

1. Create a Value Scale using 8 values from dark gray (8) to white (1) using a #2 pencil.
2. Cut Value scale off of the bottom and glue on a piece of cardboard
3. Use a hole punch in each value, \*see example.

Name: \_\_\_\_\_

Period: \_\_\_\_\_

4. Draw the 6 eyes for steps on how to draw an eye at the top of worksheet

5. Using the 6 steps on how to draw an eye, complete the rest of the eye by drawing and shading using a wide range of values.

## Value Study Eye Continuation
