learning and work to ensure good governance by taking advantage of Board member development opportunities, including those sponsored by state and national school board associations, and encourage my fellow Board members to do the same.
12. I will strive to keep the Board focused on its primary work of clarifying the School District purpose, direction and goals, and monitoring District performance.

**Confidentiality** Board members will receive information that is not available to the general public. This includes information that is received during a closed session of the Board. In order for the proper functioning of the Board, an individual Board member will not share confidential information without the prior authorization of the Board or as may be required by law.

**Conflict of Interest** Board members shall perform their official duties in a manner free from conflict of interest. Accordingly:

(1) No Board member shall use his/her position as a Board member to benefit either himself/herself or any other individual or agency apart from the total interest of the School District.

(2) When a member of the Board believes or has reason to believe the s/he has a conflict of interest with regard to a contract or other financial transaction that requires the approval of the Board, s/he should, prior to the matter being considered, disclose his/her interest (such disclosure shall become a matter of record in the minutes of the Board), and thereafter shall abstain from participation in both the discussion of the matter and the vote thereon. A member of the Board is presumed to have a conflict of interest if the member or his or her family member has a financial interest, or a competing financial interest in the contract or other financial transaction or is an employee of the School District. For purposes of this policy, the terms "financial interest" and "family member" shall be as defined in M.C.L. 380.1203.

(3) Board members shall not be given special consideration in dealings with the District. Employees and Board members are not allowed to use the District credit or purchasing system to purchase or obtain equipment, supplies, or services for personal use beyond that afforded to the general public.

(4) Board members shall not solicit or accept gratuities, favors, or anything of monetary value from contractors or parties to subcontractors involved with Federal grant funds, except that a Board member may accept an unsolicited gift or nominal value. When a gift is being considered, it may be more appropriate to make a gift to a classroom, department program, school, PTA (501(c)(3)) or Birmingham Education Foundation (501(c)(3)).

**New Members** Board service requires considerable preparation and study. New Board members are strongly encouraged to participate in educational activities to acquaint themselves with the duties and responsibilities of a Board member.

**Committees** The Board may create various committees to gather information for the Board. Committee members will be appointed by the Board President. A committee will not consist of more than three (3) Board members.

The vote of a majority of the Board members elected and serving will be necessary for election to these offices. The elected officers will hold office for one year, and continue in office until their successors are chosen and take office. Board officers are eligible for reelection to their office.

**President** The President of the Board will preside at all meetings of the Board and conduct meetings in the manner prescribed by these Bylaws. The President will prepare the agenda for Board meetings in consultation with the Superintendent and may perform such other tasks as are reasonably necessary to facilitate Board meetings.

The President, or his/her designee, functions as the official spokesperson for the Board. The President will be the official recipient of correspondence directed to the Board and will provide copies of School District related correspondence to all other Board members and, in his/her discretion, to the Superintendent. Board members who receive School District related correspondence that was not addressed to the President will promptly provide a copy to the President.

The President will sign all papers and documents required by law or otherwise authorized by action of the Board.

The President, on behalf of the Board, is authorized to consult with the Superintendent and/or School District legal counsel prior to presentation of an issue to the full Board.

**Vice President** The Vice President of the Board will have the powers and duties of the President during the temporary absence or disability of the President. The Vice President will also have such other powers and duties assigned by the Board.

**Treasurer** The Treasurer of the Board will sign all School District documents required by law or otherwise authorized by action of the Board and perform other duties required by law and/or assigned by the Board.

**Secretary** The Secretary of the Board (or an administrative designee) will be responsible for taking and keeping the Board minutes in conformity with applicable legal requirements and performing such other duties as the Board may from time to time determine. School District. Board members will not be reimbursed for entertainment expenses or the purchase of alcoholic beverages.

**Indemnification** The School District will indemnify the Board and individual Board members to the extent permitted by law. The School District will also purchase and keep in effect insurance policies for the defense and indemnification of the Board and individual Board members.

**Discipline and Removal** By a majority vote, the Board may censure an individual Board member or members for violating federal or Michigan law, these Bylaws or Board policy, or otherwise acting in a manner inconsistent with the office of a Board member. By a majority vote, the Board may petition the Governor to remove an individual Board member or members from the Board for any reason permitted by law.

**Professional Services** The Board may select and appoint qualified individuals or firms to provide professional services to the District for legal, architectural, and auditing/accounting services. In making such selections, the Board will, minimally, consider certifications, licenses, training, and experience.

## **1002 Meetings of the Board of Education**

**Michigan Open Meetings Act** [The Michigan Open Meetings Act \(OMA\), MCL 15.261 et seq.](#), governs many aspects of Board of Education meetings. These Bylaws supplement the requirements of the [OMA](#).

**Annual Organizational Meeting** An organizational meeting will be held annually during the month of January. The business of the meeting will include:

- The election of Board officers;
- The establishment of a schedule of regular Board meetings for the year; and,
- Such other business as the Board may choose to address.

**Regular Meetings** Regular meetings of the Board will be held in accordance with the schedule established by the Board at the organizational meeting. The agenda for each regular meeting will be developed by the President of the Board in consultation with the Superintendent.

**Special Meetings** Special meetings of the Board may be called by the President or any three (3) Board members by providing not less than 18 hours' notice to all Board members. The notice to Board members and the public shall be consistent in manner and form with the requirements of the [OMA](#).

### **Meeting Procedures**

**Quorum.** Unless otherwise required or permitted by law, a majority of the serving members will constitute a quorum.

**Voting.** Unless otherwise required or permitted by law, the affirmative vote of a majority of the serving Board members is required to exercise the Board's authority.

**Electronic Meetings and Remote Participation.** Remote participation in Board meetings should be limited to the extent possible. Board members should be physically present at the meeting and remote participants may not be used to constitute a quorum of the Board, unless the remote participation is necessitated by military duty, a medical condition, or a local state of emergency/disaster, in accordance with the [OMA](#). For meetings in which any or all Board members attend remotely, the following conditions must be met:

- The Board Secretary must include the name of each Board member attending remotely in the meeting minutes;
- The Board member attending remotely must hear and be heard by other Board members and those in attendance at the Board meeting;
- The Board member attending remotely must notify the Board President at least one (1) business day before the meeting that s/he will participate remotely to allow the Board President to make arrangements to notify the general public of the means by which it may contact the Board member prior to the meeting; and
- The Board President must take steps to ensure the general public is aware of the manner any Board member attending remotely voted on any and all matters brought before the Board for a vote, such as requiring roll call voting.

