

Computer Science

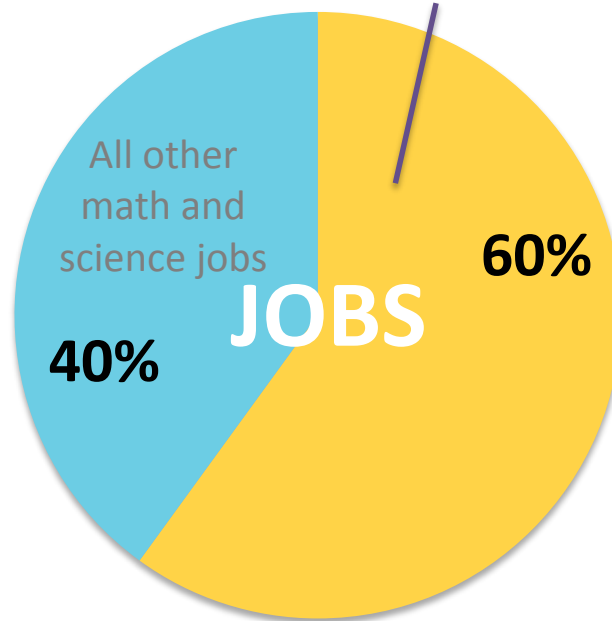

*America's Untapped
Opportunity*

The Job/Student Gap

