This needs assessment for ESSER 3.0 is built to be a summary of the major elements to consider in strategic planning for effective resource allocation for those funds. The department also encourages updates to ESSER 1.0 and 2.0 spending plans to align with needs as they are updated and develop. Local plans and those submitted through InformTN for the comprehensive district plans will likely be more detailed and thorough, with specific call-outs by individual school need. The state template is intended to provide the public with a data snapshot to inform community engagement related to the needs of the district that ESSER 3.0 dollars may support.

## ACADEMICS

Topic	Supporting Data and Notes	Interpretation of Data and Identified Needs
<b>Kindergarten</b>		
50%+ School Year Remote	Provide information on any increase in the number of students whose "first time" experience in a formal school setting will be 2021-2022.	
<b>Instructional Days</b>		
Days In-Person	Total number of in-person days in the 2020-21 school year (number of days and percent of the year) for elementary, middle, and high schools in your district.

School Activities and Enrichment	Summarize any impacts on enrichment programs, school activities, etc. during the 2020-21 school year.	

*Remember that a needs assessment is to specifically name those areas where additional support, resources, or attention would positively benefit students. That requires the identification of areas to strengthen as a result of the pandemic. The needs assessment may also include areas that were already focus areas for the district that have been exacerbated as a result of the pandemic and where additional investment may be warranted or beneficial.*
