Scholar Bowl Sees New Faces This Year

By Lance Wallace
Staff Reporter

The Bulldogs' Scholar Bowl season has brought some changes and new faces to the team. With the loss of a few seniors last year and only two returning members, along with a new head coach, there have been new and exciting challenges.

Kristi Porterfield has taken over as the Scholar Bowl coach and stated, "I was a little nervous about coaching high school, but it has been fun reconnecting with former students. It's been neat to see their wide range of knowledge and how well they work as a team. My goal for this year is to

end the season with a winning record and to have some fun along the way!" The roster consists of Katelyn Stoll, Hannah McQuinn, Wyatt Taylor, Jorjah Webster, Reagan Heyde, and Brayden Hahn, with Stoll and Taylor the only two returning members.

Their season kicked off last month with a contest at home versus North Andrew to which they lost 270 to 110. Their next meet they came back and persevered with a win and smoked Pattonsburg 210 to 50. Good luck to the Scholar Bowl team for the duration of their season.

Elementary students get ready for *Willy Wonka* at the Roubidoux Theater in St. Joseph.

Elementary Attend Willy Wonka Production

By Gavin Cameron
Staff Reporter

Students K-6 took a field trip to the Rubidoux Theater in St. Joseph on February 28th. All students have been working hard this year, and the faculty thought this would be a great way to treat the students. The PTO helped to fund the outing. Students watched *Willy Wonka & the Chocolate Factory*. The kids had a great time and had a lot of positive feedback on this year's play. Fifth grader Quincy Cameron stated, "The play was very entertaining, and I liked it a lot."

Attending plays at the Robidoux Theater has

become somewhat of a tradition over the past few years, with past plays including *The Little Mermaid* and *Matilda*. Principal Mrs. Tammy Graham stated, "This is a field trip that is loved by both the students and faculty. The students are always excited to see the detailed sets, costumes, and characters of the play. The students are also excited to see the historical Rubidoux Theater and embrace the theater atmosphere." Students are already excited to see what the production will be for next year.

Fifth Grade Gearing up for Final Year of Elementary

By Marli Hilton
Staff Reporter

The fifth-grade classes have had a great start to their year. The teachers this year are Mrs. Shay Albright and Mrs. Kristi Porterfield. This is Mrs. Albright's first year at Stanberry and Mrs. Porterfield's ninth year teaching at Stanberry. Mrs. Porterfield said, "So far it has been a great year with lots of student growth. My favorite part has been getting to know the students and my new teaching partner, Mrs. Albright."

Mrs. Albright has eleven students in her class, including Brantly Donovan, Harlan

Eckard, Emilee Groven, Jared Henggeler, Quinn Heyde, Carter Mattson, Jaicee McGinley, Kayla McQuinn, Brenzlee Moffat, Grayson Wiederholt, and Liam Wilson. When asked what has been the most exciting thing about this year, Carter said, "making golf courses for science class."

Mrs. Porterfield has a total of twelve students in her class, including Chandler Albright, Noah Beggs, Quincy Cameron, Steven Edwards, Caiden Jensen, Miguel Leon, Emily McMillan, Taylor Rogers, Blaine Schieber, Madelyn Sidwell, Trevor

Strough, and Hummer Studer. Emily said she is, "looking forward to the ABC countdown toward the end of the year."

The fifth-grade students have learned many things this year. In math class so far, they have learned about operations with whole numbers and decimals. They are currently learning about fractions. In science they have learned about ecosystems, the water cycle, and matter. They are now learning about force, motion, and energy. The students are working on an 8-hole miniature golf course that they will display at their

family night on March 21st. In social studies, fifth grade has learned about the Revolutionary War and Westward Expansion and are currently studying the Civil War.

Mrs. Albright stated, "Some things I have learned so far this year is to not let the small stuff get to me, to remember to be patient because just as I am not perfect, neither are those around me, and to take a deep breath and enjoy the ride." We wish you all the best of luck in the rest of your school year.