**Guidelines for Public Participation at Board Meetings.** The Board will establish guidelines concerning public participation at Board meetings. The guidelines will include, but not be limited to:

- Limiting the time any individual may address the Board.
- Requiring individuals who wish to address the Board to identify themselves by first and last name and any organization they may represent.
- Advising the public that, generally, the Board and individual Board members will not directly respond to comments or questions that arise during the public participation portion of the meeting.
- Requiring individuals who wish to address the Board to direct their comments to the entire Board and not to individual Board members, the Superintendent, other School District employees, or members of the audience.
- Prohibiting behavior that is intemperate, abusive, defamatory, or discourteous, or that otherwise interferes with the orderly conduct and timely completion of the Board meeting.
- Excluding from the meeting an individual who engages in conduct that constitutes a breach of the peace.

**Rules of Order.** Disagreements concerning the rules of order for a meeting will be resolved according to the latest edition of *Robert's Rules of Order*. The Board may, however, suspend the Rules for a particular meeting or vote by action of a two-thirds (2/3) vote of those members present.

**Suspension or Waiver of the Bylaws.** Bylaws may be suspended by general consent or a two-thirds (2/3) vote of the Board members present at a properly constituted meeting. The suspension will apply to a particular instance and matter only and will not otherwise be applicable to subsequent actions or events.

## **1003 Adoption or Amendment of Bylaws and Policies**

The Board will adopt or amend Bylaws and Policies after readings at two separate Board meetings. The Board may, by a majority vote of members elected and serving, waive a first reading.

**Resident Students** Michigan law establishes which students have the right to attend school in the School District. The Superintendent will develop and implement regulations for the enrollment of resident students and their assignment to School District schools, facilities, and programs. The Superintendent may also develop and implement regulations for intra-district open enrollment.

**Home Schooled Students.** The Board will attempt to accommodate students who are home schooled and have a desire to take non-essential elective classes in the School District in a manner consistent with the law. The Superintendent may develop administrative regulations as needed for the implementation of this policy. [MCL 380.1561](#); [MCL 388.1766b](#).

**Nonresident Students** Nonresident students may be permitted to enroll in the School District, as described below.

**Schools of Choice.** The Board may choose to permit the enrollment of nonresident students pursuant to a schools of choice program. If such a program is adopted, the Superintendent will develop and implement regulations for the enrollment of nonresident schools of choice students. Students duly enrolled pursuant to a schools of choice program will, thereafter, be considered School District students for all curricular and extracurricular purposes.

**Tuition Students.** The Board may choose to permit the enrollment of nonresident students pursuant to a tuition program. If a tuition program is adopted, the Superintendent will develop and implement regulations for the enrollment of nonresident tuition students. Students duly enrolled through a tuition program will, thereafter, be considered School District students for all curricular and extracurricular purposes.

**Foreign Exchange Students.** The Superintendent may develop and implement regulations for the enrollment of foreign exchange students.

**Homeless Students.** The School District will comply with applicable legal requirements concerning the enrollment of students defined as homeless under federal law. The Superintendent will appoint a designee to serve as the District's liaison with homeless students and their parents or guardians. The liaison will coordinate and collaborate with state and local officials, as necessary. Students duly enrolled as homeless students will, thereafter, be considered School District students for all curricular and extracurricular purposes.

**Children of Non-resident Employees.** A child of a non-resident employee of the School District may be permitted to enroll in the School District without the payment of tuition, provided the enrolling student is enrolling in the K-12 program. Once enrolled, such a student will be permitted to continue to attend the School District through graduation or receipt of a certificate of completion, as long as the employee remains employed with the School District. Such a student will also be permitted to continue to attend the School District if the student enrolled under this policy and the employee no longer works for the School District due to layoff or elimination of the position. This policy does not bar the long-term suspension or expulsion of a student for a violation of the Student Code of Conduct. For the purposes of this policy, an "employee" is defined as an individual with regularly scheduled hours while school is in session and does not include seasonal, coaching, and 3rd party contracted employees (including substitute teachers). An employee is eligible for this benefit at the start of the next school term/semester.

**Shared Time Instruction** Under certain circumstances, students enrolled in non-public schools located within the geographic boundaries of the School District, as well as eligible students who are being home-schooled, are permitted to participate in non-core elective classes offered by the School District.

## 2002

## Learning and Achievement

The core function of the School District is to educate students to prepare them to become productive and responsible citizens and adults. All other policies and considerations are secondary to this objective.

**Assessments** The Superintendent, in consultation with selected School District personnel, is responsible for developing and implementing legally-compliant student assessments. These assessments are to be designed to accurately measure the degree to which students of the School District are progressing in the School District's curriculum, in general, and how each individual student is progressing within the curriculum.

The Superintendent, in consultation with selected School District personnel, is also responsible for developing and implementing an assessment reporting system. The purposes of the reporting system include informing the Board, School District staff, parents,<sup>1</sup> and the community, at large, about student progress within the School District's curriculum, in general; informing the Board, School District staff, parents, and the community at large about student progress relative to their peers in other school districts and communities; and, notifying parents and students of the particular student's individual progress in the School District's curriculum. All School District personnel are responsible for faithfully and effectively administering the School District's assessments and following the prescribed system of assessment reporting.

**Progress Reports and Grades** The Superintendent, in consultation with selected School District personnel, is responsible for developing and implementing a system of legally-compliant periodic progress reporting and grading that accurately reflects the degree to which students are progressing within the School District's curriculum, in general, and relative to their peers, as well as how each individual student is progressing. All School District personnel are responsible for faithfully and effectively implementing the School District's progress reporting and grading system.

