

Company Bingo!

Advertising works!

- ▶ If you don't believe that statement, you will after we play Bingo!

The game is easy!

- ▶ I'll show you a company symbol
- ▶ If you have that company's name on your Bingo! sheet, cross it off
- ▶ If you cross off an entire row, OR an entire column, OR a corner-to-corner diagonal, you win!

The Business Education square in the middle is “free”, just like in regular Bingo!

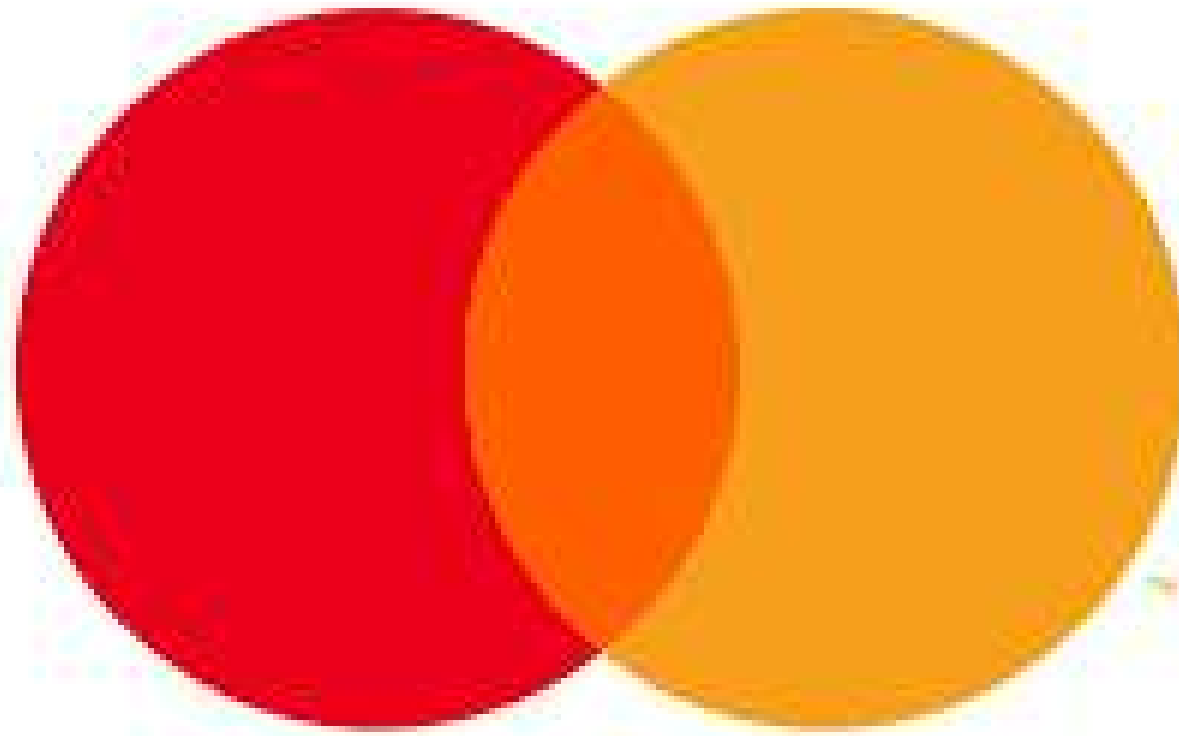

- ▶ So you can go ahead and cross it off