Success at Science Olympiad

By Katrina Blessing
Staff Reporter

The 2022-2023 Science Olympiad season started in November with members signing up for their desired events. Immediately following signup, practices began. Members came in early or stayed after school to work on their events. High school members include Katrina Blessing, Rhona Henggeler, Grace Mattson, Caroline Fanning, Emma Phipps, Katelyn Stoll, Marissa Webster, Paige Woods, Jordyn Wright, Marli Hilton, and Wyatt Taylor. The high school is coached by Mrs. Roxanne Hoover. Junior High members include Hannah McQuinn, Ally Santa Cruz, Kenzi Santa Cruz, Tasha Stoll, Olivia McQuinn, Thor Cameron, Dalton Taylor, and Hudson Groomer and are coached Ms. Miya Lindroos.

Regional Competition was

on February 25th at Northwest Missouri State University. This competition was composed of junior high and high school teams, which differed from last year. The high school results for regionals were Cell Biology 1st place- Caroline and Grace, Rocks and Minerals 1st place- Katrina and Rhona, Write it, Do it 1st place- Grace and Caroline, Experimental Design 2nd place- Emma, Jordyn, and Rhona, Chemistry Lab 2nd place- Rhona and Katelyn, Forensic Science 3rd place- Marissa and Rhona, Dynamic Planet 4th place- Katrina and Wyatt, Anatomy and Physiology 5th place- Wyatt and Katrina, Codebusters 5th place- Marissa and Emma, and Forestry 5th place- Marli and Jordyn. The high school team got 5th place overall, which means only the 1st

place events will be going to state. Rhona's incredibly excited to "get the chance to compete at the state level. I hope everyone else going to state does well in their events." Mrs. Roxanne Hoover stated, "I am super happy for the seniors who have qualified for state! Since we missed qualifying last year it is really gratifying for them to go their senior year. My favorite part of state is getting away and spending time on a college campus and having kids get to see a campus that is out of our region. I think it gives them a different perspective. I also hope it encourages others to get involved in Science Olympiad when they hear about how much fun we had!"

The junior high results were Dynamic Planet 1st place- Hannah and Ally, Anatomy and Physiology-

1st place- Ally and Hannah, Solar System 2nd place- Thor and Dalton, Road Scholar- 2nd place- Tasha and Olivia, Meteorology- 3rd place- Ally and Hannah, Crime Busters- 3rd place- Olivia and Tasha. The junior high team got 4th place overall; this means they will be going to state as a team. Thor's favorite part of competing at regionals was, "spending time with friends outside of school."

As state competition approaches, members are hard at work studying and practicing for their events. State is on April 1st in Springfield, Missouri. Stanberry R-II is extremely proud of what the Science Olympiad teams have done so far and can not wait to see how they do at state competition.

Seventh Grade Settle into Junior High

By Morgon Showers
Staff Reporter

As the third quarter comes to an end, the seventh graders are experiencing the differences between elementary and middle school. Now that they are in junior high they have the opportunity to change classrooms and switch teachers.

During the first semester, students participated in the career class. This is where people from our community come to talk about their occupations to give students a better idea of what they are interested in after high school.

As the fourth quarter starts so does their track season! For the class of 2028, this is something new. In the past,

they've participated in field day which is a day at the football field where they compete in relays just like in track. Seventh graders Allie Schieber and Alyssa Wallace both tell us, "Being in junior high is so much different than elementary school; we have a lot more freedom and are excited to be the upperclassmen of the middle school next year."

The change from elementary to middle school saw this bunch of students excel academically as well, with eighteen of the twenty-six making the honor roll first semester. Keep up the good work! Good things come to those who work for it.

Senior Spotlight

By Gavin Cameron
Staff Reporter

SENIOR 2023

Senior spotlight is back and the next round of seniors this month are Bladden Greenhalgh, Owen Gregory, Brogan Graham, and Randall Harbour. Bladden's plans after high school are to go into the workforce, he's going to try and work two jobs, one being at Pine View and another at Dollar General. Bladden's favorite memory was having a good

time and hanging with friends. Bladden's advice to the underclassmen is hard work takes time and patience, just keep working through the difficulties. One thing Bladden is looking forward to is having the best summer ever.

After high school, Owen's plans to go straight into the workforce to work in IT.

Owen's favorite memory from school was when Brogan brought a puke bag into the sixth grade

classroom to show it off to the students. Owen is looking forward to his freedom, being able to make his own decisions, and no more adults to make decisions for him.

Randall plans to attend York University to play golf and major in education.

Randall's favorite memory from high school is when he went to state basketball his junior year. Randall's advice to the underclassmen is to take time for themselves. Don't overcrowd your schedule because you still need time to be a kid. After high school, Randall is looking forward to playing golf at York.

