

BrainPop Quizzes using ActivExpressions

Students can take BrainPop quizzes using ActivExpressions. The teacher's computer must have an ActivHub plugged in with registered ActivExpressions. **Flash Bridge** (ActivSDK Flash Extension) must be installed on the computer.

1. Teacher logs into BrainPop from their AH Apps

<https://moodle.anoka.k12.mn.us>

2. Choose a topic and subtopic(s) until Quiz is an option in the lower left of window

3. After watching the Movie, choose Quiz
4. Choose ActivExpression Quiz

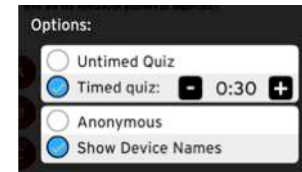

5. The quiz question and multiple choice answers will appear. Click Start Vote.

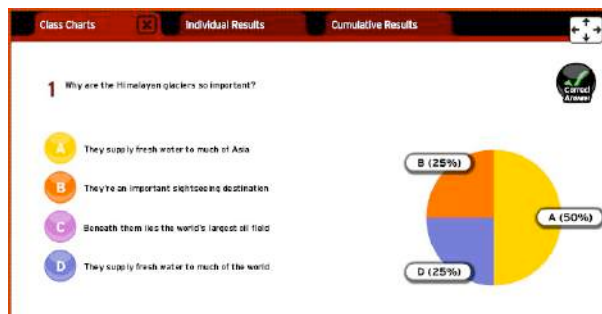

6. Choose from the following options (some of the options appear after all students have responded to the question):
- Full Screen
 - Timed or untimed quiz
 - Results: Anonymous mode or show device name
 - Correct Answer
 - Answer Popularity
 - Class Charts
 - Individual Results
 - Cumulative Results
 - There is also an option to Restart the Question
