Algebra 1	Formal Geometry	Formal Algebra II	Teacher advises
Principles of Natural and Physical Sciences	Biology	Teacher advises	Optional
West.Civ/& Cultural Geography	US History	US Government	Optional
PE/Health		Personal Finance	

(Courses listed are the most common core classes. English, Math, Science and Social Studies have varying challenge levels. Teachers and counselors advise students on the appropriate levels based on current progress and future goals.)

(1 credit of a **Fine Art**, 1 credit of a **Practical Art** any year)

(1/2 of additional PE credit after initial 9th grade PE)

(2 years of same World Language – required for many colleges/not for graduation)

(Electives based on career interests and college prep)

Please remember:

- Don't choose courses that require an application or audition. Counselors will make those adjustments after you have met with the advisor/teacher (ex: STUCO, Newspaper, CAPS, Early College, Tech School). Exceptions made if you have already been in that class or program previously.
- Please read the course descriptions carefully (**note prerequisites**).
- It is to your advantage to select Alternate options for elective choices- otherwise your Registrar/Counselor will select for you. **(Google Alternate Doc on website)**
- Registrar/Counselor may make adjustments after review of official transcript/grades.
