Part I – Competitive Events Preference List

Directions: Please list (in order of preference) the competitive events that you would like to compete in. If you list a team event on this sheet, please list the members of the team that you wish to compete with. If you list an individual event then you do not need to list team members. Due to the large number of members that request some events and the limited number of participating members that our chapter can enter in each event, members may not get their first choice of event.
