

The Concrete Saturday Market Scholarship

Your community market is offering a \$400.00 scholarship this year brought to you by market and community members.

This scholarship is for a graduating Concrete School District student (including Concrete High School, Alternative School or Home School) with future plans including further education in agriculture, art or business. This education can be in any 2 or 4 year post high school academic program.

If you feel you meet our criteria please submit your letter of application in a timely manner post marked no later than April 30th. Your letter should include your future plans in a 2 or 4 year post high school academic program. Also included should be why the student feels they qualify for our scholarship (ie what are their plans in agriculture, art or business as outlined above). An additional list of community volunteerism will also be taken into consideration. Transcripts may be added but are not necessary. **Late applications will not be accepted.** Send your application to: Market Scholarship Committee, P.O. Box 555, Concrete, WA 98237. While all applications will be considered, the students that best meet our criteria will have the greatest chance for winning our scholarship. If no students apply, the scholarship will be held until the following year. If no applicants meet the criteria the scholarship may be awarded to the student who best matched the described criteria.

Good luck.

Due Date: April 30th