**Placement** To the extent permitted by law, the Superintendent and building administrators, in consultation with parents, are responsible for placing students in schools, grades, and courses consistent with the School District's core function of preparing students to become productive and responsible citizens and adults. Where agreement cannot be reached, following consultation, placement decisions may be made notwithstanding parental objection. The Superintendent will promulgate administrative regulations necessary to implement this policy.

**Graduation Requirements** In order to graduate and receive a high school diploma from the School District, a student must successfully complete all coursework required by law, all credits, coursework, and assessments required by the School District and all other requirements that may be established and published from time to time by the Board.

**Home School Students** The School District will comply with all provisions of the Revised School Code relative to the home school students. The Superintendent shall develop administrative regulations necessary to implement this policy.

## 2003

## Education Records

The Superintendent will develop and implement legally-compliant regulations covering the creation, maintenance, preservation, and confidentiality of student records. The Superintendent will notify parents annually of their rights with respect to student records and related matters, as required by the [Family Education Rights and Privacy Act](#) (FERPA) and the [Protection of Pupil Rights Amendment](#) (PPRA).

---

<sup>1</sup>The word "parents," when used in these policies, includes legal guardians and, where required by law, those acting in the place of parents.

**Directory Information** The Board designates the following student record information as *directory information*:

- A student's name, address, and telephone number;
- A student's photograph;
- A student's birth date and place of birth;
- A student's participation in School District related programs and extracurricular activities;
- A student's academic awards and honors;
- A student's height and weight, if a member of an athletic team;
- A student's honors and awards; and
- A student's dates of attendance and date of graduation.

Such information may be released by the School District, upon request, unless a parent or adult student has made timely objection, in writing, in accordance with [FERPA](#).

**Student Surveys** Parents may inspect all materials used for any student survey, analysis, or evaluation conducted by the School District in connection with a program that is funded by the United States Department of Education. The School District will not, without the consent of the parents of a student, require the student to participate in such a survey, analysis, or evaluation that reveals or is intended to reveal information concerning the student or the student's parents':

- Political or religious affiliations, beliefs, or practices;
- Mental or psychological problems;
- Sexual behavior or attitudes;
- Illegal, anti-social, self-incriminating, or demeaning behavior;
- Critical appraisals of other individuals with whom the student or the student's parents have close family relationships;
- Legally recognized privileged or analogous relationships, such as those with lawyers, physicians, and ministers; or
- Income, other than when required by law to determine eligibility for programs or financial assistance.

## 2004 Extracurricular Activities

The Board strongly encourages the participation of School District students in extracurricular activities. Such activities are intended to supplement the School District's curriculum and provide opportunities for student enrichment. While important, it must be emphasized that participation in extracurricular activities is a privilege, not a right.

**Athletics** The Superintendent, in consultation with the Board and selected School District personnel, will develop and administer a robust program of interscholastic athletics. The athletic program must, at all times, adhere to the principle that participants are students first and athletes second.

**School District Clubs and Other Activities** The Superintendent, in consultation with the Board and selected School District personnel, will develop and administer a program of curricular and extracurricular student clubs and other activities.

**Student-Initiated Clubs** School District secondary students may also initiate clubs and other activities to be held on School District premises, subject to such rules and regulations as may be established by the Board, the Superintendent, or District personnel consistent with the federal [Equal Access Act](#) and its [Michigan equivalent](#). The School District will not discriminate among such student-initiated clubs and activities based on the religious, political, or philosophical content of their meetings, provided the following conditions are met:

- Club meetings and events may not take place during instructional time.
- Club meetings and events must, in fact, be student-initiated and student participation must be voluntary.
- Club meetings and events will not be sponsored by the School District or School District employees or agents.
- School District employees and agents may be present in only a supervisory capacity. They may not otherwise participate in club meetings and events.
- Persons not affiliated with the School District may not direct, conduct, control, or regularly attend club meetings and events.
- Club meetings and events must not materially or substantially interfere with the orderly conduct of School District educational programs or activities.

## 2005 Communication

**Closed Forum** The School District is a closed forum, dedicated to the education of School District students based on the School District's curriculum. Where deemed necessary, the School District reserves the right to prohibit communication by students or others while observing all applicable legal requirements.

**Student Publications** The School District supports and encourages student publications that are part of the School District's curriculum, including school newspapers, yearbooks, and similar publications.

**Distribution and Posting of Materials** The posting and distribution of materials on School District premises is prohibited, unless the materials are generated by the School District itself or provides factual information about School District academic or extracurricular activities. All postings and materials to be distributed require the prior written approval of the building administrator or his/her designee.

The Superintendent, in consultation with building administrators, may develop and implement regulations for the posting and distribution of other information. In all cases, the School District prohibits the posting or distribution of literature that:

- Is libelous, defamatory, obscene, lewd, vulgar, or profane;
- Violates federal, state, or local laws;
- Advocates the use or availability of any substance or material that may reasonably be believed to constitute a direct and substantial danger to the health or welfare of students, such as tobacco, alcohol, or illegal drugs;
- Incites violence;

- Interferes with or advocates interference with the rights of any individual or the orderly operation of the schools and their programs;
- Is primarily of a commercial nature, including but not limited to material that primarily seeks to advertise products or services; or
- The primary purpose of which is fundraising, except as approved in advance by the Superintendent.

## 2006

## Behavior

**Introduction** The Board of Education is committed to providing a school environment in which staff may deliver and students may receive educational services without disruption or interference. Expectations for students are based on principles of civility, mutual respect, and otherwise doing what is necessary to be a functioning member of a school community. These expectations apply to conduct on School District premises, while en route to and from school, while in attendance at school functions, as well as when off-campus, to the extent the off-campus behavior is likely to or does substantially disrupt District academic or extracurricular activities or programs.

**Attendance and Truancy** The School District requires its students to attend school every day school is in session, except when excused by the School District. The School District's Enrollment Coordinator is responsible for enforcing this policy. In cases where the School District's Enrollment Coordinator concludes a parent is failing to comply with Michigan's compulsory school attendance law, [MCL 380.1561](#), s/he may refer the matter to Child Protective Services or the appropriate police agency or prosecutor's office.

