

CLASS PRESENTATION PERMISSION SLIP

Videos to be shown in class

Dear Parents,

Occasionally films may be used in the classroom in order to illustrate a particular curricular-related concept. I am notifying you that we will be watching a film/video in class with a rating **above** the PG rating.

Movie: Twister (1996) 1 hour 53 minutes

Rated PG-13

Description: Bill and Jo Harding, advanced storm chasers on the brink of divorce, must join together to create an advanced weather alert system by putting themselves in the cross-hairs of extremely violent tornadoes.

Parent information: Non-extreme violence; characters get sucked into tornadoes, car wrecks, paraphernalia flying around hitting people due to extreme wind. Mild language, some profanity used during the video. All scenes involving twisters are intense due to character's proximity to twisters. Suggested MPAA Rating PG for Disaster Related Violence and Peril, Some Sexual References and Mild Language. Approved for 12+

A detailed parent guide is available on IMDB website; the following link is available to you
http://www.imdb.com/title/tt0117998/parentalguide?ref_=tt_stry_pg

Topic under discussion to which movie is relevant: We are currently studying Chapter 17 "Weather" in science class. This movie illustrates visual references to what we are currently learning. This movie also has many scientific references to the curriculum we are learning in class.

Please return the permission this slip below
