

COOKING WITH THE GREATS

This assignment asks you to think out of the box, get inspired by great filmmakers and is designed to get your creative juices flowing! You'll need to find your creative fuel as we head towards the winter art showcase(Dec. 12th) and this is a great opportunity to show off your filmmaking skills!

You are being asked to create a cooking(at even the most basic level) tutorial in the style of your favourite director. This is a drinks, appies and Dessert gathering. It is happening right around the holiday season so perhaps it has a festive feel to it...

Structure

- 1-2 minutes long(Max 2 mins)
- You can use special effects if you like
- Must emulate the style of the director you have been given
- Must shoot some BTS footage and assemble a short BTS Film as well as the final cut of the actual film

Directors:

Paul Thomas Anderson

Stanley Kubrick

Wes Anderson

Christopher Nolan

Alfred Hitchcock

Due Thursday, Dec. 5th.

*Make sure that you take the steps needed to plan properly for this.

Eg. Storyboard, Shotlist, Prop list, organise production roles(Director, Actor, Camera/Cinematography, Production Designer/Art Director, and Editor/Sound Designer

-All group members are required to research signature techniques of your director!*-you are not required to watch the full feature films from your director but you will need to watch enough scenes/trailers as well as reading/watching analysis that has been done on your given director. The more immersed you are in their approach, the more ideas you should be able to create amongst your group.