**Student Appearance** Students' dress and grooming must not disrupt the educational process, interfere with the maintenance of a positive teaching/learning climate, or compromise reasonable standards of health, safety, and decency.

**Student Code of Conduct** The Superintendent, in consultation with selected School District personnel, will develop and implement a legally-compliant Student Code of Conduct. The Student Code of Conduct will apply to student behavior on school premises, while en route to and from school, at School District related events, as well as to off-campus behavior, to the extent the off-campus behavior is likely to or does substantially disrupt District academic or extracurricular activities or programs, or to the extent the District is legally required to consider the off-campus behavior, such as criminal sexual conduct and cyberbullying.

- Principals are delegated the authority to suspend a student from school for misconduct for a period not to exceed ten (10) school days. The Student Code of Conduct to be developed by the Superintendent is to include the due process protections that will apply in connection with such suspensions.
- The Student Code of Conduct will include a procedure for considering and disposing of recommendations by the administration for long term suspensions (in excess of 10 school days) and expulsions. The procedure will be consistent with this policy.

**Long Term Suspensions and Expulsions.** The Board of Education delegates to the Superintendent the authority to issue long-term suspensions and expulsions, pursuant to legally-compliant procedures set forth in the Student Code of Conduct.

The Superintendent may also develop and implement an Athletic and Extracurricular Code of Conduct. The Code will be developed on the foundational basis that participation in athletics and extracurricular activities is a privilege, not a right. The Superintendent will post the School District's Student Code of Conduct and Athletic and Extracurricular Code of Conduct on the School District's website and take other reasonable measures to assure that students and parents are aware of their existence.

**Other Student Behavior** [Michigan law](#) requires that the Board adopt policies concerning bullying, “verbal assault,” and locker searches. The Board adopts the following policies, which the Superintendent is to incorporate into the Student Code of Conduct.

**Student Bullying** The Board recognizes that bullying and cyberbullying significantly interfere with the learning process. Through this Policy, the Board prohibits bullying “at school,” as defined below, as well as off-campus conduct that is likely lead to a material or substantial disruption of the school learning environment for one or more students.

This Policy is intended to protect *all* students from bullying, including cyberbullying, regardless of the subject matter or motivation for the behavior. The Board, through this Policy, also prohibits retaliation or false accusations against a target of bullying, as well as a witness or another person with reliable information about an act of bullying. The identity of an individual who reports an act of bullying shall remain confidential. The Superintendent will promulgate administrative regulations to implement this policy.

**Verbal Assault** A verbal assault is a communication or series of communications that does or is intended to put a reasonable person in fear of harm to himself/herself or his/her property. The Superintendent will address verbal assault within the Student Code of Conduct.

**Locker and Other Searches** Lockers provided to students are the property of the School District and students and others have no expectation of privacy with respect to the lockers or their contents. School District principals and their designees may search student lockers at any time for any reason and may request the assistance of local law enforcement personnel. When conducting locker searches, School District personnel will respect the privacy rights of students regarding items found that are not illegal or possession of which is not in violation of School District policy. Any searches of personal property on school grounds will be conducted in a manner consistent with applicable legal standards.

**Personal Electronic Devices** The School District reserves the right to prohibit the possession or use of personal electronic devices on School District property or at School District-related functions. For purposes of this Policy, “personal electronic device” means a privately owned device that is used for audio, video, or text communications.

Students are permitted to use personal electronic devices only as follows:

- Before and after the regular school day.
- During the student’s scheduled lunch time.
- As directed by a teacher or other professional staff member for educational purposes.

Students may possess personal electronic devices on their person but the devices must be powered off and kept out of sight in backpacks/purses or lockers except during the times, above.

Students may not use personal electronic devices to broadcast or record audio, images, or video of any student, staff member, or other person in the school or while attending a school-related activity, unless the student has received permission from the person(s) to be broadcasted or recorded. This prohibition does not apply to curricular or extra-curricular activities for which personal recording is generally permitted (e.g., athletic events, arts performances, etc.).

The Superintendent may develop regulations to further control student possession and use of personal electronic devices.

**Food Deliveries** Students are prohibited from ordering delivery food during the school day, either directly from a restaurant or through smart phone applications and websites. Any food deliveries will be confiscated

by the front office and, at the discretion of the front office, may either be retrieved at the end of the school day or discarded. Violation of this policy may result in student discipline.

## 2007

## Health and Safety

**Programs and Activities** School District personnel will take reasonable precautions to preserve the health, safety, and welfare of students participating in School District related programs and activities.

**Health Concerns Raised by Parents** Parents are responsible for informing the School District of health and safety concerns particular to their children and cooperating with the School District to address those concerns. The Superintendent will develop and implement regulations for addressing the health and safety concerns of students with disabilities within the meaning of [Section 504 of the Rehabilitation Act of 1973](#).

**Immunization** Except as otherwise specifically provided by law, the Board requires that all students be properly immunized, not later than the first day of school.

**Medication** The Superintendent will develop administrative regulations concerning student medications. The regulations will address the possession, storage, and accessing of student medications, as well as the administration of prescription medications to students while at school.

**Performance Enhancing Substances** Students are prohibited from using or being in the possession of any performance-enhancing substances, including, but not limited to, those that may be listed by the National Collegiate Athletic Association, the Michigan High School Athletic Association, or the Michigan Department of Community Health.

**Seclusion and Restraint** The Board directs School District personnel and others to comply with [Michigan law](#) prohibiting seclusion and restraint, except for emergency seclusion and emergency physical restraint in the manner permitted by law.

**Wellness** The School District is committed to creating a school environment that enhances lifelong wellness practices. As required by law, the Board has adopted a Wellness Policy, which is periodically reviewed. The Superintendent will develop administrative regulations to implement this policy.

