Rules of Play

- Class is divided into teams.
- Each team is given a random assortment of equipment (e.g. ropes, mats, scooters, etc.)
- Each team has one player who must remain completely immobile throughout the activity.
- Each other team member has to take on some form of disability (e.g. blind, mute, can only use one arm, etc.)
- The team must work together to create a sort of transport device to move the immobile partner from one end of the gym to the other without dropping or injuring the immobile partner.

Variations and Progressions

- Add a time constraint to increase the difficulty of the task.

Game Info

Equipment

Blindfolds, mats, scooters, ropes.

Safety

Be sure that students are careful when moving the immobile partner.

Discussion

How did it feel to have a disability?

How did having teammates with disabilities affect you?

How did you communicate with each other?
