

This is a sample of my camping unit bundle that includes 20 different themed worksheets/activities that incorporate math, literacy, fine motor, gross motor and visual perceptual skills. Great summer school activity or take the desks out of your classroom and pop a tent, for a week, any time during the year. Kids can wear PJs and sit in sleeping bags on the floor. Several no prep worksheets are included, as well as, some activities that require cutting and laminating. Most worksheets and puzzles include B/W and color copies. Consider laminating and making interactive worksheets out of the color copies or hang them around the classroom for stations. Activities/worksheets can also be laminated inside a file folder and Velcro™ can be used.

This free resource includes: Letter box fill in the blank worksheet, Letter T writing page, clip cards 1-8 and a I-find with answer key.
