Course Selections – Class of 2024 (rising 9ᵗʰ graders)

GRADUATION PATHWAYS

A new option for earning an Indiana Diploma involves completing coursework as a CTE Concentrator. For the Class of 2024, you could fulfill one of the CTE pathways by earning a C average in a specific sequence of courses.
**SEE SECOND PAGE FOR CTE CONCENTRATION AREAS. You could choose to start Year 1 of a track now.

GRADUATION REQUIREMENTS

Use the "Grad Reqs" tab (on the left side of your Skyward screen) to see what credits you will need in order to graduate. As of right now, you will not see any high school credits (unless you took Algebra as an 8ᵗʰ grader). Next year, your credits will begin to accumulate as you pass high school courses. You will use this screen in the future to keep track of what courses you still need to take.

Steps for requesting courses:
1. Log into Skyward
2. In the menu on the left side, click "Schedule."
3. In the upper right corner, click "Request Courses for 2020-2021."
4. Look through the options and mouse-over for descriptions. To request a course, click on it and use the "Add Course" button in the middle of the screen. The course will then move to the right-hand column.
5. Keep choosing until the upper right corner says "Total Credits 14.000"
6. At the top, click "Request Alternates" and choose 4 credits of course alternates in case your requests are full.
7. Everything is saved in real time; there is no save button.

Required courses already requested on your behalf:
- English 9
- Algebra or Honors Geometry
- Biology
- World Studies or Honors World Studies
- PE I and PE II

Choose 2 electives:

Course Name (mouse-over the course on Skyward for a full description)	Type of credit
