

A diagram of a vertical, irregular oval shape. A red double-headed arrow is drawn vertically inside the oval, spanning most of its height, indicating a measurement of height.

A diagram of a foot with a red double-headed arrow indicating the width measurement.

When measuring your right foot, align your instep with the solid line on the left side of the chart. If the outside of your right foot reaches the grey area on the right, consider a wide width. Repeat with your left foot: align your instep with the solid line on the right side of the chart. If the outside of your left foot reaches the grey area on the left, consider a wide width.

For shoe sizing accuracy, we recommend printing this document on 8.5" x 11" paper at 100% (full size).
