

Albert.io for UCPS

A free tool to prepare for the ACT® & Digital PSAT®/SAT®

Dear Families,

We are excited to share that your students have access to Albert.io to prepare for the ACT® and Digital PSAT®/SAT® exams!

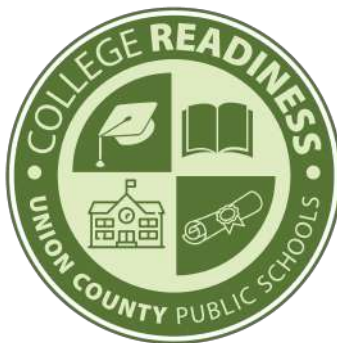

Albert helps your student prepare for these high-stakes exams by providing interactive and engaging practice questions. This, along with mock exams and teacher supports, will help them solidify and retain their understanding of key concepts.

There are directions on the following page for your student to log in to Albert and begin completing independent practice and mock exams.

To best support them, consider the following:

- Learn more about [Independent Practice](#)
- Check in regularly with your student to ask them about their progress
- Ask your student to show you their [progress dashboard](#)
- Encourage your student to complete a practice exam and use Albert's detailed explanations to understand their misconceptions.

Happy Practicing!