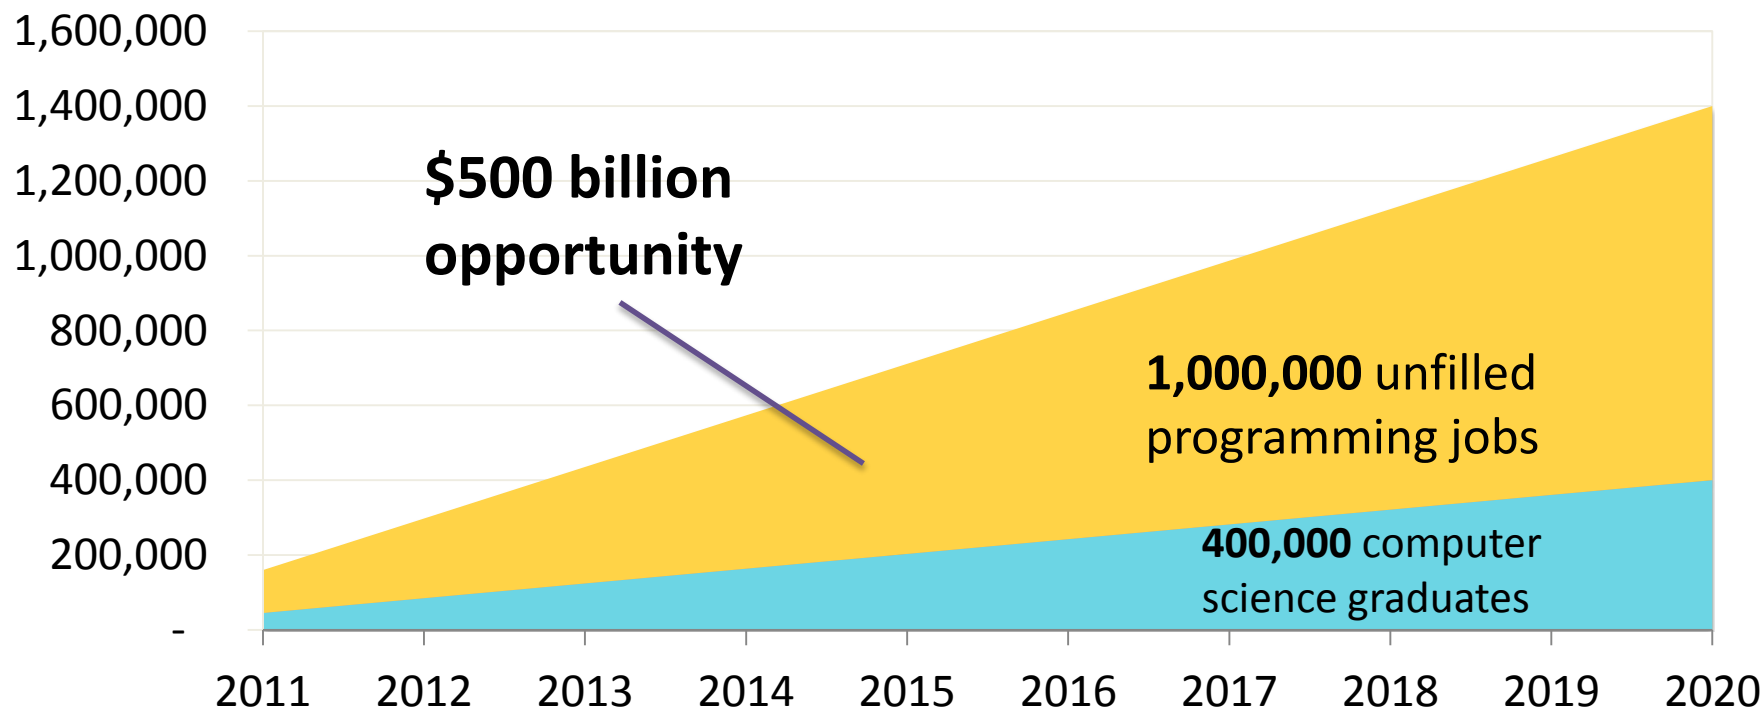

Computer Science Students

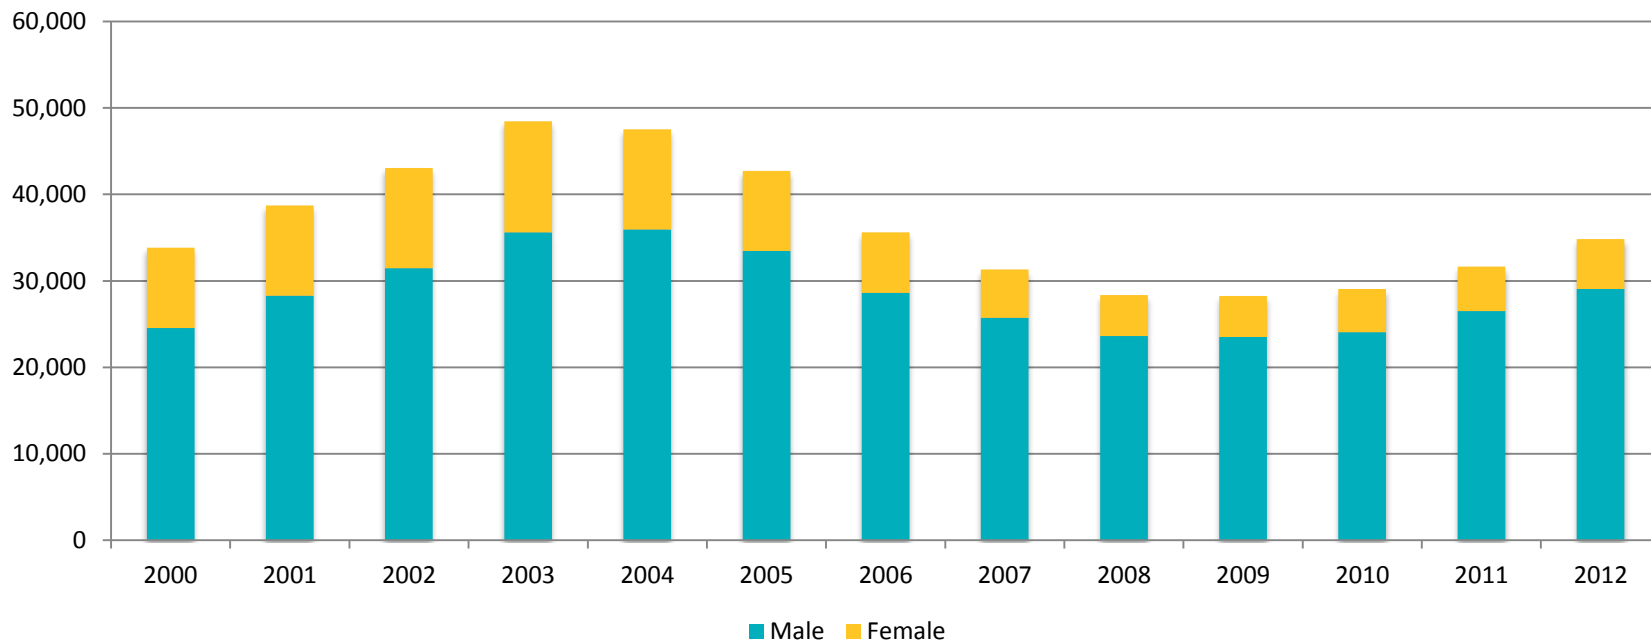

Computing Jobs

