Weekly Curriculum

Reading: We are reading and discussing more nonfiction text. We are focusing on author's purpose, fact/opinion, important details, and comparing/contrasting ideas. February reading logs will be due Monday, Feb. 27th!

Writing: We are learning about opinion writing. Students are learning to state an opinion, give reasons, and facts/examples for their opinion.

Spelling: This week's words double the consonant and add -ed or -ing. They are **stopped, rubbed, planned, dropped, hopped, tripped, spotted, digging, sitting, wrapping, sledding, scrubbing, putting, swimming, and running**. Don't forget to complete 3 of the tic-tac-toe activities by Friday. Congratulations on last week's 100%!

Math: We will be finishing our unit on perimeter and area. Test will be Thursday! Data will be our next unit.

Science: We will begin reviewing skills for the upcoming MAP test.
