

Career Research Project

Name _____ Date _____

As the last paper for Senior Composition, we are going to explore options for your post secondary life. This will be completed in phases.

Phase 1

In the first phase, identify careers in which you are most interested.

Career Choices

1. _____
2. _____
3. _____

For each career you listed, find the following information:

- ☐ Education requirements
- ☐ Possible income
- ☐ Benefits of chosen field
- ☐ Possible hazards of chosen field

Career Research Project

Career Choice #1	Education Requirements	Expected Benefits in Chosen Field	Possible Hazards of Chosen Field	Potential Income
SOURCES

Career Research Project

Phase 2

Choose!!!!

Option 1

Develop a 5 paragraph essay that consolidates the research about each of your career options.

Introduction

Establish your purpose for writing. Remember to go from a broad topic area to a focused statement.

Career choice 1

Include your research about the first career choice. Thoroughly discuss the information you have researched!! Reference your information with your source.

Career choice 2

Include your research about the second career choice. Thoroughly discuss the information you have researched!! Reference your information with your source.

Career choice 3

Include your research about the third career choice. Thoroughly discuss the information you have researched!! Reference your information with your source.

Conclusion

Begin with the focused statement. From the information you have gathered, establish what you expect your career path to be.

Option 2

Develop a power point or a prezzi that you will present to the class. Follow the same guidelines as above, but your power point will not look the same as a paper. You will need to use professional words, sentences, and structures. This is a presentation!

Option 3

What other options do you have to present your research and information? Clear your ideas with me.