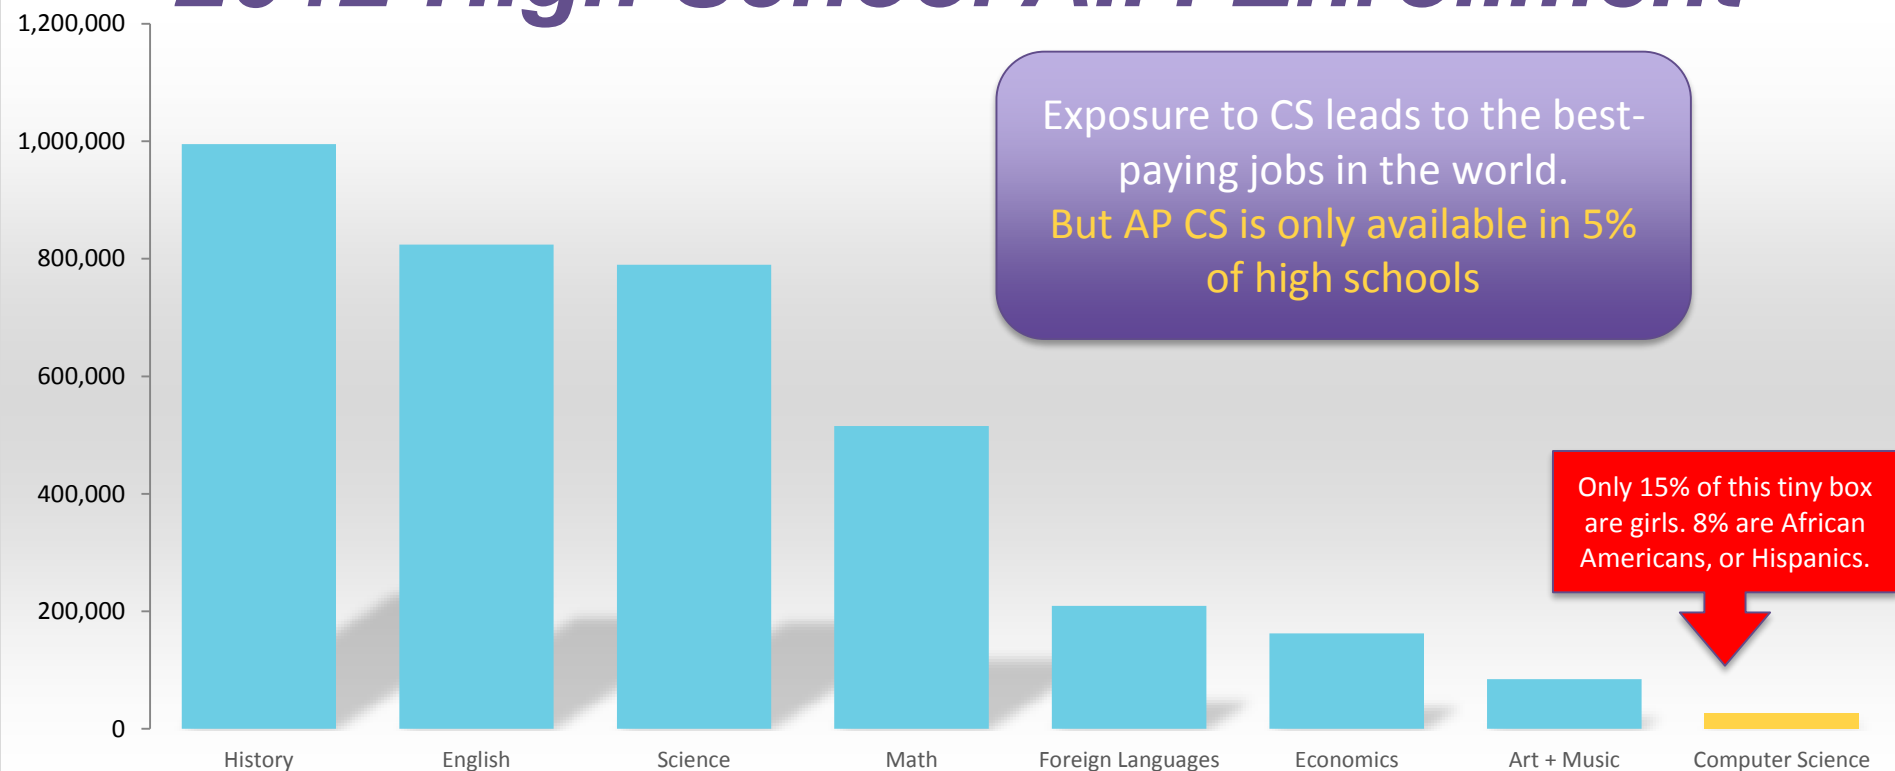

1,000,000 Unfilled Jobs by 2020

Fewer CS majors than 10 years ago (and a shrinking % are women)