**Epinephrine Auto-Injectors (Epi-Pens) and Opioid Antagonists** The School District will acquire or purchase and maintain at least two functioning epinephrine auto-injectors (epi-pens) and at least one functioning opioid antagonist for and at each school building it operates. Properly trained School District personnel or authorized contractors will administer an opioid antagonist to any individual on school grounds who is believed to be having an opioid-related overdose, an epi-pen injection to any individual on school grounds who is believed to be having an anaphylactic reaction, or to any student who has a prescription on file at the school. The District will notify the parent of any student to whom the District administers an epi-pen injection or opioid antagonist on school grounds or at a school-related activity.

In the case of a believed opioid related overdose for a student, the School District will also encourage the parent(s) or legal guardian(s) to seek treatment for the student from a substance use disorder services program licensed under part 62 of the Public Health Code, 1978 PA 368. The School District will also call 911 when a student is believed to be having an opioid related overdose.

The purpose of this policy is to comply with sections [1178](#) and [1179](#) of the [Revised School Code](#). This policy is not intended, and should not be construed, to create or grant any rights or remedies to any person. The Superintendent will promulgate administrative regulations for implementing this policy consistent with the requirements of the [Revised School Code](#), which regulations will incorporate, by reference, the Michigan Department of Education's Medication Administration Guidelines.

**Cardiac Emergency Response Plan** The Superintendent will develop and implement regulations that will enable the School District to offer an appropriate response in the event of a cardiac emergency. These procedures will address, at a minimum:

- The use and regular maintenance of automated external defibrillators located within the School District.
- Activation of a cardiac emergency response team in the event of an identified cardiac emergency.
- The methods for effective and efficient communication in the building or outside area in which the emergency arises.
- A training plan for the use of automated external defibrillators and cardiopulmonary resuscitation techniques.
- The incorporation or integration of a local emergency response system and emergency response agencies into the School District's procedures.

The Superintendent will annually evaluate the School District's cardiac emergency response procedures and report the evaluation results to the Board.

**Physical Examinations and Screenings** Annual notice will be given to parents of any health or physical examinations or screenings. Parents will be given the opportunity to opt-out their students from all physical examinations and screenings. This policy is not intended to apply to physical examinations required for sports participation.

**3001****Curriculum Development**

The Board directs the Superintendent to develop, implement, and provide ongoing evaluation of the School District's core academic curriculum. The curriculum will:

- Be consistent with the Board's policy on Student Learning and Achievement;
- Meet or exceed all requirements of the State of Michigan for instructional programs; and,
- Be standards based and founded upon legally-compliant, research-based grade level learning and achievement standards that lead to the awarding of a School District diploma.

The School District's curriculum will also include legally-compliant, research-based learning and achievement standards for students who participate in career and technical education programs, as well as address the needs and provide legally-compliant opportunities for all students.

The Superintendent will appoint well qualified administrators and teachers to assist the Superintendent in implementing and improving the School District's curriculum, as well as otherwise improving student learning and achievement. Any changes to the School District's core academic curriculum must be approved by the Board, to the extent required by Michigan law [MCL 380.1278].

**3002****Parental Family Engagement ("PFE")**

The Board strongly encourages and supports the involvement of parents and families in their children's education. The Superintendent will develop and implement regulations, in consultation with parents and families, which will include:

- The manner in which the School District will cooperate with parents and families of students to develop students' intellectual and vocational skills in a safe and positive environment;
- The manner in which the School District will permit parents and families to review the School District's curriculum, textbooks, and teaching materials;
- The manner in which the School District will permit parents and families to observe instructional activities, other than testing and assessments, in which their students are enrolled and present; and
- The manner in which the School District will permit the disclosure or use of student information for purposes of sales or marketing.

Parental and Family Engagement ("PFE") is also considered a key component of federal Title I programs. In order to help build a partnership between home and school for purposes of Title I, the School District:

- Informs parents and families of the program, the reasons for their children's participation and the specific instructional objectives;
- Provide professional learning for parents and families to work with their children to attain instructional objectives;
- Trains teachers and other staff involved in Title I programs to work effectively with the parents and families of participating students;

- Consults with parents and families on a regular basis;
- Provides opportunities for parents and families to be involved in the design, operation, and evaluation of the program; and
- Provides opportunities for the full participation of parents and families that lack literacy skills or whose native language is not English.

The Superintendent will develop and implement regulations that are compliant with Title I. The regulations are to support the above principles and actions and also assure that services provided with state and local funds in Title I schools are comparable to those provided in non-Title I schools in the School District.

### **3003 Instruction**

To the extent feasible, student instruction will be delivered using research based and peer reviewed instructional methodologies. The Superintendent may develop regulations that are consistent with this policy.

**Homebound Instruction** The School District will provide homebound and hospitalized instruction to qualified students in a manner that is consistent with federal/state law and other applicable guidance. The Superintendent may develop administrative regulations as needed to implement this policy.

### **3004 Textbooks and Other Instructional Materials**

**Textbooks** The use of textbooks (or their modern equivalent) is fundamental to the delivery of the core academic curriculum for students. The Superintendent may utilize well-qualified administrators and teachers to assist in the selection of textbooks to be recommended to the Board for approval, to the extent required by Michigan law [\[MCL 380.1421/22\]](#).

**Other Instructional Materials** The delivery of the core academic curriculum is augmented by the use of instructional materials, the approval of which is not required by the Board. The Board delegates to the Superintendent the authority to approve and purchase, consistent with the requirements of Michigan law, other instructional materials. The Superintendent may utilize well-qualified administrators and teachers to assist in the selection of instructional materials. Those materials utilized should be compatible with the School District's core academic curriculum, as approved by the Board.

### **3005 Selection of Media Center/Library Materials**

The Board intends that students be provided access to a wide variety of educational materials, in various media, to support learning. The Superintendent is authorized to make or approve purchases for the media center (and/or classroom libraries) and may receive recommendations for such purchases from professional staff members, parents, and students.

### **3006 Parental Objections**

The Superintendent will develop regulations that provide an opportunity for the presentation and fair consideration of parental objections to the School District's curriculum, the selection of textbooks and other instructional materials, and media center materials.

**3007****School Year / School Calendar**

The Superintendent will develop and recommend for approval by the Board a school year that is consistent with the Board's policies on Student Learning and Achievement. The school year adopted by the Board will meet all applicable legal requirements and, to the extent feasible, will be coordinated with the school year calendars of the intermediate school district and neighboring school districts.

