

# BUDGET PRESENTATION FY 2023

RICEVILLE COMMUNITY SCHOOL

# ENROLLMENT

- We'll first look at the categories of enrollment as they impact our district.
  - Our Headcount enrollment is the number of resident students. This number does not take into account the impact of open enrollment but serves as the primary driver of the amount of state funding we receive.
  - Special Education Weightings are the additional amount we get to “count” a student for purposes of the state funding formula. An increase in weightings means more funds to support out students with special needs.

# ENROLLMENT

- Supplementary Weightings are other subgroups of students that the funding formula allots additional funds. This can include English Language Learners, sharing, or reorganization incentives.
- Preschool Budget Enrollment is the number of students we count for purposes of 4 year old preschool. This number represents 50 percent of the actual number of children served (the state only provides 50% of the cost of K-12 students).
- Lets look at each of these in turn.

# FINAL COMMENTS ON SPENDING AUTHORITY

# PROPERTY TAXES FOR THE GENERAL FUND

- The funding per student is paid for by a combination of local property tax dollars and funds from the state (“state aid”).
- Statewide, property taxes make up about one third of total funding in our General Fund (where we pay for teachers and most of our non-facility related programs).
- The mix of property tax and state aid is determined by formula, a district with lower valuation will have higher tax rates than a district with more property value.

# GENERAL FUND PROPERTY TAX COMPONENTS

- There are 5 components of a school district's General Fund property tax rate. They include:
  - + Uniform Levy
  - + Additional Levy
  - + Instructional Support Levy (optional)
  - + Cash Reserve Levy – SBRC (only if fund balance < 20%)
  - + Cash Reserve Levy – Other (only if fund balance < 20%)
  - = Total General Fund Levy
