Student Achievement

Student Achievement includes both student proficiency and student participation. Student proficiency measures whether students have met or exceeded grade-level standards and expectations. Student participation measures whether students took part in and completed the statewide assessments. Only students who spend most of the school year enrolled in the school are included when reporting the performance of students. (Data source: 2018-2019 school year)

How did students in this corporation perform on the statewide assessments?

Student proficiency measures whether students met or exceeded grade-level standards and expectations.