**3008****School Day**

The Superintendent will develop and recommend for approval by the Board a school day that is consistent with the Board's policies on Student Learning and Achievement. The school day will meet all applicable legal requirements.

**3009****Limited English Proficiency**

The Board is committed to providing equal educational opportunities for all students in the School District. This includes students who have an English language deficiency. The Superintendent will develop and implement programs of instruction that:

- Appropriately identify students who have an English language deficiency;
- Provide appropriate instruction to limited English proficient students to assist them in gaining English language proficiency; and,
- Annually assess the English proficiency of students and monitor their progress in order to determine the degree to which they may participate in a regular classroom environment.

A quality educational program is very largely a function of the personnel employed to implement the educational goals of the Board of Education. The Board will search for and employ persons of the highest character who have the skills and other qualifications necessary to meet staffing requirements.

Board policies apply to all School District employees, including personnel who are covered by a collective bargaining agreement. In the event that a Board policy conflicts with an enforceable provision of a collective bargaining agreement, the bargaining agreement will control the particular matter for employees who are within the coverage of that agreement. Any provision of a collective bargaining agreement that purports to cover a prohibited subject to bargaining is not enforceable.

All staff members have the responsibility to make themselves familiar with, and abide by, the laws of the State of Michigan as they affect their work, the policies of the Board, and implementing Administrative Regulations designed to implement them.

#### 4001 Administrative Staff and Organization

**The Superintendent of Schools** The Board will employ a Superintendent of Schools in conformity with relevant provisions of the [Revised School Code](#) and other applicable laws.

**Other Administrators** The Board may employ other administrators as it deems necessary for the proper operation of the School District.

#### 4002 Employment Considerations

**Equal Employment Opportunity** The Board is committed to equal employment opportunities in all aspects of employment, including recruitment, selection, training, promotion, and retention of staff.

**Discrimination and Harassment** The Board is committed to maintaining a learning/working environment in which all individuals are treated with dignity and respect, free from illegal discrimination and harassment. There will be no tolerance for discrimination or harassment in employment on the basis of race, color, national origin, religion, sex (including sexual orientation, gender identity, and as otherwise interpreted by current legal standards), marital status, pregnancy status, genetic information, disability, age, or any other basis prohibited by law will not be permitted or tolerated. See, also, Policy 8007.

**Nepotism** It is the intent of the Board to avoid favoritism as well as the appearance of favoritism towards relatives in all matters concerning employment in the School District. The Board adopts the following standards:

- No Board member or employee shall participate in any personnel action, including a recommendation for appointment, employment, promotion, or evaluation, concerning an applicant or employee to whom she or he is related.
- No Board member or employee may directly supervise or evaluate an employee to whom that person is related. If a person is hired or transferred into a position the person will immediately report that fact to the Superintendent, who will consult with the Board of Education concerning the proper disposition of the matter.

This policy should not, except as expressly provided, be interpreted to prohibit the employment of relatives of Board members or relatives of School District employees.

For purposes of this policy, the terms “related” or “relative” refer to the following relationships: father, mother, son, daughter, brother, sister, or spouse; father-in-law, mother-in-law, brother-in-law, sister-in-law, son-in-law, daughter-in-law; step-father, step-mother, step-son, step-daughter; step- or half-brother, step- or half-sister; or, any other persons who reside at the same location as the Board member or employee.

**Criminal Background Checks** The Board seeks to ensure a safe and secure environment for students, staff and other members of the school community. Accordingly, the School District will comply with [state law](#) and require that any individual working in a school building, whether as an employee or working regularly and continuously under contract, submits to a criminal history and background check by the department of state police. If an individual has been convicted of a [listed offense](#), as defined by Michigan law, the School District will not employ the individual. If the individual has been convicted of a felony other than a listed offense, the School District will consider the severity of the felony, when the conduct occurred, its effect on the ability of the individual to work in a school building, and any other matters considered relevant to the safety of the school community. An individual with a felony conviction will not be permitted to work in a school building unless the assignment is specifically approved by the Superintendent and the Board of Education. Should the School District become aware, at any time, that an individual already working in a school building has been convicted of a listed offense or a felony, the School District will take action to, in the case of a listed offense, terminate the employee or, in the case of a non-listed offense, determine the viability of the employee’s continued employment with the District. The Superintendent will develop and implement administrative regulations to carry out this policy.

## 4003 Conditions of Employment

**Alcohol and Drug Free Workplace** The Board maintains a workplace free of alcohol and illegal drugs, as well as prescription drugs for which the employee does not have a current, valid prescription. An employee or volunteer who is found to have unlawfully manufactured, distributed, dispensed, possessed, or used alcohol or any drug in the workplace shall be disciplined, up to and including discharge from employment. Similarly, an employee or volunteer who is found to have been present in the workplace while under the influence of illegal drugs, prescription drugs for which the employee does not have a current, valid prescription, or alcohol will be subject to discipline, up to and including discharge from employment. The Superintendent may require an employee to submit to a medical examination when there is a reasonable suspicion that the employee is under the influence of drugs or alcohol while performing job duties or on school grounds. All employees must notify the School District, in writing, if charged with a violation of a criminal drug statute occurring in the workplace. Notification must be provided no more than three (3) business days after being arraigned for the crime. All employees agree to abide by this policy as a condition of employment. This notification requirement does not eliminate the obligation of School District employees or volunteers to report convictions of felonies and/or listed offenses, as otherwise required by law.

Notwithstanding state permissibility, the use and possession of marijuana and marijuana-induced intoxication are prohibited on school grounds.

The School District’s Assistant Superintendent for Human Resources is directed to establish a drug-free awareness program to inform employees about: the dangers of drug abuse in the workplace; employee awareness of this policy; and available drug counseling, rehabilitation, and employee assistance programs.

**Omnibus Transportation Employees** The School District is required to and will comply with the [Omnibus Transportation Employee Testing Act of 1991](#). The Superintendent will develop and implement regulations to conduct alcohol and drug testing of all employees working in safety sensitive transportation positions, within the meaning of the Act.

