

You are a consumer who has purchased an item in a store. Something bad has happened with this product and now you are going to write a letter of complaint. You have four categories that must be discussed in the letter:

Product  
Problem  
What happened  
Action requested

You will each draw something from each category and create your letter based on what you drew. You may not change what you drew and you may not trade with anyone.

Here are your requirements:

Your letter must be in block format  
Your letter must have today's date  
Your letter must have an address for both the sender and the receiver  
Your letter must be no less than one page in length  
Your letter must have no less than 3 paragraphs with 5 sentences each.

Create your letter in Google Docs and save it as Complaint Letter. When you are done, upload it to Google Classroom and turn it in.

This is due at the end of the hour.

- baby rattle, computer, telephone answering machine, cell phone, television, gaming system, diapers, chair
- smells badly, broke into 12 pieces, makes constant noise, whistles, sags, only has one leg, won't turn off, has a high pitched squeel
- cut my finger, broke up with my boyfriend/girlfriend, popped my "Happy Birthday" balloon, broke my toe, made my hair fall out, made my brother/sister disappear, upset my stomach, made my eyes cross
- refund my money, show me how to use it, replace the product, give me an upgrade
