

Name of Cinematographer

Your name

You will be doing research on a Cinematographer. Answer the following questions in this Google Slide

1) **Pick one of the Cinematographers in the Google Assignment.** Try to avoid doing a **Cinematographer** that someone else in the class is doing.

2) **Find at least 5 screen caps of important shots done by that cinematographer** and put it into your GOOGLE SLIDE presentation. Make sure images are appropriate to show in class.

3) **Research the cinematographer** and include what you find in your presentation. Some of the questions that you will answer are:

- basic info (birth date and location, etc.)
- how did the **cinematographer** start in the field of **cinematography** (schooling, etc.)
- list several of the films for which they are best known
- what are the important themes/ideas in their work
- describe their visual style in their films. If it is different in every film, just choose one
- what makes them important or unique or different in the history of **cinematography**

4) Make sure to **include your own opinions** about the **cinematographer's** work in a slide. Do you like it? What do you like about it? What does this **cinematographer** do that you would like to do in your own work?