**Staffing, Layoff, and Recall of Teachers** This policy relates to all teachers working for the School District as defined by the [Michigan Teachers’ Tenure Act, MCL 38.71, et seq.](#) As used in this policy, the term “personnel decision” refers to any situation where the School District is:

- Conducting a staffing or program reduction or any other personnel determination resulting in the elimination of a position;
- Conducting a recall from a staffing or program reduction; or
- Any other personnel determination resulting in the elimination of a position, or in hiring after a staffing or program reduction, or any other personnel determination resulting in the elimination of a position.

All personnel decisions will be made based on the following factors, in order of priority:

- Individual performance;
- Significant, relevant accomplishments and contributions; and
- Relevant special training.

The focus of personnel decisions will be the retention of effective teachers. Length of service or tenure status will not be a consideration unless the factors described above are found to be equal, and, then, only at the discretion of the Superintendent. No teacher who has received a rating of ineffective on his/her last year-end evaluation will be given any preference that would result in that teacher being retained over a teacher who received a performance rating other than ineffective.

The Superintendent will develop and implement regulations or practices necessary to ensure implementation of this policy in accordance with Michigan law.

**Assignment and Transfer** The Board of Education believes that the appropriate placement of qualified and competent staff is essential to the successful functioning of the District. The Superintendent will be responsible for the proper assignment and transfer of all professional staff members and, in doing so, will attempt to optimize meeting the academic needs of the District's students.

**HIPAA** The [Health Insurance Portability and Accountability Act of 1996](#) (HIPAA) requires the School District to provide employees with notice of the uses and disclosures of their protected health information that may be made by the School District. The School District will comply with the requirements of HIPAA with regard to any employee benefit or group health plan provided by the District that is subject to the requirements of the Act. The Superintendent will develop and implement regulations necessary to ensure continuing School District compliance with the requirements of HIPAA.

**Leaves of Absence** An employee may be granted a leave of absence, with a right to return to employment upon expiration of the leave. A leave of absence is without pay unless otherwise provided by law, Board policy, or a negotiated contract. The Superintendent will develop and implement legally-compliant leave of absence regulations, specifying the various types of leave that are available to School District employees and the manner in which application for a leave may be made.

**Remote Work** Unless a remote work request has been approved by the building administrator and the Superintendent, the School District expects all employees to work on-site and in person. The Superintendent will promulgate administrative regulations consistent with this policy.

**FMLA** The School District will comply with the [Family and Medical Leave Act \(FMLA\), 42 USC 12201, et seq.](#), and corresponding regulations. The School District will use the rolling calendar method under the FMLA. The FMLA leave of any employee of the School District will be without pay. If the employee has paid leave time available under an applicable contract, the employee will be required to use that paid time concurrent with any FMLA leave.

**Paid Medical Leave** The School District will provide paid medical leave (PML) to eligible employees pursuant to Michigan law. The Superintendent will determine whether PML will accrue over the course of each benefit year or will be provided at the beginning of each benefit year and will promulgate administrative regulations concerning the use of PML. Payment and use of accrued or provided PML will be coordinated with all types of paid leave available to an eligible employee pursuant to collective bargaining agreements, individual contracts, or other School District policies and administrative regulations. This policy and any implementing administrative regulations will be automatically rescinded, without further action by the Board or the Superintendent, if paid medical leave is mandated by federal law.

**Medical Examinations** The Superintendent may require an employee to submit to a medical examination when:

- Required or permitted by federal or state law.
- Required or permitted by the employee's contract of employment.
- Information suggests that a health condition may be negatively affecting the employee's ability to perform the essential functions of his/her job, with or without accommodations.
- Information suggests that the employee is a direct threat to his/her safety or the safety of others.
- An employee has provided insufficient medical documentation as the basis for a health leave and, after providing the employee an opportunity to supplement the documentation, the documentation remains insufficient.
- There is a reasonable suspicion that an employee is under the influence of drugs or alcohol while performing job duties or on school grounds.

If the Superintendent requires an employee to submit to a medical examination, all costs will be borne by the School District. The employee will be required to sign a release authorizing the physician to submit a copy of the report of the examination directly to the Superintendent. A copy of the physician's report will be maintained in a separate, confidential personnel file.

## **4004 Evaluations, Discipline and Discharge, Resignations**

**Performance Evaluations** All teachers and administrators can improve their performance and should strive for excellence in order to provide the best possible education for the students of the School District. To that end, the School District will use a rigorous, transparent, and fair evaluation system for all teachers and administrators. This system will comply with Michigan law and include annual year-end evaluations for all teachers and administrators, unless otherwise permitted by Michigan law.

The evaluation system is intended to be used to improve the performance of all teachers and administrators and encourage professional growth. The system is also intended to result in the dismissal of those teachers and administrators who, after notice and an opportunity to improve, are found to continue to be ineffective. The Superintendent will develop and implement any legally-compliant administrative regulations necessary to put this policy into effect.

The evaluation of the Superintendent shall be conducted in a manner consistent with state law and/or her/his employment contract. In accordance with state law, Board members must receive training in the evaluation framework for the Superintendent. Board members are expected to complete such training before participating in an annual performance evaluation of the Superintendent. If such training is not obtained in advance of participation, the Board member(s) shall be recused from the evaluation of the Superintendent.

**Performance Based Compensation** The Superintendent will develop for Board review and approval a legally-compliant system of performance based compensation.

**Ineffective Teachers** Teachers will receive ratings pursuant to the School District's evaluation policy and administrative regulations. Any teacher rated ineffective on a year-end evaluation will be placed on an individualized development plan (IDP). That teacher will be evaluated mid-year during the next school year, in addition to receiving a year-end evaluation. If the teacher continues to be found ineffective after a second year, the School District will act to discharge the teacher, either through termination (if probationary) or the filing of tenure charges (if tenured), unless special circumstances are found to exist.