The last student this month is Brogan Graham. Brogan plans to become an electrician after high

school. One of Brogan's favorite memories is the time he left school and went home. His advice to the underclassmen is to be friendly and kind to others. Brogan is looking forward to making more money and having more freedom after he graduates.

Next month we will have 4 new seniors up for the senior spotlight so remain alert for these individuals.

Basketball Wrap-Up

By Isabella Wright
Staff Reporter

The boys' basketball season wrapped up after losing to King City in the first round district game. Senior Adam Jensen was asked what he would miss most about basketball; he stated, "The season record wasn't great, but the bonds built with my teammates were ones to remember." Colby McQuinn received 1st Team All-Conference and All-District, Adam Jensen and Colby McQueen received Honorable Mention for GRC. Coach Nick Groomer was asked his thoughts on this year; he said, "The boys improved over the year. Great year, no problems, and a great bunch of boys." Even though the season didn't go as they would have hoped, this year was a year for rebuilding.

With the high school girls' basketball season ending, they achieved great things this season. One of their most notable accomplishments was beating St. Joe Christian 26-19. Another to be recognized is Amelia Wallace receiving first team All-Conference, All-District team, and All-KMA Land Missouri Girls Basketball team; Kiley Mattson making second team

All-Conference and the All-District team; and Katie Angle making honorable mention for conference. When Coach Taylor Wendt was asked what her thoughts were on the season this year she stated, "This season we dealt with a lot of different role changes that challenged us throughout the season. I felt we handled these changes to the best of our ability and looked to be competitive all season. We had some significant wins such as against St. Joe Christian. We all grew in different areas and had a lot of fun doing it. I look forward to next year and what all we will accomplish as a team and individuals." Coach Wendt also quoted from Pat Summit, "You can't always be the strongest, most talented, or most gifted (team), but you can be the most competitive." Now that the season is over, this year's seniors will be greatly missed next year. Senior Katie Angle stated about her final season, "We did a lot this year that no one expected, and I made great memories along the way."

We wish all the seniors good luck in their future and will miss them all so much.

JH Wrestling Season

By Bladden Greenhalgh
Staff Reporter

Junior high saw an influx of wrestlers this season. The wrestling lineup included seventh graders Lane McGinley, Jontae Clayton, Faith Gregory, Ellie Dias, Wyatt Santa Cruz, Lucian Simmerman, Emma Mattson, Brant Jensen, Parker Evans, Jake Holtzclaw, and Thor Cameron, and eighth graders Danielle Denney, Emmett Meyer, Wes Bashor, Zander Heyde, Jax Heyde, and Max Hilton. Danielle said, "It was a great experience and exciting, I wish there were more meets and people involved in this sport."

They worked very hard with practices taking place every day after school. Their first meet was on February 27th at Rock Port. The very next day the wrestling team traveled to Tarkio. Stanberry hosted a wrestling meet on March 3rd, with the final meet of the season in Albany on March 6th. The JH wrestling season is very short as they have all of their meets in a 3-week time span.

Coach Jason Dias commented, "It was a good season. The kids worked very hard during practice and meets. We had some success throughout the months. I look forward to some improvements they bring for next year."

Stanberry R-II is extremely proud of what these kids have accomplished this wrestling season and can not wait to see what the 2023-2024 season brings next year.

High School Track

By Marli Hilton
Staff Reporter

The first high school track practice was held on Monday, February 27th. This year's season is going to be different from previous ones. With the loss of seniors Sadie Runde, Lexi Craig, Benjamin Messner, and Tyler Schwebach, and only sixteen people going out, there are many events to fill and new experiences to be had before the first meet at Worth County on March 23.

The girls' team includes juniors Jayden Gust and Katlyn James, sophomores Marli Hilton and Jencie James, and freshman Dani Van Draska. The boys' team consists of juniors Reagan Heyde, Peyton Hume, Nate Giffin, and Evean Cooley, sophomores Kaiden Keough, Damien Webb, and Decker Heyde, and freshman Jaren Stoll.

Though there are many events still up in the air, we

do know that Katlyn, Jaren, and Nate are jumping and vaulting, and Evean and Peyton will run hurdles. Our boy throwers are Reagan and Kaiden. The girl throwers are Dani, Jayden, and Jencie. Dani stated she is looking forward to, "getting better at shot put and getting faster in sprinting." The sprinters are Katlyn, Marli, Dani, Nate, Damien, and Jaren. Running middle distance is Decker.