2012 High School A.P. Enrollment

Technology affects every field

This isn't just about tech companies

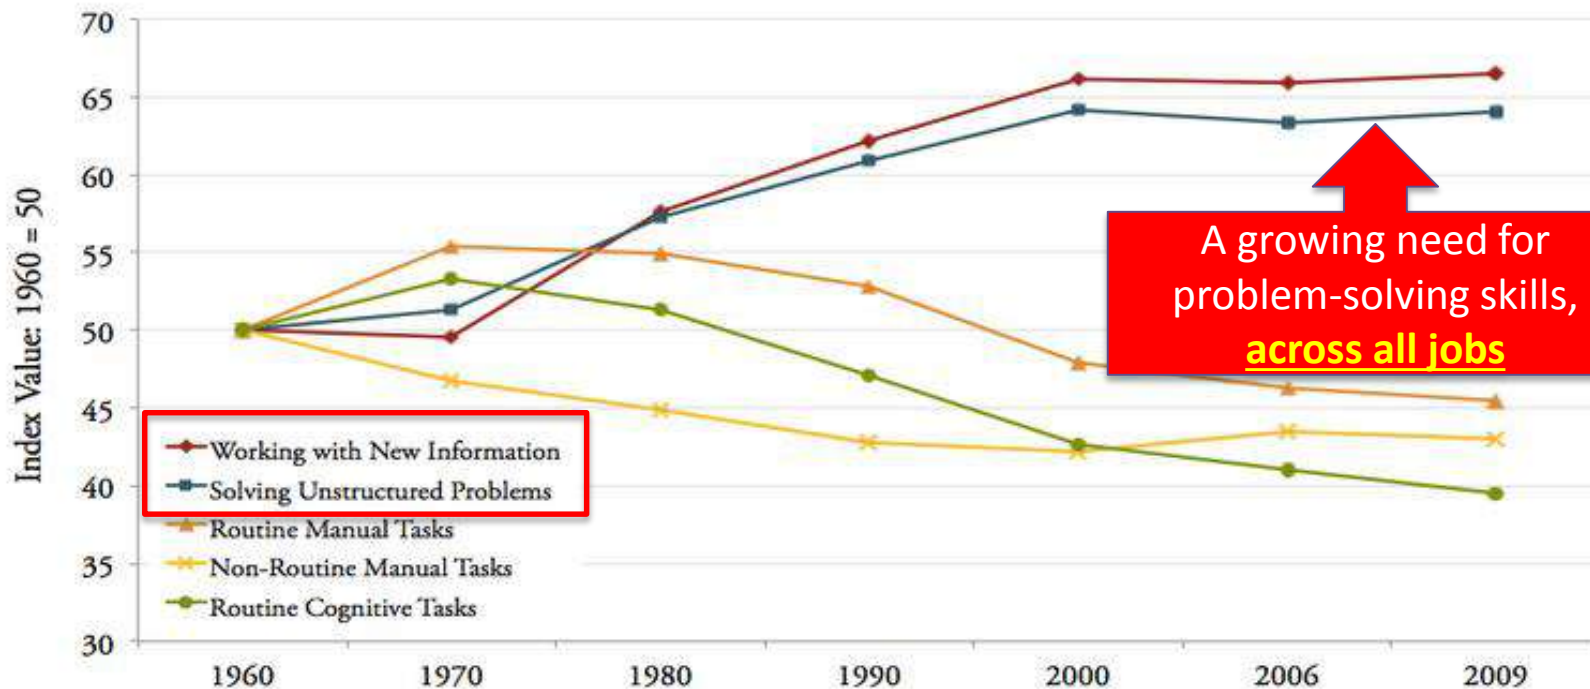

- 67% of software jobs are *outside* the tech industry – in banking, retail, government, entertainment, etc
- We need ALL our children prepared for the 21st century

“Knowledge of computer programming is as important as knowledge of anatomy when it comes to medical research or clinical care”

Larry Corey,
Fred Hutchinson
Cancer Research Center
