

In the last Communicator there was a brief explanation of the Northwest Evaluation Association's (NWEA) Measures of Academic Progress (MAP) assessments in math and reading used at Lakeview. The NWEA assessment data, grade level assessment data and teacher input determine the best placement for your child for GOAL (Growth Oriented Active Learning) Time. GOAL Time is designed to meet the needs of all students, including instructional time to support our AmeriCorps, Title I, and Special Education students, plus challenges all students through enrichment opportunities.

We utilize research-based best practice intervention programs such as literacy groups, Explode the Code, automaticity math programs, Structured Language Instruction, Great Leaps, and several computerized programs to help all students during GOAL Time. Our teachers and instructional aides work together to ensure the best possible instruction is provided to all students.

All students in grades 1-4, no matter the group, will work on individual needs. Individual student growth is our focus during GOAL Time. Students placed in an intervention group have the benefit of working with a teacher and one or more instructional aides for both reading and mathematics. (Letters were sent home prior to this notice.) The intervention groups have fewer students so intervention can be student specific.

Again, we are goal focused for all students and want each student to be successful. We have 30 minutes for reading GOAL Time each day and 20 minutes for mathematics GOAL Time each day. There are times when other activities interrupt this schedule but we try to keep interruptions to a minimum.

If you have any questions, please ask your child's teacher, Mrs. Sandstrom, or Mrs. Peterson. We're always willing to discuss the exciting learning planned for our students.

The S.H.I.N.E Office is looking for your help!

The Gift of Reading

Please join with the Marquette-Alger Reading Council and help give the Gift of Reading to every child this holiday season.

The Gift of Reading began in 1988. The contributions from Marquette and Alger counties have placed over 20,000 new books into the hands of many area children and adults in need. The books will be placed in Christmas gift baskets at the Salvation Army and St. Vincent DePaul Society for needy families. Reading is the cornerstone of education. Can you think of a better gift for a child than a book?

We will be collecting new books at your child's school November 9th-December 1st.

Boxes are available by the office. (If your child brings a classroom book order home or if you are attending your child's book fair, you may want to use that opportunity to purchase a book for the Gift of Reading!)

The Marquette-Alger Reading Council (MARC) wishes you a Happy Holiday and thanks you for your continued support in literacy!

Please note that the date for Cookie Wednesday has **changed** to Wednesday, November 18th!

Students' Artwork Featured

3rd Grade Weather Buddies will be on the air beginning on December 14th between 6:15 & 6:20am on TV6 News.

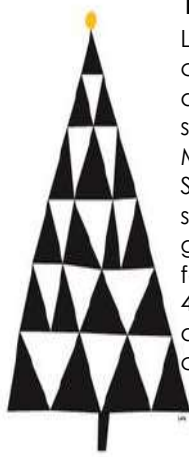

Mrs. Ross will send out a letter with each student one week before that student's art will be shown on the air!

The Giving Tree

Lakeview Elementary is proud to carry on the Giving Tree tradition, a program offering assistance to students in need this holiday season. Mrs. Brunette, our Guidance Counselor, and Mrs. Sandstrom, our Assistant Principal, are in the initial stages of planning and need your help! If you are going through a financial hardship (illness, job loss, family changes, etc.) please contact us at 475-7803 x106. More information for sponsorship or donations will be available at parent-teacher conferences on November 19th & 24th.