Coach Shane Hilton stated, "The season is going great so far. The kids are working hard, and I'm looking forward to seeing what they can do when we get into track meets." Coach Kelli Hilton is looking forward to seeing continued improvements among our athletes!

Good luck to all those competing in high school track this season!

Junior High Track Kicks Off

By Sylvia Redmond
Staff Reporter

We are getting into the season of warmer weather, and the junior high is getting ready to start their track season. Their first meet is March 28th at Worth County at 3:30. They seem to have a pretty big team this year, as quite a few students want to compete this year. Seventh grader Hannah McMillan states, "I am excited to learn and see how much we can accomplish this year as a team."

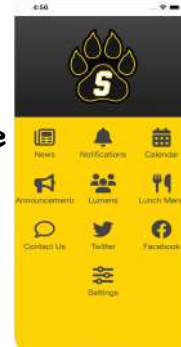

The JH track team consists of Aiden Graham, Alana Evans, Allie Schieber, Alyssa Wallace, Blanche Eckard, Brant Jensen, Brookelynn Robinson, Drew Parman, Ellie Dias, Emma Mattson, Emmett Meyer, Hannah McMillan, Hudson

Groomer, Jake Holtzclaw, Jax Heyde, Konnor Keough, Kynzee Adcock, Max Hilton, Olivia McQuinn, Parker Evans, Parker Ginther, Rylin Worley, Tasha Stoll, Tess Edson, Thor Cameron, Wyatt Santa Cruz, Zander Heyde, and Josi Moffat. The team is coached by Kirsten Maronde and Kaleigh Meyer.

Coach, Kaleigh Meyer says, "I am looking forward to having such a big group this season. We will have enough participants to enter into all of our relays. I hope our track season is full of joy, competitiveness, and determination. I have no doubt that this group is more than willing to put the work in and succeed!"

Best of luck this season!

STANBERRY R-II SCHOOL

March 2023

The 2000 track team posing on the podium after placing 4th overall.

Bulldog Sports History: Track

By Sylvia Redmond
Staff Reporter

This month we are looking back on the history of track. There has been a wide variety of great accomplishments here at Stanberry R-II, and there are many more to come throughout the years.

Our high school math teacher, Mr. Jason Dias was a participant in the Stanberry track. He participated in shot put, discus, 4x100 and 4x200 relays. He went to state in his sophomore (1998) and junior (1999) year and medaled in each of those events. His senior year (2000) he only participated in shot put and discus and went to state for shot put, and the boys' team took 4th place overall at the state meet.

Mr. Dias stated they had four different track coaches in high school. "I enjoyed competing. We had a great track team and were very successful. It's fun watching Stanberry athletes perform well in their events."

Junior high history teacher Mr. Nick Groomer also participated in high school track and holds multiple records. He had participated in track all four years of high school. Freshman year (1998) he finished second in the 2 mile at state, sophomore year (1999) he also finished second in the 2 mile, but also was on the 4x800 team that finished fourth in state. As a junior (2000) he finished third in the 2 mile at state, fifth in the mile, and the 4x800 team finished second. Senior year (2001) he finished third in the mile and his 4x800 team won state. As a junior the boys' track team placed 4th overall at state. He holds the school records for the mile, 2 mile, and his 4x800 team holds the record. "I loved track; I have so many memories from track meets. I met many friends from other schools and helped our team place in state. Track is a very unique sport that allows athletes to show different skills than other sports."

Track is starting up and they have their first meet March 23rd. We wish everyone the best of luck on a great season.

Golf Swings into Season

By Adam Jensen
Staff Reporter

With the high school boys' golf season starting up, players have been working hard at practice making sure they place at every meet. The golf team this year consists of freshmen Evan Gregory and Nathaniel Taylor, sophomores Colby McQueen and Jordyn Wright, juniors Kolton Dias and Tucker Schieber, and seniors Randall Harbour and Adam Jensen. Jordyn stated, "I am nervous but excited at the same time and looking forward to seeing how the team and I will do this year."

The first golf meet was scheduled for March 22nd in Stanberry; unfortunately, it was canceled due to inclement weather conditions. The first meet will now be held on March 27th at Bethany. Coach Ronda Carroll stated, "I'm excited about this season because we have a bunch of returning players that are excellent leaders. I have high expectations for this team, and I believe we truly have a chance to make it to state as a team." Hopefully they make it far and have a very successful season.

