

CHAPTER 9 QUIZ A

Student Name _____ Date _____ Grade _____

1. Which term means the distention of a kidney?
 - a. nephrectasis
 - b. nephromalacia
 - c. nephrosclerosis
2. Which term means a stone in the urinary bladder?
 - a. cystocele
 - b. cystolith
 - c. nephrolith
3. Which term means enlargement of the renal pelvis due to an obstruction of the urine flow?
 - a. hydronephrosis
 - b. nephroptosis
 - c. nephropyosis
4. Which term means difficult or painful urination?
 - a. diuresis
 - b. dysuria
 - c. micturition
5. Which condition is also known as bed-wetting?
 - a. enuresis
 - b. incontinence
 - c. nocturia
6. Which term means distention of a ureter?
 - a. ureterectasis
 - b. ureterorrhagia
 - c. ureterostenosis
7. Which term means the surgical repair of the tube extending from the bladder to the exterior of the body?
 - a. pyeloplasty
 - b. ureteroplasty
 - c. urethroplasty
8. Which term means the surgical fixation of the bladder to the abdominal wall?
 - a. cystectomy
 - b. cystopexy
 - c. cystorrhaphy
9. In which congenital abnormality is the urethral opening on one side of the penis?
 - a. epispadias
 - b. hypospadias
 - c. paraspadias
10. Which term means a disorder characterized by the presence of kidney stones?
 - a. nephrolithiasis
 - b. nephrolithotomy
 - c. nephrolysis
11. Which term means excessive urination?
 - a. anuria
 - b. oliguria
 - c. polyuria
12. Which structure or structures carry urine from the kidneys to the bladder?
 - a. renal pelvis
 - b. ureters
 - c. urethra

13. Which is the correct spelling of the term describing the process of inserting a tube through the urethra and into the urinary bladder?
 - a. cathaterization
 - b. catheterization
 - c. cathiterization
14. Which term means a toxic condition caused by excessive urea and other waste products in the bloodstream?
 - a. nephrosis
 - b. nephrotic syndrome
 - c. uremia
15. Which term means abnormally high concentrations of protein in the urine?
 - a. hyperlipidemia
 - b. hyperproteinuria
 - c. hypoproteinemia
16. Which term means the removal of a kidney stone through a surgical incision into the kidney?
 - a. lithotomy
 - b. nephrolithiasis
 - c. nephrolithotomy
17. Which term means pain in the bladder?
 - a. cystalgia
 - b. cystitis
 - c. cystocele
18. Which structure of the kidney contains the collecting tubules?
 - a. Bowman's capsule
 - b. cortex
 - c. medulla
19. Which is the correct spelling of the term meaning the destruction of a kidney stone by ultrasonic waves traveling through water?
 - a. liethotripsy
 - b. lihtotripsy
 - c. lithotripsy
20. Which term means pain in the tube connecting the kidney to the bladder?
 - a. ureteralgia
 - b. urethralgia
 - c. urethrodynia
21. Which radiographic study of the kidneys, ureters, and bladder does not use a contrast medium?
 - a. intravenous urography
 - b. IVP
 - c. KUB
22. Which term means the surgical fixation of a floating kidney?
 - a. nephrolysis
 - b. nephropexy
 - c. nephroptosis
23. Which term means an inflammation of the renal pelvis and of the kidney?
 - a. nephroptosis
 - b. nephropyosis
 - c. pyelonephritis
24. Which term means the increased excretion of urine?
 - a. anuria
 - b. diuresis
 - c. dysuria
25. Which term means bleeding from the bladder?
 - a. cystorrhagia
 - b. cystorrhaphy
 - c. cystorrhea
