

YOUR CAREER PRESENTATION

OBJECTIVE:

Create a presentation explaining the career assigned to you. The presentation should **include all of the information below at a minimum**. The presentation should be *creative and interesting* and **include all group members**. Poster? PPT? Google Slides? Prezi? If you do a poster, make it VISUALLY INTERESTING! Use pics from magazines, print out the information, make this look professional. If you do an electronic presentation, you can add interesting visuals like links to short videos, sound, animations, gifs, etc.

- Job description-what exactly is this job? What are some of the types of jobs that folks who are trained in this can do? List these.
- Outlook-is there growth? How much?
- How much money can you make?
- Is college recommended? Other training?
- What are some colleges or trade schools you can attend for training in this job?
- Classes you may/should take
- Skills required
- Job conditions (standing/sitting/working with people)
- Larger companies that may hire for these jobs
- Related occupations
- ETC! Teach us something

~you will have to look beyond Career Bridge for information, but that's where you'll start

~Look at LinkedIn or other job hunting sites to see what jobs in your field are out there

~Google that specific job-what do you find?

~**get creative in your search-RESEARCH!**