Video Game Review: Madden 23

By Kaedon Showers
Staff Reporter

Madden 23 is a franchise game and has been out since 1990. Every year they release a new game with the updated rosters and new game mechanics. Each new year gets better and improves drastically. You're able to play as your favorite NFL team and can play against other people in the world.

There is an additional part of the game called ultimate team. Ultimate team is a program in the game where you start from the bottom with one of the worst teams, and the more you play and complete challenges the higher your rank goes, and you unlock new and better players. The goal is to create the best team you possibly can.

Madden is a fantastic game with its real life graphics and movements. I recommend this game if you are competitive and like a good challenge. I rate this game a 10/10 and highly encourage people to try it out.

Song Review

By Morgon Showers
Staff Reporter

The song "February 28th" by Koe Wetzel is written about the true story of this song's artist. On February 28, 2016, Koe Wetzel was arrested for public intoxication. This song was released on the album *Noise Complaint*. This song became a major hit after its release as it is a true story. "February 28th" talks about a man who craves Taco Bell while intoxicated but is not sober enough to drive there. Since the date of February 28th, 2016 fans of Koe have met at Taco Bell in celebration of him.

I enjoy listening to this song because I'm a fan of most of his music. Although I don't believe Koe Wetzel's decisions were appropriate, the song is still very good. It has a very good rhythm as well as tone. My closest friends and I have listened to his music for a long time and I plan to go to his concert within the next month to enjoy the feeling in real life.

Song: "February 28th"
Artist: Koe Wetzel

Open Season 2
Available on Netflix

By Lance Wallace
Staff Reporter

Open Season 2 is an animated comedy film that was released in 2008. It is the sequel to the 2006 film *Open Season*. The movie was produced by Sony Pictures Animation and directed by Matthew O'Callaghan and Todd Wilderman.

The story of *Open Season 2* follows the adventures of Boog and Elliot as they try to rescue their friends from a group of pet owners that have kidnapped them. Along the way, they meet several new characters, including a sassy cat named Ursa and a beaver named Reilly.

It was a commercial success, grossing over \$119 million worldwide. Overall, *Open Season 2* is an entertaining film great for the whole family to enjoy. Its characters and humorous actions will keep viewers entertained from start to finish.

Fifth grader Madelyn Sidwell

Second grader
Benjamin Steinhauser

Seniors Grace Mattson
and Katie Angle

Artist of the Month

By Bladden Greenhalgh
Staff Reporter

Artist of the Month is back with some new and returning faces this month. First, we have second grader Benjamin Steinhauser. He was assigned to make a story about the Native American era out of animal skin.

Next up, is Madelyn Sidwell from the fifth grade. She made scenery of her winter wonderland with big

mountains in the background.

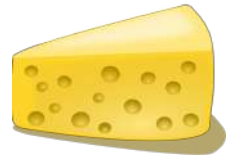

Our final March artists are seniors Katie Angle and Grace Mattson. They made an inspirational mural on Principal Tammy Graham's door. The inspiration said, "After every storm comes a rainbow."

These four students worked very hard on their art this past month.

Want to make some quick macaroni and cheese? Well, *Kraft Mac & Cheese* is a great choice. Just follow these simple steps to make a delicious, quick meal.

Step 1: Get a medium sized saucepan and fill it halfway with water.

Step 2: After your water is boiling put the macaroni noodles in and boil for 8-10 minutes or until the noodles are tender.

Step 3: Drain the water from the pan and add the cheese mixture, stir it and add milk until you get a creamy consistency.

Step 4: Make sure you stir the macaroni well to get the cheese evenly coated over the noodles. The above steps will lead you to some delicious food for you and your family. Thanks for reading, and don't forget to come back next month for more cooking tips with Karl!

Each month *The Bulldog's Bark* will feature a school staff member. It is your job, based on the clues, to guess who the staff member is. The answer will be revealed in next month's issue. In February, the featured teacher was Mrs. Sidney Eckard. Who do you think March's staff member is?

Where did you go to college?

Kansas State University

Emporia State University

Baker University

Are you married, if so for how many years?

Yes, 25 years

How many kids do you have?

4

What is your favorite color?

Royal Purple
