**Note:** Practice had been to collect and submit 'cash dues' to the Business Office along with fundraiser proceeds. The Class Advisor maintained records to distinguish between fundraised proceeds and cash dues. A review of those records revealed a total of \$1,105 of the inflows reported above were sourced by direct parent-paid dues during the 2018-19 school year, and are included within the \$17,130.53 of total inflows above.

#### **Lessons Learned**

→ Current separation of duties continues to appropriately ensure that the "Student Activity Fund" only contains inflows and outflows related to the various student activities.

Supported by annual external audit and related testing procedures

→ Previous method to track sub-accounts was well-intentioned, but carried an inherent risk of data-entry error.

Spreadsheet has since been restructured to a "ledger-style" format

- Allows for easier input, review, analysis, and reporting
- Activity Advisors and Business Office need to collaborate
  *Review messaging sent to families for impact, risk, and policy* Better communication around collections and purpose
  - Better communication around collections and purpose

#### → However...

There are no 'Student' accounts, only Student Activity accounts

Fundraised money is to support the Activity, not the individual

#### **Sub Account Tracking**

## **REPLACED SLIDES**

Between the original draft in June and the version produced in July, an entry was made to reallocate \$828 into direct parent-paid dues from Yankee Candle proceeds and Dance proceeds.

This entry was made based upon descriptions recorded in the tracking spreadsheet, which indicated these funds belonged to dues.

Upon review of the original deposits, the following was discovered:

- A \$759 deposit on 11/19/2019 with a tally sheet and checks noting 'dance' was erroneously recorded in the spreadsheet with the description 'dues'
- A \$670 deposit on 11/15/2019 with a tally sheet noting 'dues' included a \$54 check related to the Yankee Candle fundraiser
- An \$890 deposit on 3/3/2020 with a tally sheet noting 'dues' included a \$15 check related to a recent dance

The total of the above-highlighted items is the \$828 in question at the meeting.

<u>CONCLUSION</u>: These corrections had already been accounted for in the original figures in June, which was driven by the records of the class advisors, but were unintentionally 'uncorrected' by relying on the descriptions in the spreadsheet for the subsequent versions.