**Discipline and Discharge** This discipline and discharge policy applies to all School District employees. Furthermore, the employment of a probationary employee, including a probationary teacher, may be terminated at any time, for any reason that is not in violation of state or federal law. Where this policy conflicts with an individual contract of employment or an enforceable provision of a collective bargaining agreement, the applicable contract or agreement will supersede this policy.

The Board believes in maintaining a work environment that allows employees to be successful in providing an education to students of the School District. In return, employees are required to meet the highest standards of personal integrity, professionalism, and performance. Employees whose conduct or performance is inconsistent with the School District's expectations are subject to corrective and/or disciplinary action.

Discipline, for purposes of this policy, includes verbal and written warnings, verbal and written reprimands, suspensions, and dismissals/discharges. Discipline does not include verbal or written directives, verbal counseling aimed at correcting behavior or conduct, placement upon a voluntary or involuntary paid leave of absence, and performance evaluations. Such actions are not subject to this policy.

Disciplinary actions are taken at the discretion of the School District, and may arise for any reason that is not arbitrary or capricious. Except as otherwise expressly provided by law, individual employment contracts or an enforceable provision of a collective bargaining agreement, all disciplinary decisions of the School District are final and not subject to any grievance or arbitration procedure.

**Resignations** The Superintendent is authorized to accept resignations on behalf of the Board. A resignation must be in writing and is effective upon acceptance by the Superintendent.

## **4005 Other Matters of Employment**

**Gifts to School Personnel** No employee of the School District shall:

- Accept any but reasonable personal gifts of money, services, or goods from a student of the School District or the parent or guardian of any student.
- Accept any but reasonable gifts or favors from any person, firm, or corporation that is involved, directly or indirectly, or may be interested in becoming involved, in any commercial dealings with the School District.

**Whistleblower Protection Policy** Employees are expected to report suspected unlawful activity in the School District without fear of retaliation. The Superintendent will develop regulations to inform employees of the protections and obligations that exist under the [Michigan Whistleblowers' Protection Act, MCL 15.361, et seq.](#) The regulations will include a procedure for reporting alleged violations.

**Outside Activities** Employees may not engage in activities which interfere with their School District duties and responsibilities or denigrate the School District or the employee's profession.

Teachers are not permitted to receive pay for tutoring students currently assigned to them. Teachers may tutor other students of the School District with the prior permission of their building principal. No private tutoring may be provided during the regular school day, on School District property at any time, or using School District equipment or supplies.

No employee shall attempt to sell or influence a student to buy any product, article, instrument, service, or other such item, which would directly or indirectly benefit that employee.

**Political Activities** Political activities of any employee campaigning for a candidate or ballot proposal shall be conducted outside of District buildings, off District premises, and outside working hours. Students shall not be used by employees outside of school hours to campaign for a specific candidate or ballot proposals, unless student-initiated and approval has been obtained from the parents of those students. In accordance with Michigan law, District resources are, in no way, to be used in furtherance of any political activities.

**Federal Procurement Standards** The Board seeks to ensure the District complies with all procurement policies and procedures in accordance with the [Education Department General Administrative Regulations \(EDGAR\)](#) and/or issued pursuant to the [Federal Uniform Grant Guidance \(UGG\), 2 CFR Part 200](#). The School District will undertake reasonable cooperative efforts with law enforcement agencies. The Superintendent and building administrators have the responsibility and authority to determine when the presence or assistance of law enforcement officers is necessary on School District premises and School-related functions.

**Threat Assessment** The Superintendent will develop a threat assessment protocol aimed at addressing situations which may pose a threat to the health, safety, and welfare of the school community. ## **6008 Transportation**

**Student Transportation** The District will provide transportation to eligible School District students and others consistent with applicable laws, as determined by the Superintendent. The use of School District transportation resources for field trips, co-curricular activities, extracurricular, and other authorized educational, cultural, and recreational activities may be permitted when it does not conflict with the primary purpose for transportation and complies with District policies. In accordance with the [Michigan Freedom of Information Act \(FOIA\), MCL 15.231 et seq.](#), the School District will make public records available for inspection or duplication. The Superintendent is the School District's FOIA Coordinator and will develop administrative regulations necessary to implement the requirements of the Act. The regulations will include a schedule of costs to be charged, as allowable under the Act. The Superintendent may designate another individual to perform on his or her behalf in receiving, processing, granting, and denying requests for public records.

### 7002

### Community Use of School District Facilities

The Board encourages the use of School District facilities to promote educational, recreational, cultural, and civic activities of the community. The Board does not intend, through this Community Use policy, to create a public forum or limited public forum for expressive activity.

The Superintendent is authorized to permit individuals, groups, and organizations to use School District facilities when the use does not conflict with the use of School District facilities for School District purposes. The Superintendent will develop administrative regulations, as necessary, to implement this policy.

Rental of a School District facility does not equate to School District endorsement of the individuals, groups, or organizations utilizing the facility.

### 7003

### Gifts, Bequests, and Donations

The Superintendent may accept gifts, bequests, and donations in the name of the School District. Gifts, bequests, and donations must:

The Board encourages the use of volunteers to support the School District. Because the safety of the School District's students is of paramount importance, every individual volunteer is required to undergo a criminal background check through the Michigan State Police Internet Criminal History Access Tool (ICHAT) before s/he is permitted to volunteer, regardless of whether or not the volunteer will work directly with students. ICHAT criminal background checks will be performed annually for each volunteer. This policy does not grant any individual who passes an ICHAT background check with the right to be approved as a volunteer.

The Superintendent or building principal has the authority to prohibit the entry of any person to a school of this District or to expel any person when there is reason to believe the presence of such person would be detrimental to the good order of the school. If such an individual refuses to leave the school grounds or creates a disturbance, the principal is authorized to request from the local law enforcement agency whatever assistance is required to remove the individual. The Superintendent may develop administrative regulations as needed for the implementation of this policy.

## **7011 Engagement with Outside Organizations**

Any request from civic institutions, charitable organizations, or outside groups which involve such activities as contests, exhibits, sales of products to and by students, sending promotional materials home with students, graduation prizes, fund raising, and free teaching materials must be carefully reviewed to ensure that such activities promote student interests without advancing the special interests of any particular group.
