

**South Pointe High School  
2022-2023 Course Selection  
Rising 10<sup>th</sup>-12<sup>th</sup> Graders**

February 2022

# When choosing courses consider...

- ✓ Graduation/College Admissions Requirements
- ✓ Promotion Requirements
- ✓ Academic Performance
- ✓ Post-Secondary Plans
- ✓ Career Goals
- ✓ Personal Goals

# These are requests, NOT a schedule.

Please note that the courses you are selecting at this time are just requests. Actual student schedules will not be created until summer and are typically released to students in late July/early August.

Courses may not be able to be scheduled if overall requests are low, a teacher is not available to teach the class, or there is a conflict with other courses you have requested.

# GENERAL INFORMATION

- Rising 10<sup>th</sup> and 11<sup>th</sup> grade students should select 8 units of courses to include an English, math, science, and social studies class and electives.
- Rising 12<sup>th</sup> graders must select at least 6 units of courses. Please note that if late arrival (1<sup>st</sup> block) and/or early dismissal (4<sup>th</sup> block) do not work out in the schedule you will have to fill the slot with a class.
- All students must take an English and math class each year.
- **Students must have prior approval before taking any virtual, dual credit or dual enrollment courses. Only a select list of dual enrollment courses are approved by Rock Hill Schools to receive dual credit. Work with your counselor to discuss options and the process for doing so.**
- Counselors may assign classes for students who do not complete the course selection process.
- Student schedules are created for the entire school year in the summer prior. Students should be mindful of selected courses, because once schedules are set changes are very limited and based on a strict set of guidelines.
