

Chutes & Ladders: Health Triangle Edition

Directions: You and your partner will create your own version of *Chutes & Ladders: Health Triangle Edition*! Your game board will be created inside a provided folder. Your board can take whatever path you would like. The ladders will represent positive health traits while the chutes will represent negative health traits. You will also create game pieces that relate to health. Games will be played during class.

Category	Excellent	Adequate	Minimal	Total Points
Game Board, Box Cover, and Game Pieces	Box Cover (front of the folder) has title of the game clearly and largely written; Game Board (inside of the folder) is complete with all required chutes, ladders, and pictures; At least 4 unique health game pieces are made.
