

# What Else Can You do With Your Photographs?

*photo applications*

# You've made some great {or not so so great) photos. Now what?

There a million ways to manipulate your images to change what they look like.  
Following are some examples-but feel free to try out some new ideas!

—  
I have loads of test prints  
sitting around.

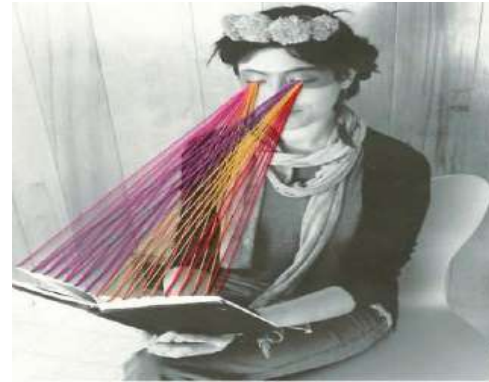

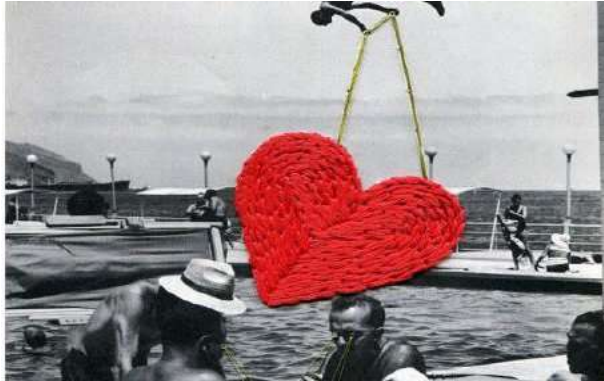

—  
I'd like to do something new and  
different with my photos!

*Problem*

## Many Solutions

Create at least 4 different products using your own images.  
Challenge yourself.

*Sewn Images*

# STEPS

- U** Upload your image to print
- S** Select thread colors and thread type/thickness
- P** Plan how/what you will sew
- C** Create your final sewn image (poke holes 1st may make it easier)
